

ORANGE COUNTY EMERGENCY MANAGEMENT
PRESS RELEASE #6
SEPTEMBER 19, 2019

Orange County offices will remain closed tomorrow, Friday, September 20, 2019 and expect to re-open Monday, September 23rd for regular business.

Orange County Officials continue to monitor the situation with input from national and state organizations and will provide updates through the local news media outlets as new developments occur.

Road conditions continue to be hazardous and residents are still encouraged to SHELTER IN PLACE and avoid driving on the roadways due to water over the roads in some areas of the county. If you must travel, drive slowly, do not drive around barricades, avoid underpasses, and be aware of hydroplaning.

Citizens can also check for road conditions and closures at DriveTexas.org.
