000. GENERAL INFORMATION

GENERAL INFORMATION

I. PURPOSE

The Orange County Commissioners Court considers the county's employees to be one of the county's most valuable resources. This manual has been written to serve as a guide for the employer/employee relationship and has been adopted by the Orange County Commissioners Court for that purpose.

II. SCOPE

This preface applies to all policies contained within the Orange County, Texas Personnel Policy Manual, and applies to all employees of Orange County.

III. POLICY AND PROCEDURE

There are several things that are important to keep in mind about this manual:

A. General Policy Information and Guidelines.

This policy manual is an overview and summary of the policies and procedures of Orange County, Texas, which are presently in effect. As such, the manual contains only general information and guidelines, and is not intended to be comprehensive or to address all the possible applications of, or exceptions to, the general policies and procedures described. For that reason, if an employee has a specific question concerning eligibility for a particular benefit, or the applicability of a policy or practice to the employee, the employee should address the question to the county's Human Resources Department or to the employee's supervisor, department head, or elected official.

Throughout this manual, Orange County may be referred to as "the county." Department heads and elected officials may be referred to collectively as "department heads/elected officials."

B. All Previous Manuals Superseded.

This policy manual supersedes all previous manuals, Commissioners Court minutes, letters, memoranda and understandings of Orange County, Texas regarding the personnel policies contained herein.

C. Subject to Modification by Commissioners Court.

The County, through the Commissioners Court, is committed to reviewing its policies and benefits on a regular basis, and making changes to comply with law and/or efficient administrative practice. Thus, the procedures, practices, policies, and benefits described herein are subject to interpretation, review, and change, and may be modified or discontinued at any time in the court's sole discretion. In addition, the county retains the right to interpret and administer any of the policies contained in this manual in light of changing circumstances and events.

Information shall be disseminated through various written notices from the Human Resources Department, as well as verbally from department head/elected officials. The county will make every effort to inform all employees of any changes or revisions as they may occur. However, advance notice of such changes may not always be possible.

D. Subject to Modification by Elected Officials.

By law, elected officials of the county have broad discretion over the administration of their respective offices. Elected officials also have certain duties and responsibilities imposed on them by law. As such, an elected official may modify, delete, or add to the policies contained in this manual. Any such modifications must comply with all applicable laws.

Elected officials should make every effort to communicate any modification of these policies to the employees in their offices. An employee of an elected official should consult either the official or the appropriate employee in the elected official's office who has been delegated the authority by the official to address questions regarding personnel policies, regarding any questions concerning the applicability of a particular policy to that employee.

E. Consulting Other Official Documents.

This manual does not contain all of the information an employee will need during the course of employment. Some of the subjects described herein, such as the Group Insurance Plans, are covered in detail in other official documents maintained by the Human Resources Department. Employees should refer to those documents for specific information concerning those benefits, since this handbook only briefly summarizes those benefits. Please note that the terms of the written insurance policy are controlling.

An elected official may implement written personnel policies or manuals that govern his or her office. Any such policies or manuals should be consulted in determining the applicability or relevance of a certain policy to a particular employee. In addition, the Orange County Sheriff's Office is currently governed by a Labor Agreement between Orange County and the Orange County Sheriff's Employee Union, which is applicable to the employees specified in the agreement, and which may modify certain of the policies described herein.

F. Maintenance and Dissemination of Personnel Policies.

1. Maintenance of Records.

- a. The Human Resources Department shall maintain the official set of personnel policies, with all revisions, for reference by employees, and shall make all official changes to this manual, at the direction of the Commissioner Court. If a discrepancy arises about the accuracy or the current effectiveness of a particular policy, the official set of policies maintained by the Human Resources Department should be consulted and shall control.
- b. Revisions to the policies contained in this manual, as well as policies added to the manual after the date of initial adoption shall be clearly labeled with the policy number and date of the revision or addition, and shall be in the same format as the policies contained in this manual.

2. Dissemination of Policies.

a. Upon Employment.

- I. The Human Resources Department shall direct new employees to a digital copy of this manual and any additional related personnel policies or materials to new employees on their first day of employment. Employees are required to read this manual carefully and to adhere to the rules and regulations stated herein, as modified by the relevant department head/elected official.

- II. Within two (2) weeks of employment, every new employee is required to sign an acknowledgment of having received the manual and having read the manual and understood the policies contained herein. Such acknowledgment, which is made a part of this manual as Appendix B, shall be maintained in the employee's permanent personnel file by the Human Resources Department.

b. Subsequent Changes.

- I. The Human Resources Department shall make complete digital copies of this manual available to each department head/elected official, within two (2) weeks of the effective date of this manual, in a sufficient number for the department head/elected official to distribute one copy to each and every employee within his or her department. The department head/elected official shall then be responsible for disseminating the manuals to each and every employee within their respective departments, obtaining signed acknowledgments for each and every employee of receipt and review of the manual, and submitting such acknowledgments back to the Human Resources Department within two (2) weeks of receipt of the manual by the department head/elected official. All such acknowledgments shall be maintained in the respective employees' permanent personnel files.
- II. The Human Resources Department shall also provide a copy of all subsequent revisions to the manual to each department head and elected official, who shall then be responsible for disseminating such policy changes to the employees within their respective departments.

EMPLOYMENT-AT-WILL

I. PURPOSE

To explain the legal doctrine of employment-at-will by which Orange County operates, and to set forth the requirements for any modification of that policy.

II. SCOPE

This policy applies to all employees of Orange County.

III. POLICY

Orange County operates under the doctrine of employment-at-will, and thereby reserves the right to terminate any employee at any time "at-will," with or without cause, and with or without notice of intent to terminate. In addition, all employees are free to terminate their employment with the county at their will at any time, although it is recommended and requested that an employee provide his or her department head/elected official with at least two (2) weeks written notice of intent to terminate employment. See Policy No. 810: Employee Resignation and Termination.

NEITHER THIS HANDBOOK NOR ANY OTHER COUNTY DOCUMENT CONFERS ANY CONTRACTUAL RIGHT TO ANY COUNTY EMPLOYEE, EITHER EXPRESS OR IMPLIED, TO REMAIN IN THE COUNTY'S EMPLOYMENT. WHILE THE COUNTY SHALL ATTEMPT TO ENSURE THAT EMPLOYEE DISMISSALS ARE NOT MADE IN AN ARBITRARY AND CAPRICIOUS MANNER, THE POLICIES CONTAINED IN THIS MANUAL DO NOT, IN ANY WAY, CONSTITUTE OR IMPLY A CONTRACT, AGREEMENT, PROMISE, OR GUARANTEE OF EMPLOYMENT OR OF CONTINUED EMPLOYMENT, IN ADDITION, NOTHING CONTAINED IN THIS MANUAL OR ANY OTHER DOCUMENT PROVIDED TO AN EMPLOYEE IS INTENDED TO BE, NOR SHOULD IT BE, CONSTRUED AS A GUARANTEE THAT ANY EMPLOYMENT CONDITION OR BENEFIT SHALL BE CONTINUED FOR ANY PERIOD OF TIME. NO COMMUNICATION OR PRACTICE LIMITS THE RIGHT OF THE COUNTY TO TERMINATE OR MODIFY THE EMPLOYMENT RELATIONSHIP AT ANY TIME WITH OR WITHOUT CAUSE.

IV. PROCEDURE

A. No Authority to Bind County Without Express Authorization.

No department head, elected official, or other supervisory employee of Orange County has any authority whatsoever to make any contrary representations to any employee, nor do such employees or officials have any ability to bind the county contractually. Only the Commissioners Court, acting as the governing body of Orange County, or a department head/elected official, including the County Judge, acting with the approval of Commissioners Court, may enter into an agreement with a current or prospective employee for employment for any specific period of time, or to provide that an employee may only be discharged for cause.

B. Contents of an Employment Contract.

Any employment contract or agreement must be in writing, must identify the employee by name, and must be signed both by the employee and by the Commissioners Court as a whole, or by the County Judge, acting with the approval of the Commissioners Court, or by the department head/elected official, acting with the approval of the Commissioners Court. To alter the employment-at-will relationship, any such writing must expressly state "the employment-at-will relationship is altered," and must state "the employee may only be discharged for cause." Further, the writing must contain a definition of termination for cause which must include violation of any of the policies of the county. To expressly create a term of employment, the writing must state "the term of employment for this employee is (term specified)."

100. COUNTY EMPLOYMENT PRACTICES

DEFINITIONS OF EMPLOYMENT STATUS

I. PURPOSE

To help provide uniformity and equity in applying personnel policies and benefits.

II. SCOPE

This policy applies to all county employees, as specified in the policy.

III. POLICY

The county maintains standard definitions of employment status and classifies employees for purposes of personnel administration and related payroll transactions. An employee with a question concerning his or her employment status should consult his or her department head/elected official or the Human Resources Department. All employees are considered to be “at will” employees and employee status shall not be considered a contract of employment. Employees are currently classified according to the following definitions:

- A. Exempt. Employees whose positions meet specific tests established by the Federal Fair Labor Standards Act (FLSA) and state law, and who are exempt from overtime pay requirements. See also Policy No. 111: Exempt/Non-Exempt Employee Status.
- B. Non-Exempt. Employees whose positions do not meet FLSA exemption tests and who are paid at a multiple of their regular rate of pay for overtime, as required by federal and state law. See also Policy No. 111: Exempt/Non-Exempt Employee Status.
- C. Full-Time. Employees in a position which has normal work schedule of at least 40 hours per week on a non-seasonal basis, and who maintain continuous employment status. Such employees are eligible for all county benefits.
- D. Part-Time. Employees in a position which has a normal work schedule of 29 hours or less per week. Such employees are not eligible for county benefits. Part-time employees working 30 hours or more a week may be eligible for certain Orange County benefits. All regular part-time employees must be placed on Texas County and District Retirement System (TCDRS) retirement regardless of the number of hours worked per week. Effective: 07/01/2013
- E. Seasonal. Employees scheduled to work only during specific seasonal times during the calendar year. Such employees are ineligible for county benefits and holiday pay.

- F. Part-Time (Temporary). Employees who are hired for a pre-established period, usually during peak workloads or for vacation relief, although any such period may be shortened or extended at any time during the pre-established employment period, at the discretion of the department head/elected official, and with any necessary budgetary approval of the Commissioners Court. Such employees may work a full-time or part time schedule for a pre-established period. They are ineligible for county benefits and holiday pay. If subsequently hired as a regular full-time or part-time employee, the length of service of any such employee shall be determined by the most recent hire date, i.e., the date the employee becomes employed as a regular full-time or part-time employee.
- G. Orientation Period. New employees with 90 days of service or less. See also Policy No. 160: Orientation Period. Such employees are not eligible for health insurance benefits for 60 days or the receipt of sick leave benefits, although such benefits accrue during the 90 day period. See also Policy No. 313: Sick Leave. All new and rehired employees are subject to an orientation period, excluding those employees who are rehired within thirty (30) consecutive days of their termination date, as described in Policy No. 170: Rehire and Reinstatement of Benefits and Seniority.

EXEMPT/NON-EXEMPT EMPLOYEE STATUS

I. PURPOSE

To define exempt and non-exempt employee status and to provide guidelines for determining this status according to law.

II. SCOPE

This policy applies to all county employees, as specified herein.

III. POLICY

The county does not define or designate exempt and non-exempt employee status classifications. Rather, federal law, the Fair Labor Standards Act (FLSA), mandates classification of all positions in the county as either exempt or non-exempt for overtime pay administration purposes. See also Policy No. 250: Overtime Pay: Non-exempt Employees, for the county's overtime pay requirements.

IV. DEFINITIONS

Definitions of exempt and non-exempt status are based on provisions of the FLSA and state law. These definitions are summarized as follows:

- A. Exempt. Management, supervisory, professional, administrative and outside sales employees whose positions meet specific tests established by the FLSA and state law and who are exempt from overtime pay requirements. Exempt employees generally spend over 60% of their work time on duties which require the exercise of independent judgment and discretion.
- B. Non-exempt. Employees whose positions do not meet FLSA exemption tests and who are paid one-and one-half times their regular rate of pay for hours worked in excess of 40 in one week.

V. PROCEDURE

- A. In cases where the exempt/non-exempt status of an employee is in dispute, the Human Resources Department, in consultation with the County Attorney's Office, the employee, and the relevant department head/elected official, shall review position duties and responsibilities against FLSA exemption tests, and reach a provisional decision.

1. In the provisional determination of the employee's status, the Human Resources Department shall complete a survey of the employee's duties and responsibilities with the employee's assistance, which shall be maintained in the employee's personnel file.
- B. The federal Fair Labor Standards Board may be consulted in making the provisional determination of an employee's status.
- C. The issue of the employee's status shall be presented to the Commissioners Court by the Human Resources Department and/or the County Attorney's Office for formal action. The Commissioner's Court shall review the provisional decision regarding the employee's status, and make the final decision in all cases, in compliance with the FLSA and any findings of the Fair Labor Standards Board.

It is also the policy of the county that personnel decisions are to be made on the basis of occupational qualifications and job-related factors, such as skill, knowledge, education, experience, and ability to perform a specific job.

IV. PROCEDURE

- A. The Human Resources Department has overall responsibility for this policy and maintains reporting and monitoring procedures.
- B. Any employee who has reason to believe that he or she has been a victim of discrimination based on race, color, religion, age, sex, national origin, disability, or political affiliation is encouraged to follow the grievance procedures outlined in Policy No. 122-A, 123-A, and 560 of this manual, as appropriate, and may do so without fear of reprisal or retaliation.

The decision of the Commissioners Court shall be final.
5. The ADA AAA Coordinator shall report to the Commissioners Court or to the relevant employee's department head/elected official, any recommendations regarding disciplinary action to be taken against any individual as a result of a complaint/grievance.
6. These grievance procedures shall be implemented so as to protect the substantive due process rights of interested persons, and to ensure that Orange County complies with the ADA AAA and related federal regulations, and the TCHRA. The county will make all attempts to resolve any complaint of discrimination.
7. The ADA AAA Coordinator shall maintain the files and records of Orange County relating to complaints/grievances filed under this policy.

SEXUAL HARASSMENT AND OTHER TYPES OF HARASSMENT

I. PURPOSE

To establish the county's position on the subject of discriminatory harassment, and to set forth guidelines for handling violations of the policy. The following harassment policy was formulated to help protect all employees -- both male and female -- from verbal, physical, or visual harassment of sexual, racial, or ethnic nature, as well as all other forms of discriminatory harassment.

II. SCOPE

This policy applies to all Orange County employees and applicants for employment, as well as department heads and elected officials. A "county employee" for purposes of this policy and the laws governing prohibited harassment is anyone employed by Orange County, including elected officials, department heads, and supervisors.

III. POLICY

- A. Discrimination Prohibited. All employees of Orange County are expected and required to treat all people with whom they work with respect and courtesy. Harassment, including sexual harassment, is contrary to basic standards of conduct between individuals and is prohibited by Title VII of the Civil Rights Act of 1964, the Texas Commission on Human Rights Act (TCHRA), and this policy. In addition, all Orange County employees are prohibited from engaging in conduct in the workplace involving the use of racial or ethnic jokes or disparaging remarks. Sexual or other forms of harassment of an employee by any county employee will not be tolerated. Sexual harassment by or of a non-employee is also prohibited.
- B. Retaliation for Complaint Prohibited. Retaliation or discrimination against an employee by any other employee, department head, or elected official of the county for alleging discrimination or harassment or for filing a grievance or charge of discrimination with the Equal Employment Opportunity Commission (EEOC) or the Texas Commission on Human Rights (TCHR) is strictly prohibited.

IV. DEFINITIONS

- A. Harassment. Verbal, physical or visual conduct of a sexual, racial, ethnic, or other type which interferes with an employee's ability to perform his or her job. Such harassment includes jokes, slurs, or other disparaging remarks based on race, color, ethnicity, religion, age, sexual orientation, or disability.

- B, Harasser. A harasser or perpetrator may be the victim's employer, supervisor, co-worker, or employee.
- C. Sexual Harassment. Sexual harassment has been defined by the courts and the EEOC as unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature when (1) submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment. This definition encompasses many forms of offensive behavior, including conduct of sexual nature that creates an offensive, intimidating or hostile work environment, as well as coerced sexual conduct by a person in a position of authority in the workplace. An employee who is unsure as to whether any given conduct constitutes sexual harassment should refrain from engaging in such behavior. Examples of prohibited sexual harassment include, but are not limited to:
- Unwelcome sexual flirtations, advances, or propositions;
 - Offering employment, promotions, or other benefits in exchange for sexual favors;
 - Making or threatening reprisals for refusing sexual advances; demanding sexual favors, accompanied by implied or overt threats involving one's employment, compensation, promotion, or job assignment; denying employment, promotions, or other benefits for refusing sexual advances; exerting subtle pressure for sexual favors including implying or threatening that an applicant or employee's cooperation of a sexual nature (or refusal thereof) will have an effect on the person's employment, job assignment, wages, proposition, any other condition of employment or future job opportunities; repeatedly asking a co-worker out after being rebuffed;
 - Visual conduct such as leering; making sexual gestures; displaying sexually suggestive objects, pictures, posters, or calendars; cartoons or posters; suggestive or obscene letters, notes, or invitations; exposing genitalia;

- Verbal conduct such as derogatory comments; epithets; slurs; sexual innuendo; sexual jokes; whistling; catcalls; graphic verbal commentaries about an individual's body; sexually degrading words used to describe an individual; disparaging remarks related to an individual's gender; intrusive questions about an employee's personal or sex life; graphic descriptions of the harasser's own sexual experiences; the unwelcome use of familiarities or diminutives such as "honey," "sweetheart," or "baby";
 - Physical conduct such as unwanted, unnecessary, suggestive or offensive touching, including rubbing, patting, pinching, kissing, tugging at another's clothing, and constant and/or intentional brushing against another's body; physical or sexual assault; impeding or blocking movement; defacing the personal property of an employee for purposes of sexual "joke".
- D. Retaliation. Discrimination against an employee or any applicant for employment because such employee or applicant has opposed an unlawful employment practice, including refusing to submit to sexual advances or protesting sexual overtures, or because such employee or applicant has made a complaint or charge of discrimination or harassment to the EEOC or the TCHR or pursuant to Policy No. 123-A, or has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing regarding an unlawful employment practice.

V. PROCEDURE

- A. Reporting Without Reprisal. Employees who feel they have been discriminated against on the basis of sex, or sexually or in any other manner harassed, should immediately report such incidents, following the grievance/complaint procedures established for that purpose, without fear or reprisal. See Policy 123-A: Grievance and Complaint Procedures.
- B. Confidentiality. Confidentiality of reports regarding harassment shall be maintained to the extent permitted by the circumstances and by the Texas Public Information Act and any other applicable law. See also Policy No. 123-A: Grievance and Complaint Procedures; Policy No. 180: Administration of Personnel Records; Policy No. 420: Security and Confidentiality.

- C. Disciplinary Action. Any employee, who engages in any of the acts or behavior defined in this policy, as well as any other harassing or discriminatory behavior, violates county policy, and such misconduct will subject an employee to disciplinary action up to and including immediate discharge.

- D. Non-Employee Compliance. All department heads, elected officials, and other appropriate employees should establish appropriate procedures to make non-employees (vendors, contractors, trades people, etc.) who conduct business with the county on county premises aware of the intent of this policy.

SEXUAL HARASSMENT GRIEVANCE AND COMPLAINT PROCEDURES

I. PURPOSE

To promote a workplace environment that is free of sexual harassment, sexual exploitation, and intimidation by allowing for specialized procedures to complain about such behavior.

II. SCOPE

These procedures apply to all county employees. Such procedures may be modified as to some employees by a collective bargaining agreement or other applicable document. Employees wishing to report or complain of unlawful harassment other than sexual harassment should utilize the grievance and complaint procedures at Policy No. 122-A or Policy No. 560, as appropriate.

III. POLICY

- A. Reporting Encouraged Without Retaliation. Any employee who believes that he or she has been subjected to harassment, retaliation, or any other discriminatory practices is strongly encouraged to file a grievance, utilizing the procedures stated herein, without fear of reprisals or retaliation. An employee may report the sexual harassment of him or herself, of any other employee, or of anyone else with a business relationship to the county. An employee should not assume that his or her department head/elected official is aware of such behavior, but should make the department head/elected official promptly aware of such behavior, so that prompt remedial action to correct any such situation may be taken.
- B. Investigation and Cooperation. A confidential investigation shall be conducted of all complaints of harassment. All employees are required to cooperate with such an investigation.

IV. PROCEDURE

- A. Reporting Procedure.
 - 1. An employee may initially report any such conduct verbally, or may report the conduct in writing, by utilizing the Sexual Harassment Grievance/Complaint Form made a part of this manual as Appendix G. Due to the serious nature of such a complaint, the employee shall be required to reduce the complaint to writing prior to or during the investigation.

2. Departments under Control of Commissioners Court.

- a. Department Head Not Alleged Harasser. Where an employee has a complaint regarding sexual harassment regarding an employee or official other than his or her department head, the employee should report the matter directly to his or her department head, bypassing any other chain of command, or to the Human Resources Department, so that appropriate action may be taken.
 - I. If the complaint is made to the department head, he or she shall refer the complaint to the Human Resources Department for completion of an investigation of the complaint by that department with the assistance and cooperation of the department head.
 - II. If the complaint is made directly to the Human Resources Department, that department shall inform the relevant department head of the complaint, so that the department head may assist in the investigation of the complaint by the Human Resources Department.
- b. Department Head Alleged Harasser. When a complaint of sexual harassment is against a department head, the employee should file the complaint directly with the Human Resources Department, so that the matter can be investigated and resolved in accordance with the procedures described herein.
- c. Resolution. The Human Resources Department shall promptly report the results of its investigation to the department head, if he or she is not the alleged harasser, or to the Commissioners Court, if the department head is the alleged harasser. If deemed necessary by the Human Resources Department, in consultation with the County Attorney's Office, or where necessary by law prior to the imposition of disciplinary action, the complaint may be presented to Commissioners Court for further investigation and remedial action.
- d. Appeal to Commissioners Court. If no satisfactory resolution is reached within fifteen (15) days of reporting the conduct to the department head or the Human Resources Department, the employee making the complaint should report the matter directly to the County Judge for Commissioners Court consideration.

- I. The Commissioner Court shall promptly investigate the complaint, utilizing any employees or resources deemed necessary, and take any necessary and appropriate remedial action as promptly as possible, but no later than thirty (30) days after the date the report is made to the county judge.
 - II. In the Commissioners Court's discretion, the court may consider any such complaint in a closed court session, pursuant to the Texas Open Meetings Act, Section 551.001, et seq., Texas Government Code. Any such meeting shall be opened to the public upon request of the employee who is the subject of the complaint, i.e., the alleged harasser.
 - III. All necessary parties, including the complainant, the alleged harasser, the Human Resources Department, and the department head should be notified of the hearing and given an opportunity to participate. The parties may be represented during the hearing, and may present evidence, including witnesses, as deemed necessary and appropriate by the court.
 - IV. The Commissioners Court shall conduct the hearing in such a manner as to prevent intimidation of any of the parties or witnesses, i.e. by hearing each party outside the presence of the other party, etc.
3. Department Under Control of an Elected Official or a Department Head Who Is Not Under Commissioners Court Control.
- a. Department Head/Elected Official Not Alleged Harasser. The employee should report the matter directly to his or her department head/elected official, so that prompt appropriate action may be taken. An individual department head/elected official may require an employee to follow a prescribed chain of command in reporting such behavior. However, the chain of command should be bypassed and the report made directly to the department head/elected official if any employee in the chain is the individual accused of engaging in sexual harassment, or if the employee feels uncomfortable reporting the conduct to anyone in the chain of command. In addition, if no action is taken within a reasonable time after reporting the behavior through the chain of command, a complaint should be made directly to the department head/elected official.

- b. Department Head/Elected Official Alleged Harasser. If the department head/elected official is the individual accused of engaging in sexual harassment, the complaint shall be made to the County Attorney and the County Judge, who shall take any prompt remedial action as necessary and available.
- c. If the County Judge is the individual accused of engaging in sexual harassment, the complaint should be made to the County Attorney and at least one County Commissioner, who shall take prompt remedial action as necessary and available.

B. Additional Investigation and Resolution Procedures.

- 1. An employee other than the person allegedly being subjected to sexual harassment may report the harassment to the parties specified within this policy, by utilizing the Sexual Harassment Grievance/Complaint Form. However, the alleged victim of the harassment shall be notified of the complaint and requested to participate in the investigation of the complaint. Refusal by the alleged victim to participate in the investigation or denial of the complaint by the alleged victim may result in no action being taken regarding the complaint.
- 2. **All written complaints shall be investigated** in a professional manner, maintaining confidentiality to the greatest extent possible, to protect both the employee making the allegation and the employee accused of engaging in harassing behavior.
- 3. A department head, elected official, or supervisor who receives a sexual harassment complaint from any county employee shall take reasonable action to prevent or remedy any retaliation against the complainant.
- 4. No written complaint shall be made a part of the employee's regular personnel file, but shall be maintained by the Human Resources Department in a separate, confidential file. Such information may be subject to public disclosure upon request, however, under the Texas Public Information Act, Section 552.001, et seq., Government Code, unless it meets one of the statutory exceptions for public disclosure, i.e., that the requested information constitutes a clearly unwarranted invasion of personal privacy. All requests for such public information must be forwarded to the Human Resources Department, who should consult with the County Attorney's Office prior to disclosing any such information

5. Persons determined to have engaged in sexual harassment or to have submitted a knowingly false report of sexual harassment may be subject to disciplinary action, up to and including termination of employment, and may face administrative and/or legal action.

EMPLOYEE REPORTS OF ILLEGAL ACTS: NO DISCRIMINATION OR RETALIATION

I. PURPOSE

To communicate Orange County's policy regarding the reporting of illegal acts, and to express the county's intent to comply with the provisions of the Texas Whistleblower Act, Chapter 554, and Texas Government Code.

II. SCOPE

This policy applies to all employees, department heads, and elected officials of Orange County.

III. POLICY

It is the policy of Orange County to comply in all respects with the provisions of the Texas Whistleblower Act, as described above, which prohibits a public employer from suspending, terminating, or otherwise discriminating against an employee who in good faith reports a violation of law to an appropriate law enforcement authority.

IV. PROCEDURE

- A. Reporting in Good Faith Protected. If an employee determines or, in good faith believes, that another employee, supervisor, or department head/elected official has committed or is committing an act which violates the laws of the State of Texas or of the United States of America, such employee should, in addition to reporting the act to appropriate law enforcement agency, report such act to the supervisor or department head/elected official of either the reporting employee or of the employee reportedly committing the illegal act, or to the Human Resources Department, the County Judge, or any Commissioner, without fear of any adverse disciplinary action. The county shall take every such report seriously and investigate the reported activity, as described below. **To be afforded the protection of the Whistleblower Act and this policy, such reports must be made in good faith.** Knowingly false reports or reports made in bad faith may subject the reporter to disciplinary action, up to and including termination of employment.

B. Investigation by Human Resources Department.

1. If a report of an alleged illegal act is made to a supervisor, department head/elected official, the County Judge or a Commissioner, that employee or official should notify the Human Resources Department as soon as possible.
2. Upon receipt of a report of illegal activity made by an employee, the Human Resources Department shall conduct an investigation of the allegations of illegal activity, in consultation with the County Attorney's Office, and any other individuals or entities necessary. The investigation may include interviewing the employee or official who allegedly committed or is committing the illegal activity.
3. Upon completion of the investigation, the Human Resources Department shall report back to the department head/elected official of the employee allegedly committing the illegal act, or to Commissioners Court, if the individual allegedly engaged in illegal activity is a department head controlled by the court, regarding the outcome of the investigation. The department head/elected official or Commissioners Court, as appropriate, shall take appropriate action to remedy the illegal activity, including appropriate disciplinary action against the employee found to be engaging in illegal or improper activity, up to and including termination of employment. If the individual alleged to have committed or to be committing the illegal act is an elected official, the Human Resources Department shall notify the County Attorney's Office, who shall take any remedial action necessary and available.
4. If the reported activity violates or may violate any criminal law of the State of Texas or the United States, the Human Resources Department shall make a report to the appropriate law enforcement agency as quickly as possible.

C. Grievances. Any employee who feels that he or she has been retaliated against or otherwise discriminated against in violation of this policy and/or the Whistleblower Act, as well as any employee who feels that he or she has been wrongly disciplined as the result of a false report of illegal activity, is encouraged to file an employee grievance, following the procedures outlined in Policy No. 540: Grievance and Complaint Procedures.

**EMPLOYEE CLAIMS FOR WORKERS' COMPENSATION BENEFITS: NO
DISCRIMINATION OR RETALIATION**

I. PURPOSE

To communicate Orange County's policy regarding the protection to be afforded workers' compensation claimants, and to express the county's intent to comply with the provisions of the Texas Workers Compensation Act, Chapter 451, Texas Labor Code, including those provisions prohibiting retaliation for filing a workers' compensation claim.

II. SCOPE

This policy applies to all employees of Orange County and applicants for employment as well as all department heads and elected officials.

III. POLICY

- A. Compliance with Applicable Law. Orange County provides workers' compensation insurance for its employees, in compliance with law. See also Policy No. 360: Workers' Compensation. It is the policy of Orange County to comply in all respects with the provisions of the Texas Workers' Compensation Act, which provides that a person may not discharge or in any other manner discriminate against an employee because the employee has (1) filed workers' compensation claim in good faith; (2) hired a lawyer to represent the employee in a claim; (3) instituted or caused to be instituted in good faith a workers' compensation proceeding; or, (4) testified or is about to testify in such a proceeding.
- B. No Discrimination or Retaliation.
1. Employees. An employee who files a claim in good faith in accordance with county procedures (see Policy No. 360), or engages in any of the other conduct described above, shall not be subjected to retaliation, discrimination, or any other adverse employment action on that basis.
 2. An applicant for employment shall not be asked about any history of filing workers' compensation claims, and shall not be subjected to retaliation, discrimination, or any other adverse employment action based on any prior claim.

IV. PROCEDURE

- A. An employee who feels that he or she has been the subject of discrimination in violation of this policy and/or the Texas Workers' Compensation Act, should report such conduct to his or her department head/elected official or to the Human Resources Department, who shall take any and all appropriate corrective action to remedy the situation. Such an employee is also encouraged to utilize the county grievance procedures outlined in Policy No. 560.
- B. An applicant for employment should report any retaliatory or discriminatory conduct to the Human Resources Department or the County Judge for remedial action.
- C. The Human Resources Department shall report any complaints made to that department to the relevant department head/elected official, to the County Judge, or to the County Attorney's Office for remedial action.

RECRUITING AND SELECTION

I. PURPOSE

To establish the authority and responsibility of county personnel in recruiting and selecting employees and to maximize county efforts and resources in selecting the best employees available.

II. SCOPE

This policy applies to recruiting and selection of employees and applicants for non-elected positions.

III. POLICY

- A. Internal Promotion. When a personnel vacancy occurs, department heads and elected officials are encouraged to attempt to promote from within their respective departments if a qualified individual is available. If the vacancy can be filled in this manner, no notice of the vacancy is required. See also Policy No. 620: Promotions, Demotions, & Lateral Transfers.
- B. Posting by Commissioners Court and Department Heads Controlled By Commissioner Court. If a vacancy cannot be filled by promotion within the department, the Commissioners Court and department heads controlled by the Commissioners Court shall follow the procedures set forth in this policy for posting and advertising with a six week waiting period. The six week waiting period begins on the day after the final day the employee is employed by the county.
- C. Posting by Elected Officials and Department Heads Not Controlled by Commissioners Court. Elected officials and heads of departments not controlled by Commissioners Court are encouraged but not required to follow the procedures set forth in this policy for filling a vacancy that cannot be filled by promotion within the department. Elected Officials and heads of departments not controlled by Commissioners Court are encouraged to follow the policy of waiting six weeks before filling a vacant position that is not an internal promotion.
- D. **Effective 02/24/14: Hiring Freeze and Staffing Review Committee.** Commissioners Court wants to assure minimal impact to services to citizens, while being fiscally responsible, so hereby implements the following amended policy.

Applicability of Hiring Freeze: The six week hiring freeze will apply to positions that become vacant in all departments. Of those departments that the authority of the policy is in question, the court asks for voluntary participation in the spirit of fiscal responsibility for the county budget and the community.

The six week waiting period begins on the day after the final day the employee is employed by the County.

Certain positions are exempted from the six week waiting period. Positions automatically exempted are:

- Front line customer service positions where collecting of money is a primary function of the job
- Those that are statutorily required where only one position exists in the department to perform the function to only include bailiff, court coordinator, and court reporter
- Positions covered under a collective bargaining agreement
- Positions 100% funded with special revenues (e.g. Roads & Bridges and Law Library)
- Positions 100% funded with grant funds
- Positions 100% funded with discretionary funds that cannot be used to offset general fund expenses
- Positions that originally met the six weeks waiting period and then become vacant within six months from that date
- Positions that are filled with employees who are current county employees unless funds will be paid out to the employee vacating the position due to unused accrued compensatory time
- Positions that are vacated and no funds are paid to the person vacating the position beyond hours worked

Committee to Review Requests for Hiring Freeze Exceptions

A six member committee organized by the Human Resources Director to review requests for exceptions from the six week hiring freeze and other personnel related exceptions during the time this freeze is in effect will be created. This committee is known as the Staffing Review Committee (SRC).

Members of the committee will include representatives from the following:

- Two representatives from Commissioner Court
- County Auditor's Office
- County Attorney's Office (non-voting, legal advisor member)
- Human Resources Department
- County Treasurer's Office

The committee will review requests for exceptions to the six week hiring freeze as soon as reasonable after requests are presented.

The Staffing Review Committee members may also assess the current staffing table and review requests from departments to modify or add staffing levels. The Committee may be tasked to review additional staffing related matters as well. The Committee would provide recommendations to Commissioners Court on the matters it reviews.

Guidelines for Requests for Exceptions:

Requests for exceptions will be submitted to the committee through the HR department on the Exception Request Form. The request must address any of the following criteria if applicable:

- Position functions that are critical to the health, welfare, and safety of the public in general
- Position functions that are critical to revenue generation for the county
- Position functions that are critical to the care and safety (direct care) for persons that are legal custody of the county or when a direct service is involved
- Positions and functions that are part of a caseload staffing requirements that are typically established through statute, licensing, certification or accreditation requirements
- Position functions that would create a disruption to an essential county function if not filled immediately
- Positions and functions where there is a legal liability for failure to perform the service
- How the current responsibilities are being managed
- Why they cannot continue being managed in this way for the six week period
- The consequences of not filling the position immediately
- The cost impact of filling the position early

The committee will review whether the position meets the criteria described herein and if the situation warrants the exception. Exceptions approved by majority of the committee will be placed on the next available Commissioners Court agenda for final approval.

2. Temporary Employment

- A. If an employee is out on an unpaid leave, the department can fill the position with a temporary employee for a period not to exceed six months so long as it is consistent with the period of time the regular employee will be out on unpaid leave. Because there is no budgetary impact, the temporary may be hired without Staffing Review Committee or Commissioners Court approval.
- B. If an employee is out on paid mandatorily required leave (such as FMLA) for a period expected to last longer than ten days, and the department has the funds in its current budget to pay for a temporary employee, the department shall;
- Request the Auditor's Office verify that funds are available
 - Request that the Human Resources Office verify that
 - The employee is out on a mandatorily required leave, and
 - The time frame the temporary employee is being requested for does not exceed the time of the mandatorily required leave

Requests of this nature do not require Staffing Review Committee approval prior to going to Commissioners Court for approval.

- C. If an employee is out on a mandatorily required leave (such as FMLA) for a period expected to last longer than ten days, and the department does not have the funds in its current budget to pay for a temporary employee, the request must go to the Staffing Review Committee to make a recommendation to Commissioners Court on the request.

Temporary employees for cases where the department has allowed the regular employee to go out on paid leave for non-mandatorily required leave shall not be considered.

IV. PROCEDURE FOR SELECTION

The following steps govern the filling of vacancies where no qualified employee exists within the department in which the vacancy occurs or when the department head/elected official, in his or her discretion, deems the vacancy should be filled by outside personnel or that outside applicants should be sought prior to filling the position.

- A. Posting of the Notice of Job Vacancy. Notice of the job vacancy shall be posted by the Human Resources Department, upon notification from the department head/elected official, on the bulletin boards or other official posting areas of each county-controlled office or building, including the following area for a minimum of five days: on the Orange County Human Resources website http://www.co.orange.tx.us/Employment_Opportunitites.html

- B. Advertisement in Local Newspaper. Upon request of the department head/elected official, and within budgetary constraints, the Human Resources Department shall advertise the existence of the position in a newspaper of county-wide or area-wide circulation in the manner and for the length of time requested by the department head/elected official, within his or her budget.
- C. External Recruiting Sources. A department head/elected official may utilize external recruiting sources to fill a vacant position, but department heads controlled by the Commissioners Court must obtain prior Commissioners Court approval before utilizing any external recruiting firm other than the Texas Workforce Commission.
- D. Selection and Acceptance by Employee.
1. At the end of the specified posting period or other period specified by the department head/elected official in the advertisement or other recruiting source, the receipt of applications shall be closed and any applications received by the Human Resources Department shall be forwarded to the department head/elected official.
 2. The department head/elected official shall have full and final discretion in the evaluation of applicants' qualifications and selection of an employee for the vacant position, subject to all applicable state and federal law, the anti-discrimination policies contained in this manual, and the grievance and complaint procedures contained in this manual.
 3. Upon notification of selection of an employee for a position, the relevant employee or applicant shall have a reasonable time, as determined by the department head/elected official, to notify the department head/elected official of his or her acceptance. In the alternative, the employee or applicant may communicate his or her acceptance to the Human Resources Department, who shall promptly communicate the acceptance to the appropriate department head/elected official.

EMPLOYMENT OF MINORS AND INTERNS

I. PURPOSE

To establish guidelines to hire minors during school breaks and at peak work periods, as well as to hire temporary employees on an internship basis.

II. SCOPE

This policy applies to all county departments.

III. POLICY AND PROCEDURE

- A. Interns. An elected official or a department head that is not under Commissioners Court control may hire an intern on a temporary basis to work in his or her office, subject to the restrictions stated herein and subject to budgetary constraints. A department head who is under Commissioners Court control may hire an intern on a temporary basis to work in his or her office, subject to the restrictions stated herein, subject to budgetary constraints, and subject to the approval of Commissioners Court.
- B. Minors. As a general rule, employees of the county must be 18 years of age or older. Occasionally, the county may hire students or others who are 14-17 years of age under special circumstances to be approved by the department head/elected official or by the Commissioners Court, if the relevant department head is under the court's control. No one under the age of 14 shall be hired for any purpose.
 1. Minors ages 14-15 may work subject to the following restrictions:
 - a. Number of Hours Worked. Such minors may work up to eight hours per day and 40 hours per week when school is not in session; and no more than 18 hours during any week or three hours during any day when school is in session.
 - b. Hours of Employment. Work must be performed between the hours of 7:00 a.m. and 7:00 p.m. Work may not be performed during school hours.
 2. Wages. Regardless of age, minors will be paid at least the federal minimum wage and overtime pay, unless the minor has been issued a special certificate by the U.S. Wage and Hour Administrator, allowing employment at wages below the minimum for apprentices, learners, messengers, students, and workers with disabilities.

3. Proof of Age. Prior to employment, a minor must provide proof of age in the form of either a federal certificate of age issued by the Wage and Hour division of the U.S. Department of Labor, a certificate of age issued by the Texas Workforce Commission, or a certified copy of the minor's birth certificate. Proof of age shall be maintained in the minor's permanent personnel file.

4. Hazardous & Restricted Occupations. No person under the age of 18 may be employed in an occupation considered to be hazardous. This includes work with most power-driven machinery, although exceptions may be made for minors employed in apprenticeship training programs. The prohibitions are specifically applicable to:
 - Driving a motor vehicle, with some exceptions
 - Wrecking, demolition, and shipbreaking occupations
 - Roofing, except for student learners and apprentices

ANTI-NEPOTISM AND EMPLOYMENT OF RELATIVES

I. PURPOSE

To help prevent favoritism and related morale problems, conflicts of interest, violations of security, and unlawful discrimination, to promote honesty and integrity in the operation of county business, and to comply with the provisions of Chapter 573 of the Texas Government Code which prohibits nepotism in public employment.

II. SCOPE

This policy applies to all Orange County employees, department heads, and elected officials.

III. POLICY

- A. Nepotism Prohibited. It is the policy of Orange County to comply with the nepotism prohibitions governing public employment as set forth in Chapter 573 of the Texas Government Code. That statute prohibits a public official from employing individuals who are related to the public official within the third degree of consanguinity or within the second degree by affinity, under the conditions outlined in the statute.
- B. Employment of Relatives Falling Outside the Nepotism Prohibitions. Applications for employment submitted by close family relatives of employees, and which fall outside the state nepotism prohibitions, shall be considered with other qualified applications when personnel vacancies occur. However, even situations where the anti-nepotism statute does not prohibit such employment, some restrictions in hiring and job placement of close family relatives may apply, as described in Section V of this policy, to prevent problems of supervision, safety, security, and morale.
- C. Discrimination Prohibited. Under no circumstances and in no respect are employment decisions regarding close family relative to be based on factors such as race, color, religion, sex, national origin, age, or disability, or any other characteristic or classification protected by law, or any factor other than those related to performance and the efficient operation of the county's business.

IV. DEFINITIONS

- A. Close family relatives for purposes of anti-nepotism laws. An individual related to a public official within the third degree of consanguinity or within the second degree by affinity. Two individuals are related to each other by consanguinity if one is a descendant of the other or if they share a common ancestor (including an adoptive parent-child relationship). Two individuals are related to each other by affinity if they are married to each other, if they have been married and a child of that marriage is living, or if the spouse of one of the individuals is related by consanguinity to the other individual.
- B. Close family relatives for purposes of employment falling outside the anti-nepotism laws. Such relatives include current spouse, children, parents, grandparents, brothers and sisters, including adoptive, step, and in-law relationships. For the purpose of this policy "spouse", as it pertains to close family relatives falling outside the anti-nepotism prohibitions, means those employees having a legal marital relationship, as well as employees involved in relationships, which in the judgment of the relevant department head/elected official, are characterized by the permanence, duration, and stability normally associated with marriage or a blood relationship, as described in Paragraph IV. A. above, and which could lead to the same problems of disruption in the workplace as a legal marital or blood relationship.
- C. Nepotism. Favoritism based on kinship, as prohibited by law.
- D. Position. A position includes any office, clerkship, employment, or duty with the county.
- E. Public official. A public official includes any officer of the county or any officer or member of a board of the county.

V. PROCEDURE

- A. Illegal Action. A public official may not appoint, confirm the appointment of, or vote for the appointment or confirmation of the appointment of an individual to a position that is to be directly or indirectly compensated from public funds or fees of office if: (1) the individual is related to the public official within the third degree of consanguinity or within the second degree by affinity (i.e., the individual is a close family relative of the public official), or (2) the public official holds the appointment or confirmation authority as a member of a local board or a court, and the individual is related to another member of that board or court (i.e., the individual is a close family relative of anyone on the board or court).

1. If an employee is employed for at least one year prior to a close family relative being elected in a general election to a public official position that has appointment, confirmation, or other employment authority over the employee, the employee may continue in his or her position held at the time of election of the close family relative. However, the close family relative may not participate in any deliberation or voting on the appointment, reappointment, confirmation of the appointment or reappointment, employment, reemployment, change in status, compensation, or dismissal of the employee, if the action applies only to the individual employee and not to a class or category of employees. (See Chapter 573 of the Texas Government Code for different time periods applicable to the appointment of public officials, and the election of a public official at other than a general election).
 2. An employee employed for less than one year at the time a close family relative is elected in a general election to a public official position automatically loses his or her position, if the position held by the employee is one over which the close family member who has been elected has employment, appointment, or confirmation authority, or if the close family member is elected as a member of a board or group that has employment, appointment, or confirmation authority over the employee's position.
- B. Other Prohibited Action. Irrespective of the prohibitions of the Texas Government Code, and subject to the discretion of the relevant department head/elected official, close family relatives should not be hired into a department where they directly or indirectly supervise or are supervised by another close family relative, or where they work in positions which have an audit or control function over another close family relative.
1. If employees become related after employment and a conflict of interest or management problem of supervision, safety, security or morale result, or if a reorganization creates such a conflict, reasonable time may be provided to the employees to resolve the matter. An attempt should be made to transfer employees to comparable positions where possible. If transfer is not possible or practicable, the employees may, in the discretion of the department head/elected official, decide among themselves which individual is to resign. If the employees fail or chose not to decide which individual is to resign, or if resolution is not otherwise possible, the department head/elected official may terminate both employees or request both to resign, or may terminate the employee with the least seniority, or request that employee to resign.

- C. Access to Confidential Information/Conflict of Interest. Relatives should not be placed in positions where they work with or have access to sensitive or confidential information regarding other close family relatives, or where there is an actual or apparent conflict of interest.

- D. Violations/Disciplinary Action. Nepotism violations by an elected official should be reported directly to the County Attorney's Office. Violation of this policy and/or the anti-nepotism statute may lead to adverse action, including disciplinary action, up to and including termination, removal from office, criminal penalties and fines, and withholding of employment compensation.

PHYSICAL FITNESS, COMPETENCY, AND SKILLS REQUIREMENTS

I. PURPOSE

To establish guidelines by which a department head/elected official can evaluate the physical ability, competency, and skills of a county employee to perform his or her job duties in a satisfactory and safe manner, within the bounds of the law.

II. SCOPE

The policies listed below apply to all county employees, and may apply to job applicants, as specified in each policy.

III. POLICIES

- A. Policy No. 141: Physical Fitness Examinations
- B. Policy No. 142: Drug and Alcohol Testing
- C. Policy No. 143: Driving Standards

PHYSICAL FITNESS EXAMINATIONS

I. PURPOSE

To establish guidelines by which a department head/elected official can evaluate the physical ability of a county employee to perform his or her job duties in a satisfactory and safe manner.

II. SCOPE

This policy applies to all county employees, as well as job applicants, after a job offer has been made.

III. POLICY AND PROCEDURE

A. Job Applicants:

1. **Applicants for a county position shall not be required to submit to a physical examination prior to an offer of employment with the county being extended to any such applicant.** See also Policy No. 122: Americans with Disabilities Act Amendment Act; and Policy No. 720: Life-Threatening Illnesses and Contagious Diseases.
2. **After an offer of employment is made**, an applicant may be required to complete a physical examination, and the county may condition the job offer on the examination results, so long as **all applicants** for employment in the relevant job categories, as designed in advance by the relevant elected official/department head, are required to complete a physical examination after an offer of employment is made. No one, including an employee with an obvious disability, shall be singled out for a physical examination if the department does not generally require such examinations for the position or job category sought. Medical examinations of employees within a given job category must be job-related and consistent with business necessity.
3. The elected official/department head, or the Human Resources Department, where appropriate, should inform a job applicant at the time an offer of employment is made, that employment is made contingent upon the results of a physical examination.
4. An applicant required to obtain a physical examination after a job offer is made, shall be informed by the Human Resources Department that failure of the applicant to appear for the physical may be considered a rejection of the offer.

B. Employees:

1. Physical examinations, including X-rays, may be requested of an employee at any time by the department head/elected official to determine the employee's fitness for duty, and ability to perform the essential functions of his or her job. **However, employees shall not be required to test for AIDS, cancer, or any other condition, and shall not be required to complete a medical examination or answer inquiries as to whether an employee is an individual with a disability or as to the nature or severity of the disability, unless such examination, testing, or inquiry is job-related and consistent with business necessity.** See also Policy No. 122: Americans with Disabilities Amendment Act; and, Policy No. 720: Life-Threatening Illnesses and Contagious Diseases.
2. Employees not physically qualified to perform the essential functions of their positions, even with accommodation, or who are not able to be reasonably accommodated without undue hardship to the county, may be reassigned or terminated. See Policy No. 122: Americans With Disabilities Act Amendment Act.
3. Determination of the physical requirements necessary to perform any particular function shall be based upon the guidelines from the Department of Labor's Dictionary of Occupational Titles, as well as any applicable regulations promulgated by the Equal Employment Opportunity Commission, and any job descriptions promulgated by the relevant department head/elected official prior to requiring physical examinations for the given job category. A department head/elected official should consult with the Human Resources Department and/or the County Attorney's Office in determining whether an individual employee meets the physical requirements for a given job.

C. Selection of Physician and Scheduling of Appointments. The county shall select the physician to complete the physical examination. The Human Resources Department shall schedule all physical fitness examinations, upon request by the department head/elected official, and all such examinations shall be paid by the county.

D. Psychiatric Examinations. Psychiatric examinations may be required of applicants or current employees on the same basis as physical examinations.

1. Applicants. After making a job offer, a department head/elected official may require an employee to complete a psychiatric examination, if all entering employees in the same job category are required to submit to the same examination.
 2. Employees. A department head/elected official may require a psychiatric examination of a current employee if the employee asks for a reasonable accommodation and the need for the accommodation is not obvious, or if the department head/elected official reasonably believes, based on objective evidence, that the employee is having difficulty performing essential functions or poses a direct threat to his or her own safety or to the safety of the workplace because of a mental or emotional illness or condition.
- E. Compliance with the Americans with Disabilities Act. This policy shall in no way be applied in any given situation to violate the Americans with Disabilities Act Amendment Act or the county's policy of compliance with that statute. See Policy No. 122.
- F. Maintenance of Records. For reasons of confidentiality, all information regarding physical examinations, psychiatric examinations, medical conditions, and medical history shall be maintained on separate forms and in separate files by the Human Resources Department. See also Policy No. 180: Administration of Personnel Records.
- G. Results of Physical Examinations. Applicants and employees shall be provided the results of physical examinations, upon request.
- H. Confidentiality of Information. The information regarding an employee's physical condition shall be kept confidential, to the extent permitted by the Texas Public Information Act, Chapter 552, Texas Government Code, and any other applicable law, except that for the employee's safety and health, appropriate supervisors, safety personnel, and other relevant employees or officials, including those investigating the county's compliance with the Americans With Disabilities Act Amendment Act, may receive information about necessary work restrictions and accommodations.

DRUG AND ALCOHOL TESTING

I. PURPOSE

To establish drug and alcohol testing standards for county employees in order to develop and promote a drug and alcohol-free workplace to ensure a safe and productive work environment. To provide education and treatment to employees in need in order to further those goals.

III. POLICY

- A. It is the county's objective to promote a safe and productive workplace, free of the influence of drugs and alcohol, by requiring drug testing upon reasonable suspicion or when an accident occurs involving a certain employee, or upon employment with the county, when mandated by the department head/elected official, and by providing education and treatment options to employees.
- B. **Orange County will not tolerate any drug or alcohol use on county premises by both current and prospective employees.** The unlawful manufacturing, distribution, dispensation, possession, sale, purchase, or use of a controlled substance, illegal drug, or drug paraphernalia, or attempting to or assisting another to do so, is prohibited on any county premises, while in the course of employment or conducting any county business, and while engaging in any county-sponsored activity. Being under the influence of illegal drugs or alcohol in the workplace or while conducting any county business or engaging in any county-sponsored activity is also strictly prohibited. See Policy No. 413: Substance Abuse, for additional information.

- C. Any employee who engages in any of the activity described in Paragraph III.B., as well as any employee who is convicted of a statutory offense involving use of illegal drugs or alcohol, may be subject to disciplinary action, up to and including termination of employment.
- D. Switching, adulterating, or attempting to tamper with any sample submitted for drug or alcohol testing, or otherwise interfering or attempting to interfere with the testing process is prohibited and may subject the offending employee to disciplinary action, up to and including termination of employment.

Employees who identify themselves to a county official, department head or the Human Resources Department as being addicted to drugs and/or alcohol may be referred to a drug or alcohol abuse treatment/rehabilitation center or program. I. PURPOSE

To establish standards for county employees who routinely drive county vehicles in order to ensure the safety of employees and members of the public.

II. SCOPE

This policy applies to all departments, employees, and applicants for employment. Employees performing jobs for the county requiring a commercial driver's license are, in addition to this policy, governed by the Orange County Alcohol and Drug Testing Policy & Procedures for Employees Performing Jobs Requiring a Commercial Driver's License, made a part of this manual as Appendix H, as well as the Drug Free Workplace Act of 1988 and the Omnibus Transportation Employee Testing Act of 1991, and the federal regulations implementing those statutes.

III. POLICY AND PROCEDURE

A. Disclosure of Driving Record.

1. Prospective county employees. An applicant for a position that requires the regular operation of a county vehicle shall, upon an offer of employment with the county, provide, at the request of the relevant department head/elected official, and at the applicant's own expense, a copy of his or her driving record for the preceding five years. Employment may be conditioned on the contents of the driving record. Such report shall be provided to the Human Resources Department, along with other requested employment information and documentation.
2. Current county employees. For insurance purposes, the Human Resources Department shall obtain, on a yearly basis and at the expense of the county, the driving records for the past five years from the Texas Department of Public Safety, of all county employees who routinely operate county vehicles. The Human Resources Department shall make the results available to each affected department.

- #### **B. Designation of Positions by Department Heads/Elected Officials.** Each department head/elected official shall be responsible for designating those positions within their departments which require regular operation of a county vehicle, and communicating that information to the Human Resources Department. Such designation may be based on U.S. Department of Transportation regulations and any other applicable law.

- C. Poor Driving Record. An existing employee may be disciplined, reassigned, or terminated, and a prospective employee may be denied employment, if the applicant's or employee's position involves the regular use of a county vehicle and his or her driving record reveals violations that, when evaluated under the point system established by the Texas Department of Public Safety, as set forth below, equal or exceed an unacceptable score, or if the employee's supervisor, department head, or elected official otherwise determines that the employee's driving record, regardless of the number of moving violations, otherwise indicates a pattern of unsafe driving. Employees with a score of ten points or more are ineligible under the county's insurance policy, to operate the county's vehicles. The county's policy of employment at will is unaffected by the point system.

II. SCOPE

This policy applies to all newly hired and rehired regular, full-time employees.

III. POLICY

- A. During the first 90 days of employment with the county, a new employee and a rehired employee whose period of employment is not bridged as described in Policy No. 170 shall be subject to a probationary period during which the employee is to become oriented with the job. During that time, an employee shall not be eligible to receive employment benefit of sick leave, although leave benefits shall accrue during the initial 90 days. The employee shall receive health benefits after 60 days. See also Policy No. 313: Sick Leave; Policy No. 350: Insurance Benefits.

REHIRE AND REINSTATEMENT OF BENEFITS AND SENIORITY

I. PURPOSE

To establish guidelines for rehiring former employees, and administering the benefits and conditions accompanying such rehires.

II. SCOPE

This policy applies to all former employees rehired by the county to regular, full-time positions.

III. POLICY

Where a former employee applies to be rehired, he or she will be evaluated on the same basis as other applicants. However, special consideration may be given to past job performance, the circumstances surrounding separation from previous county employment, the amount of time elapsed from the date of separation, and the former employee's knowledge of county's procedures and functions.

IV. PROCEDURE

- A. Bridging Employment Upon Rehire. An employee rehired within thirty consecutive working days after the termination of his or her employment with the county will have his or her service bridged. As such, the employee will retain the original date of hire and will continue to accrue benefits, including vacation and sick leave, at the same rate as before separation. Insurance benefits previously in effect shall also continue, unless changes in family status, etc., are designated by the employee, requiring modification in insurance benefits. Benefits shall not accrue or be paid for the period of unemployment.
- B. New Date of Hire. An employee rehired after a period greater than thirty consecutive working days shall receive a new date of hire, and shall be treated the same as a new hire for purposes of benefits and seniority.

II. SCOPE

This policy applies to all departments and employees of the county.

III. POLICY

Therefore, the Human Resources Department must receive any such information as soon as possible after the change.**
- C. Records Access.

A copy of this form is made a part of this Appendix I, and additional copies are available through the Human Resources Department. Due to the limited time and resources of the Human Resources Department, requests to review files should be limited to those necessary to complete personal or county business. Any such review of an employee's file shall take place in the Human Resources Department with an employee of the Human Resources Department present. Notes of pending legal or disciplinary investigations in progress, if any, shall be removed before the employee views the file.
 - b. An employee may obtain a copy of documents in his or her file upon request, with 48 hours advance notice to the Human Resources Department. The Human Resources Department shall charge five cents per page for all copies made.

 3. Government Inquiries. All inquiries from federal, state, and local government agencies investigating an employee shall be referred to the Human Resources Department, who shall consult with the County Attorney's Office to determine the propriety of responding to such requests and the procedures for doing so. Outside counsel may be consulted if the employee being investigated is an employee of the County Attorney's Office. The investigator(s) shall be required to furnish proper identification and proof of legal authority to investigate. As deemed appropriate by the Human Resources Department, in consultation with the County Attorney's Office, the county may permit a government investigator to review a personnel file on county premises, or to remove or reproduce the information.

As a governmental entity, the county is subject to the provisions of the Texas Public Information Act (formerly the "Texas Open Records Act"), Chapter 552, Texas Government Code. As such, personnel records, with the exception of certain information exempted from disclosure by the statute are subject to disclosure to the public upon a written request for such information. It is the policy of the county to comply with requests for public information, except when the information requested is exempt from disclosure by law. Every employee, department head, and elected official may choose whether to allow public access to the individual's home address, home telephone number, and social security number, as well as to information that reveals whether the person has family members, by written election of the employee upon employment. See Appendix J.

OVERTIME: NON-EXEMPT EMPLOYEES

I. PURPOSE

To provide guidelines to administer overtime pay to comply with applicable federal and state wage and hour regulations.

II. SCOPE

This policy applies to non-exempt employees only.

III. POLICY

County overtime pay policy conforms to the overtime provisions of the Federal Fair Labor Standards Act and any applicable state laws. Exemption from the overtime pay requirements will be claimed by the county for an employee only when it can clearly be established that the employee's duties and responsibilities meet the requirements for such exemption. See also Policy No. 111: Exempt/Non-Exempt Employee Status.

The policy of the county is to authorize overtime only in cases of emergencies, or when otherwise determined by the Commissioners Court, or by the relevant department head/elected official operating within the budget set by the Commissioners Court, to be necessary for the efficient operation of the county's business.

IV. PROCEDURE

- A. Non-exempt employees will be paid overtime pay for hours worked in excess of the allowable number of hours under the Fair Labor Standards Act: 40 hours per seven-day workweek for non-law enforcement employees; 84 hours per 14 day work period for Patrol Division and 85.75 hours per 14 day work period for Jail Division for certified law enforcement officers and certified jailers.
- B. Overtime for hours worked by non-exempt employees exceeding the maximum allowable hours as set out on Paragraph IV.A. above, will be paid at a rate of time-and-one-half (1.5) the relevant employee's regular rate of pay.
- C. Employees who work on a day designated as a county holiday will receive eight (8) hours pay for the holiday, in addition to overtime pay at time-and-one-half (1.5) of their regular rate of pay for hours worked, so long as 40 hours, including the holiday, have been accumulated. A paid holiday not worked shall be credited as a regular workday to compute weekly overtime, except as modified by collective bargaining agreement. See also Policy No. 312: Holidays.

- D. Subject to Paragraph IV.C. above, only hours actually worked will be used to calculate overtime pay. Paid time off for jury duty, vacation, sick leave, or any leave of absence will not be considered "hours worked".
- E. Except in emergency situations, overtime hours to be worked by non-exempt employees must be authorized in advance by the department head/elected official. The department head/elected official determines what constitutes an "emergency".
- F. Employees who are "called out" to work overtime shall be paid for a minimum of four hours straight time, or time and one-half (1.5) for actual hours worked, whichever is greater. The four hours straight time shall not count toward hours worked for purposes of overtime calculation, unless such hours are actually worked. Department head/elected officials shall maintain sufficient records to determine hours worked by employees on "call outs" to calculate overtime.
- G. Compensatory time off in lieu of overtime pay shall not be allowed, unless such compensatory time is specifically authorized by the provisions of a collective bargaining agreement directly applicable to the relevant employee, and the employee has not accrued compensatory time in excess of the limit applicable to the employee under the Fair Labor Standards Act, 29 U.S.C. Section 207. Any such compensatory time plan must be submitted to the County Attorney's office for review prior to implementation.
- H. Department heads/elected official, as well as the Human Resources Department, shall maintain accurate and complete records of overtime hours worked by each and every employee. See also Policy No. 280: Employee Time Records.

This policy applies to all regular full-time county employees, except as modified for those employees covered by a collective bargaining agreement.

III. POLICY

A. Uses of Benefit. Subject to approval of the relevant department head/elected official, employees may use sick leave for the following:

1. Personal illness or injury.
2. The birth or adoption of a child or the placement of a child with the employee for foster care.
3. Medical quarantine resulting from exposure to a contagious disease.
4. Doctors' appointments or treatment. An employee shall be required to obtain prior approval from his or her supervisor/department head/elected official for sick leave to be used for non-emergency doctors' appointments.
5. Illness of a member of the employee's immediate household, which requires the employee's personal care and attention. Paid sick leave for time off to care for members of the employee's immediate family who are not members of the same household (parent, grandparent, adult child or stepchild, grandchild, or sibling) is the discretion of the employee's department head/elected official, and may be limited.
6. Any other purpose for which an employee is eligible for leave under the Family & Medical Leave Act (FMLA), 29 U.S.C. Section 2601, et seq. See also Policy No. 318: Family and Medical Leave.

B. All Full Time Employees.

1. Amount of Benefit. Following an employee's orientation period, during absence from work caused by personal illness or accident, or any other eligible purpose set forth in this policy for which sick leave may be taken, the employee's wage or salary will be continued for the amount of time accrued by the employee for sick leave. Sick leave benefits accrue at the rate of 3.69 per pay period (26 pay periods) per fiscal year, if the employee works at least 48 hours in that pay period, including time taken as vacation. An employee who works fewer than 48 hours in a pay period shall not receive the 3.69 hours accrued sick time for that pay period. No sick leave shall accrue while an employee is on sick leave, including leave covered by worker's compensation insurance, or on unpaid status. **The number of sick leave days credited is not intended to establish a guideline for acceptable attendance. (Revised 11/1/2011 from 8 hours a month to 3.69 hours per pay period.) (Revised 10/10/16 to combine Exempt and Non Exempt employees to accrue sick leave.)**
2. Eligibility. Sick leave begins to accrue on the first day of service. However, an employee is not eligible for payment of sick leave benefits for any time off work taken before the employee has completed his or her initial orientation period of 90 days. An employee is not eligible to accrue paid leave while on unpaid status.
3. Accrual and Carry-Over of Unused Benefit. Unused accrued sick leave may be accrued and carried over into the succeeding calendar years, with a total of up to 1440 hours being accrued. For employee's hired on/or before September 8, 2015 when an employee's status changes from non-exempt to exempt, the amount of sick leave accrued prior to the status change shall be retained by the employee to be paid at a time of termination, up to a maximum of 480 hours, in accordance with Paragraph II.B.4. (Revised accrual -10/1/09 from 720 hours to 1440 hours)

4. Termination of Employment. Date of hire on or after September 8, 2015 - Accrued sick leave shall not be paid upon termination of an employee's employment. Date of hire on or before September 8, 2015 - all eligible employees sick time will be frozen at the hours they have accumulated and at the rate of pay they are making on September 8, 2015. Any future leave accumulated will be exhausted on a last in, first out basis up to and including the lesser of 480 hours or what the employee has accumulated. For Exempt Employees, no sick leave shall be paid upon termination of employment, excluding sick leave accrued by an exempt employee while on non-exempt employment status. Accrued sick leave shall be paid upon termination of an employee's employment, up to a maximum of 480 hours, if the employee has been employed by the county for 24 consecutive months prior to termination, unless termination is the result of disciplinary action taken against the employee, i.e., the employee is fired for disciplinary reasons.

- a. Termination for disciplinary reasons does not include a reduction-in-force, elimination of the employee's position, voluntary resignation by the employee, failure of a newly elected official to rehire or redepute the employee upon taking office, or termination required by the anti-nepotism prohibitions or the county policy governing employment of relatives within a department, unless the employee engages in illegal action or action warranting discipline under that policy. See also Policy No. 132.

C. Workers' Compensation.

1. Non-Law Enforcement Employees. For non-law enforcement employees, the first 64 hours under workers' compensation are deducted from accrued sick leave, and such employees do not accumulate sick leave while on workers' compensation, unless 15 days in a given month have been worked.
2. Law Enforcement Employees. Law enforcement employees have no deductions from sick leave while receiving workers' compensation, but do not earn sick leave benefits during such leave, unless 15 days in a given month have been worked.
3. Exhaustion of Benefits Not Required. Employees are not required to exhaust sick leave benefits before receiving workers' compensation benefits. For more information, see Policy No. 360: Workers' Compensation.

- D. Group Insurance Benefits. Employees shall continue to be covered under all insured benefit plans while they are on paid sick leave.

IV. DEFINITION

"Sick leave benefit" is cash compensation which, when combined with amounts for which an employee is eligible under workers' compensation when applicable, is equivalent to the employee's regular rate of pay.

V. PROCEDURE

- A. Minimum Unit. The minimum amount of sick leave that may be used at any one time is at the discretion of the department head/elected official and must be rounded to the nearest quarter hour. For exempt employees, sick leave benefits should be taken in full-day increments. For Example: 3:33 - Round to 3:30 and 3:08 - Round to 3:15.
- B. Notification to Supervisor.
1. An employee must notify his or her supervisor/department head/elected official as early as practical on the first day of absence to request use of sick leave, but no later than 30 minutes after his or her scheduled arrival time or after the county switchboard opens, whichever is later, unless the employee can show good cause why a call was made at a later time.
 2. If an employee is unable to make the call personally, the contact may be made by the employee's spouse, adult family member, or other responsible party.
 3. If an employee's supervisor/department head/elected official is not available, the Human Resources Department should be contacted. The Human Resources Department shall then notify the relevant department head/elected official.
- C. Maintenance of Contact. Unless otherwise approved by an employee's department head/elected official, an absent employee is expected to call to report his or her absence on each day of absence, even when such days are consecutive. The employee must call his or her designated supervisor/department head/elected official, or the Human Resources Department, each day not later than thirty (30) minutes after his or her scheduled arrival time or after the county switchboard opens, whichever is later, in order to notify the supervisor/department head/elected official of the absence and to inform the supervisor/department head/elected official of the employee's estimated date of return to work. Where the nature of the absence necessitates an extended period of time off, longer reporting intervals may be approved by the department head/elected official. Sick leave benefits are contingent upon maintenance of regular contact.

- D. Disciplinary Action/Voluntary Resignation. Disciplinary action may be taken against an employee for failure to maintain contact. An employee who fails to contact his or her supervisor/department head/elected official or the Human Resources Department, as described above, may be considered as having voluntarily resigned.
- E. Documentation by Physician. A physician's certification or note shall be required for any sick leave absence exceeding three (3) days at one time. An employee's supervisor/department head/elected official may request acceptable documentation of the employee's illness or injury, including a medical certification of illness or disability, in support of a request for sick leave benefits, even for an absence of fewer than three (3) days, where it is deemed necessary by that supervisor/department head/elected official for approval of a sick leave request. Failure to provide certification from a physician, upon request by the supervisor/department head/elected official, or after a sick leave absence exceeding three (3) days, may lead to a denial of benefits and possible disciplinary action.
- F. Benefits May Be Denied. A department head/elected official may deny an employee's application for sick leave benefits, at the department head/elected official's discretion, if the department head/elected official determines that an employee is abusing such benefit or is otherwise not entitled to such benefit.
- G. Physician's Release Upon Return. Depending on the length and circumstances of an employee's illness or disability, an employee's department head/elected official may require a physician's written release or fitness for duty certification before the employee may return to work.
- H. Notification to Human Resources Department. The department head/elected official shall file an "Affidavit in Support of Absence From Work," made a part of this manual as Appendix M, for use of accrued sick leave by any non-exempt employee, including the number of days taken and the dates of such leave. **Benefits may be withheld or delayed if a properly completed affidavit is not submitted in a timely manner.**
- I. Termination of Benefits. If an employee's absence continues beyond the period covered by accrued sick leave benefits, the employee may be placed on family and medical leave of absence status without pay. Unused vacation and all other paid leave benefits ("qualifying paid leave") for which the employee is eligible must be exhausted before the employee may be placed on leave under the Family & Medical Leave Act. See also Policy Nos. 314-318.

Such wages shall be paid for a period of up to 240 work hours, unless the relevant department head/elected official authorizes payment for a longer period of time.**

2. **An employee shall not be terminated or suffer any other adverse employment action because of that employee's service as a juror or a subpoenaed witness.** However, service as a juror or as a subpoenaed witness shall not alter the employment-at-will relationship, and shall not prevent an employee from being terminated from employment or from being subjected to other adverse employment action for reasons unrelated to his or her service as a juror or a subpoenaed witness.
- C. Voting. Employees who are scheduled to work throughout the time the polls are open may take up to two hours off work with pay to vote in local, state, or national elections. Employees working voluntary overtime will not be paid for any time taken off from overtime hours to vote.
- D. Military Leave.
1. **Orange County does not discriminate against any employee or prospective employee with regard to hiring, retention, or promotion, or any benefits of employment, because of that individual's membership, application for membership, performance of service, application for service, or obligation in a uniformed service.**
 2. An employee who is a member of the United States Army, Navy, Air Force, Marines, Coast Guard, a member of the National Guard, a member of the Reserves or Public Health Service, or a member of any other uniformed service protected by the Uniformed Service Employment and Reemployment Rights Act of 1994 (USERRA), 38 U.S.C. Sections 4301-4333, or a member of the Texas State Guard shall, where a specified period of active or reserve duty is mandatory, be granted a leave of absence in accordance with applicable law, but subject to the provisions set forth below.
 - a. USERRA Personnel. A regular employee who is a member of United States Army, Navy, Air Force, Marines, Coast Guard, or a member of the National Guard, a member of the Reserves or Public Health Service, or a member of any other uniformed service protected by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), 38 U.S.C. Sections 4301-4333, shall be granted, as an additional employment benefit, paid military leave for the time period in which he or she served on active duty. An employee shall suffer no reduction in the payment of his or her county wages as the result of military service. Military benefits received by the employee shall not be offset against county compensation and benefits. Revised 4/10/06

- b. Texas State Guard or Militia. - Upon the express approval of the Orange County Commissioners' Court and the consent of the employee's department head or elected official, a regular employee who is a member of the Texas State Guard as organized under Chapter 431.001 *et seq* of the Texas Government Code, shall be granted, as an additional employment benefit, paid military leave for the time period in which he or she serves on active duty. An employee shall suffer no reduction in the payment of his or her county wages as the result of military service. Military benefits received by the employee shall be offset against county compensation and benefits. Revised April 10, 2006
3. An employee who is ordered to extended active duty with the state or federal military forces is entitled to all of the reemployment rights and benefits provided by state and federal law upon his or her honorable release from active duty, including, as an additional employment benefit, the leave set forth in Paragraph III.D.2. above.
4. An employee who is reemployed by the county in accordance with the USERRA, shall not be discharged, except for cause, within one year after the date of such employment, if the person's period of service before the reemployment was more than 180 days; or within 180 days after the date of such reemployment, if the person's period of service before the reemployment was more than 30 days but less than 181 days.

IV. PROCEDURE

- A. General. Employees shall continue to be covered under all group health plans while they are on paid leave, except as modified below.
- B. Bereavement. An employee's department head/elected official may require written verification of the death of the relevant family member or friend (such as a death certificate), attendance at the funeral, and the relationship of the deceased to the employee.
- C. Jury and Witness Duty. Employees must notify their department head/elected official prior to taking leave, as soon as practicable after receiving a jury summons or subpoena, and must provide a copy of the notice of jury duty or the witness subpoena, to be maintained in the employee's permanent personnel file. When an employee has completed jury or witness duty or voting, he or she must report to the county for duty for the remainder of the workday. If the employee will be absent

from work for more than one workday for jury or witness duty, he or she must notify the appropriate department head/elected official daily at the beginning of the workday. Upon the employee's return to work, he or she must submit a signed certificate of jury service from the court, or other written documentation acceptable to the department head/elected official, indicating the number of days of jury or witness service.

D. Voting. Employees requiring time off must notify their supervisor at least two days before voting day. When an employee has completed voting, he or she must report to the county for duty for the remainder of the workday. An employee's department head/elected officials may require an employee to present a voter's receipt or other proof of voting on return to work from voting.

E. Military Leave.

1. **The County is entitled to and requires advance notice of service, unless conditions make it impossible for the employee to provide notice. Upon receipt of orders for active or reserve duty, the employee is required to notify his or her supervisor or department head/elected official, as well as the Human Resources Department, immediately, and he or she must submit a copy of his or her orders to his or her supervisor/department head/elected official and the Human Resources Department. The county may also ask the employee to furnish the county with the approximate beginning and concluding dates of the employee's training or service. The relevant employee must notify his or her department head/elected official who, in turn, must notify the Human Resources Department in writing of the approximate and actual dates of service.**
2. An employee will suffer no loss of sick leave, vacation benefits, or longevity pay, as a result of military service. An employee on military leave shall not accrue sick leave or other leave benefits, however, the accrual of vacation based on years of service shall be unaffected by any period of military service, and any such period of service shall be counted in determining the employee's entitlement to vacation.
3. Employees engaged in military service will retain the right to continue in the county's group health plan for up to 18 months of service. Employees are required to pay 102 % of the group rate, except those employees who are serving 31 days or less are required to pay only the amount they would have paid if still employed.

4. An employee may apply for reinstatement of employment as follows:
 - a. An employee who served in the uniformed services for 31-180 days must apply for reinstatement with the county within 14 days of completing service to be eligible for reinstatement.
 - b. An employee who served more than 180 days must reapply for work within 90 days of completing service to be eligible for reinstatement.
 - c. An employee who serves 30 days or less must report to his or her department head/elected official at the start of the next regularly scheduled shift following the completion of the period of service and the expiration of eight hours after a period allowing for the safe transportation of the employee home, or as soon thereafter as possible, if reporting within that time period is impossible or unreasonable through no fault of the employee.
 - d. No sick leave or other leave benefits shall accrue during any period while on paid personal leave or unpaid personal leave.

F. Group Insurance. Employees on paid personal leave shall continue to receive group health insurance benefits throughout any period of paid leave, and as otherwise provided by this policy.

DISASTER / EMERGENCY CLOSINGS

I. PURPOSE

To recognize and accommodate the fact that the citizens of Orange County depend on County employees to work before, during, and in the aftermath of a disaster/emergency to assist in the preservation and restoration of essential public services required for the health, safety, and quality of life within the County. Nothing in this policy shall be construed as changing the “at will” status of any person employed by Orange County.

II. SCOPE

This policy applies to all regular full-time County employees and permanent, non-seasonal part time employees.

III. DEFINITIONS

The following are definitions specific to this policy:

- A. **Disaster / Emergency** – The occurrence or imminent threat of widespread or severe damage, injury or loss of life or property that results from natural or man-made cause, including but not limited to: hurricane; tornado; fire; flood; wind; storm; oil spill; water contamination; epidemic; air contamination; blight; drought; infestation; explosion; riot; nuclear, chemical, and biological emergencies; terrorist attack; or any other emergency that threatens public health or safety, or is declared by a federal, state, or local authority.
- B. **Disaster Declaration** – A formal order by the County Judge declaring a state of disaster or emergency for Orange County or a portion thereof.
- C. **Essential Personnel** – Employees whose expertise or assistance is critical in continuing to meet the needs of the citizens and the operations of the County during an emergency or when the County has otherwise temporarily suspended normal operations.
- D. **Non-Essential Personnel** – Employees whose presence or assistance is not critical in the event of a disaster, emergency, or the official closure of County operations.

- E. **Evacuation** – When the County Judge recommends or orders the citizenry to leave the area as a protective measure due to the occurrence or imminent threat of an emergency or disaster.
- F. **Premium/Extraordinary Pay** – Compensation paid to qualifying Essential Personnel for hours actually worked during an official County closure due to a declared emergency or disaster.
- G. **Emergency Operations Center (EOC)** – The physical location where an organization comes together during an emergency to coordinate resources, response and recovery actions, and make management decisions. Orange County’s EOC is located at:

Office of Emergency Management
11475 FM 1442
Orange, TX 77630

IV. **ESSENTIAL PERSONNEL**

- A. Employees classified as Essential Personnel have been assigned positions within the Emergency Operation Center (EOC) or in other positions that are necessary to protect the public and secure/protect property, or to ensure the continued operation of essential functions or departments. Such personnel may include: Corrections Officers, Deputy Sheriffs, Road & Bridge crews, Emergency Management personnel, Maintenance personnel and/or other personnel designated by the County Judge.
- B. Employees classified as Essential Personnel may be required to work immediately before, during, or immediately after an emergency or disaster as required by the circumstances of the event and determined by the County Judge and Emergency Management Coordinator.
- C. All employees classified as Essential Personnel must be designated and made aware of their respective assignments prior to an emergency closing. Each Department Head should provide a list of Essential Personnel and job duties during the emergency to the Emergency Management Coordinator and County Treasurer. Essential Personnel must be approved by the County Judge or Emergency Management Coordinator. The County Judge or Emergency Management Coordinator may also designate additional employees as essential during an emergency closing as necessary. Each Department Head should update the list for his or her department annually.
- D. Only those employees who have been designated and approved as Essential Personnel prior to or during the Disaster Declaration will be eligible to receive the premium/extraordinary pay described in section V(D)(2) below.
- E. In situations involving an “emergency evacuation order,” as defined by Chapter 22, Texas Labor Code, any employee who is designated as Essential Personnel and who fails to report to work as scheduled/requested during inclement weather or disaster may be subject to disciplinary action, up to and including termination, if such employee is necessary to provide for the safety and well-being of the general public or for the restoration of vital services.

V. POLICY

- A. Orange County will make every effort to provide all services to citizens in cases of extreme adverse weather or other emergencies. Therefore, the County will make every effort to always remain open to conduct regular business during normally scheduled hours. Under extraordinary conditions, however, the County may temporarily suspend or limit regular County business functions in any of the following ways:
1. **Close entirely while asking Essential Personnel to report/stay on duty.** This status may apply under unusual, extreme conditions. In the event of official County closure:
 - a. non-essential employees are not to report.
 - b. approved Essential Personnel may be asked to report for duty on a case-by-case basis, as necessary. These employees will be notified in response to each specific emergency.
 2. **Delay opening while asking Essential Personnel to report/stay on duty.** This status may apply when severe weather conditions interfere with employee travel but conditions are expected to improve. Operations may be cancelled during the time of the delayed opening, with only approved essential personnel expected to report. If conditions do not improve, a decision may be made later to close the County entirely, with only Essential Personnel reporting.
 3. **Release early while asking Essential Personnel to report/stay on duty.** This status may apply when severe weather conditions, or the anticipation thereof, are expected to interfere with employee travel. Offices may continue to operate, with the Department Head designating certain employees to remain on duty.
 - a. Approved Essential Personnel will be expected to remain until relieved or notified by the Department Head to leave.
 - b. Any shift employees should check with their Department Head to determine whether or not to report.
 4. **Localized and Temporary Closing.** This status may apply when extreme conditions, such as prolonged electrical outages, water leaks, fumes, or flooding, make working conditions in a particular building or location hazardous. In such circumstances, supervisors or employees in the affected location(s) should discuss the problem with their Elected Official/Department Head, who may consult with the Human Resources Department. If the problem cannot be resolved, closing may be considered as a last resort.
 - a. Closure of any office or department under the authority of the Commissioners' Court must be authorized by the County Judge; however, the County Judge may delegate decision-making authority to the affected Department Head.
 - b. Closure of the offices of any Elected Official is within the sole discretion of the Elected Official.

5. If conditions are such that County offices are safe and normal operations are proceeding or have resumed following closure or delayed start, but travel may be extremely difficult, the County may announce to non-essential staff to use their own discretion to decide whether or not to report to work.
 - a. Any days/hours not worked under such circumstances will be charged to vacation, personal leave, or leave without pay.
 - b. An employee choosing to take the day off must notify his/her supervisor immediately for approval of paid leave.

- B. Employees may be granted up to three (3) days emergency leave annually during the calendar year, as necessary, for circumstances caused by unforeseen weather conditions, including natural disaster, which prevent an employee from being able to travel to the county courthouse or other county office or job site. Such circumstances include, but are not limited to, road made impassible by heavy rains, and/or necessity of an employee remaining in his or her home to protect that home from the threat of flood waters, fire, or hurricane. This leave does not accrue or carry over, and will not be paid out if unused.

- C. **Procedures Relating to Closures:**
 1. Whenever a County Commissioner, the County Judge, or the Emergency Management Coordinator has reason to believe that an emergency situation exists or is imminent, and that such situation necessitates closure of County facilities, an emergency meeting of the Commissioners' Court shall be held, if time permits, to consider official action.
 2. If the County Judge or, in his absence, the County Judge Pro-tem, determines that insufficient time exists to hold an emergency meeting of the Commissioners' Court, then that individual shall, in consideration of the safety of County employees and other citizens as well as interest in the availability of governmental services, determine whether to close buildings, in whole or in part.
 3. Once a decision has been made to close any governmental building, the County Judge shall make every attempt to notify local media to inform citizens of such closure. All affected County Elected Officials/Department Heads will also be notified of the closure as and to the extent practicable.
 4. Each Elected Official/Department Head should determine and implement whatever actions would be necessary to protect employees, customers, visitors, equipment, vital records, and other assets, particularly during the first three days of the event and during restoration of operations.
 5. Each Elected Official/Department Head should maintain current contact information on his or her employees. All employees are strongly encouraged to maintain contact with their Department Head or Elected Official during any closure.

6. The County's operating status will be communicated to all media. The County will provide general information on its operating status through the emergency alerting platform service and through the County website: www.co.orange.tx.us.
7. Once an official closure is over, all employees are required to report to their designated work areas as soon as possible following the order/announcement for resumption of normal operations, or as otherwise instructed by their Elected Official or Department Head.

D. Pay Practices During Emergency Closure. Orange County will provide pay/paid leave for essential and non-essential employees in the event of certain disasters and emergencies, as set forth below.

1. In the event of an official County closure, delayed start, or early release, all regular full-time employees and permanent non-seasonal part time employees will be paid their regular wages, as the hour(s)/day(s) will be recoded as official closure. This time off is not considered time worked and will not be used to determine eligibility for overtime.
 - a. In the event of localized or temporary closing, the affected employees will be compensated in accordance with paragraph (1) above, and all unaffected employees' compensation will be the same as during regular working conditions.
 - b. Extraordinary pay as described in section III.F. and below will not apply in the case of delayed start, early closure, localized/temporary closing, or any other official closure outside of a Declared Disaster.
2. Whenever there is an official closure of all County operations resulting from a Declared Disaster, any employee that has been designated *and approved* as Essential Personnel and that is required to remain at work or report to work will be compensated at their regular rate of pay in the same manner as non-essential employees. In addition, such Essential Personnel shall receive, in addition to their regular rate of pay, premium/extraordinary pay at ½ times their hourly salary for all documented time actually worked during which **emergency-related work** is performed.
 - a. All hours worked in excess of 40 hours per designated work week will be paid in accordance with FLSA guidelines.
 - b. The maximum number of work hours which may be recorded for any work day is limited to 24 hours per day during the first 72 hours of the emergency closure and 18 hours per day thereafter.
 - c. All hours must be documented on the appropriate form and personally signed by the Orange County Judge **and** County Judge Pro-tem.
 - i. No signature stamps will be permitted.

- ii. If either the County Judge or County Judge Pro-tem is not available for signature for any reason, the next most senior member of the Orange County Commissioners' Court will sign.
 - d. During a Declared Disaster, all Essential Personnel classified as exempt employees that receive premium/extraordinary pay pursuant to this provision shall be temporarily reclassified as non-exempt employees.
 - i. The temporary status as set forth in this provision shall begin immediately upon the activation of the EOC by the Orange County Judge and shall cease immediately upon the deactivation of the EOC by the Orange County Judge.
 - ii. If exempt Essential Personnel are no longer required (demobilized) before the deactivation of the EOC, their temporary status will cease upon demobilization.
 - e. The extraordinary pay for qualifying Essential Personnel described above will be paid only for hours actually worked during the course of a Declared Disaster.
 - f. This provision does not apply to Elected Officials, who are not eligible for extraordinary pay.
- 3. Any employee who is off or scheduled to be off on sick leave, Family and Medical Leave Act (FMLA) or disciplinary leave without pay during a period of emergency closure shall have their leave recorded as such.
- 4. Any essential employee who is off on paid leave may be required to return to work immediately.
- 5. An employee who is on vacation at the time county operations are halted due an emergency courthouse or county office closing shall be credited with appropriate leave for the numbers of hours county operations have been suspended during a disaster or other emergency.

To All Department Heads:

The past hurricane season has reminded us that in order to provide a more effective and efficient recovery from any type of disaster, the County must constantly improve its plans, programs and operations. This includes the Disaster Assistance Employee (DAE) program, which is the temporary placement of County personnel into disaster related jobs. Your assistance is required in order to ensure the success of this program. The outline of the DAE program follows.

PROGRAM DESCRIPTION

County departments are being asked to classify their staff as “essential” or “non-essential.” County employees identified as non-essential to their department’s emergency missions automatically became part of the DAE program.

DAE ASSIGNMENTS

DAEs can perform any number of tasks pre-disaster, during, or post-disaster. DAEs will be assigned according to their skills and abilities. The list below identifies the most common assignments for DAEs. Depending on the type and intensity of the disaster, other assignments may be added. These assignments may require annual training and distribution of equipment. Department directors need to remain flexible in allowing DAEs to attend required training given by OEM staff during the year.

1. Shelter Management:

DAEs will serve as staff in the special needs evacuation centers, the pet-friendly evacuation centers, as County liaisons in the Red Cross managed general population evacuation centers, and as liaisons and staff in post-disaster shelters. These are typically 12 hour shifts, day and night. This is a light labor job that takes place in and out of doors. Organization and communication skills are necessary. Multiple languages are a plus.

2. EOC Support:

Several positions are available within the Emergency Operations Center for people with experience working in an atmosphere that is fast-paced and requires multi-tasking. Office and computer skills are necessary.

3. Distribution Points and Staging Areas:

This is heavier work, usually outdoors. DAEs will load supplies into residents' cars, may off-load trucks and pallets, and will move equipment and boxes. Forklift drivers, inventory controllers, community relations people, and car counters will be necessary.

4. Warehouse Staff:

After a disaster, donation drives often take place. DAEs are needed to work in the warehouses that receive the donations. They will sort, box label, and load. Some lifting is required.

5. Volunteer Reception Centers (VRCs):

In large disasters, when spontaneous volunteers arrive on site, despite pleas to the contrary, VRCs must be open to receive and place them. Private, non-profits are the lead for these centers, but DAEs may be needed to augment staffing.

6. Disaster Assistance Centers (DACs):

Post-disaster, DACs may be open to offer information to affected residents about how and where to find services. DAEs will be needed to staff the centers. Multiple language skills are a plus.

7. Call Centers:

There are many possible needs for call takers, such as call-downs for evacuations and for the DAE program, to augment staff at the volunteers and donations hotline, and others. Clear voices and multiple languages are helpful.

8. FEMA Monitors:

These DAEs will be trained by and work with Road & Bridge when debris clearance is required.

COMPENSATION

Employees of Orange County working as DAE's will be paid in accordance with Personnel Policy #315. (Policy #315 is currently being revised) DAE assignment is not voluntary; it is made by the Director through the Office of Emergency Management. The role of the DAE is within County work rules and guidelines, and, as such, salaries must be paid to DAEs in the same manner as when these employees are reporting for their normal duties. In the event a non-hourly basis employee works in excess of their regularly scheduled shift, or works on a scheduled day off, they must be paid in accordance with overtime compensation provisions (under development), whether the work is carried out as part of an employee's normal daily job or as part of an emergency assignment as a DAE. The employee's individual department is responsible for covering these employee expenses, just as it covers salaries during non-emergency times. Such employee expenses may be reimbursable by FEMA and it is the responsibility of each individual department to carry out the reimbursement process, as with any other type of disaster-related expense.

The participation of every department is necessary in order to sustain an effective, efficient DAE program. Thank you very much for your cooperation. The success of his program will be of considerable benefit to all employees and residents of Orange County.

UNPAID PERSONAL LEAVE

I. PURPOSE

To provide a means for employees to secure limited time off when such time is needed for important personal reasons not covered by the Family & Medical Leave Act.

II. SCOPE

This policy applies to regular full-time employees of the county. The policy may be modified as to employees covered by a collective bargaining agreement.

III. POLICY

The county may grant to regular employees unpaid time off for substantial personal reasons, subject to the discretion of the employee's elected official/department head, provided such time does not materially affect the normal conduct of county business.

- A. Duration. The duration of personal time off ranges from a few hours to five days. For time off extending beyond five days, a leave of absence will be required. See Policy No. 317: Leave of Absence Without Pay.
- B. Conditions. In considering an employee's request for personal time off, the seriousness of the matter prompting the request should be considered by the department head/elected official. Such requests should be in response to serious personal needs rather than for occasional time off to rest or relax. Employees must make an effort to schedule ordinary personal and business affairs outside working hours.
 1. Examples of needs considered to be reasonable uses of unpaid personal time off include: extensive legal matters and the funeral of a friend or relative not covered by paid bereavement leave.
 2. Examples of causes not considered to be reasonable uses of unpaid personal time off include: chronic automobile trouble, non-emergency financial problems, visiting relative, other employment (moonlighting), and seeking employment outside the county.

IV. PROCEDURE

- A. The requesting employee's performance record and previously granted time off may be considered by the employee's department head/elected official prior to granting a time off request.
- B. When the need for absence from work is known in advance, the employee must notify his or her supervisor/department head/elected official immediately or as soon thereafter as possible.
- C. Employees will continue to be covered under all insured benefit plans while they are on approved personal time off, but will not accrue sick leave or any other leave benefits.
- D. An employee may choose to use vacation leave or any other appropriate accrued paid leave in lieu of unpaid time off.
- E. Department heads/elected officials should schedule any time off so as to avoid, to the greatest extent possible, the necessity of overtime or temporary help in the relevant department.

LEAVE OF ABSENCE WITHOUT PAY

I. PURPOSE

To enable employees to receive extended time away from work to satisfy military service obligations or to handle compelling personal business not covered under the Family & Medical Leave Act.

II. SCOPE

This policy applies to regular full-time employees. The policy may be modified for those employees covered by a collective bargaining agreement.

III. POLICY

Leaves of absence without pay may be granted to regular employees to maintain continuity of service only in instances where unusual or unavoidable circumstance require prolonged absence, in accordance with the following:

- A. Military Service Leave of Absence. An employee who volunteers or is called to active military duty in a branch of the U.S. Armed Forces will be granted a leave of absence according to applicable state and federal law for a period of active duty, for a period not to exceed five years. See Policy No. 314: Paid Personal Leave, for additional information regarding leave for military duty.
- B. Military Reserve Training. A regular employee on active military reserve status may take up to fifteen (15) days of unpaid leave a year for military reserve training, in addition to the paid leave benefit provided under Policy No.314.
- C. Personal Leave of Absence. A personal leave of absence to attend to compelling personal business may be granted to regular, full-time employees wholly at the discretion of the employee's department head/elected official. Length of a personal leave of absence may range from six (6) to thirty (30) consecutive calendar days, or longer, in the employee's department head/elected official's discretion, but should not exceed a total of ninety (90) days in one calendar year. To be eligible, the employee must have maintained a satisfactory record of employment with the county for a minimum of one year.

IV. "LEAVE OF ABSENCE" DEFINED

"Leave of absence" is defined as an excused absence without pay in excess of five working days. An absence involving paid time off (i.e., jury duty, sick leave or bereavement leave) is not considered a "leave of absence," nor is any absence which is less than five (5) days. "Leave of absence" for purposes of this manual does not include leave under the Family & Medical Leave Act, which is covered by Policy No. 318.

V. PROCEDURE

A. Application and Commencement.

1. Except in emergency situations where the need for leave is not known in advance, requests for leave of absence or an extension thereof, are to be submitted in writing to the employee's department head/elected official at least two weeks prior to the commencement date.
2. Employees must use all accrued sick and vacation leave before a personal leave of absence may commence, but not before a leave for military service may commence.
3. Excluding leave for military service, a personal leave of absence is approved at the discretion of the employee's department head/elected official, and may be denied if it would result in a significant interference with county operations, as determined by the department head/elected official.
4. There must be a reasonable expectation that the employee seeking a personal leave of absence will be available to return to regular employment on or before the expiration date of the leave.
5. Extensions of leaves of absence may be granted at the discretion of the department head/elected official.

B. Continuation of Benefits

1. No loss of accrued benefits with the county will occur as a result of the leave of absence, but not benefit credit will accrue toward vacation and sick leave entitlement for the duration of the leave, except for leaves for military service. See Policy No. 314.

2. For employees on personal leave for a leave of thirty (30) days or less, the county shall pay the cost of an employee's group health insurance. After thirty (30) consecutive day's leave of absence, the employee will be responsible for paying the entire cost of his or her group health insurance coverage and that of his or her dependents.
3. For employees on military leave, benefits shall be continued as set forth in Policy No. 314, and according to the applicable provision of state and federal law.

C. Reinstatement.

1. Upon return from a military service leave of absence, an employee shall be reinstated according to applicable law. See Policy No. 314: Paid Personal Leave.
2. Upon return from a personal leave of absence and any extension granted by the department head/elected official, an employee will be reinstated to a position in the following priority:
 - a. First: The employee's prior position, if available.
 - b. Second: A comparable position for which the employee is qualified, if available.
 - c. Third: A lesser position for which the employee is qualified, if available.
 - d. Fourth: If no work is available according to the reassignment priorities listed above, the employee will be terminated.
3. An employee on a personal leave of absence must notify his or her department head/elected official at least two weeks prior to end of leave regarding availability for return to work.
4. The county may require employees to have a physician's release or a physical examination, scheduled and paid by the county, to determine fitness for work prior to return from a personal leave of absence.

5. An employee's failure to return from a personal leave of absence, or to contact his or her department head/elected official or the Human Resources Department within three days after the scheduled date of return, may subject the employee to disciplinary action and may be considered as a voluntary resignation by the employee.

3. Be employed at a worksite
 - a. with 50 or more employees; or

1. Birth or adoption and/or care of a newborn or newly-adopted child. Eligible employees may request a leave of absence because of the birth of a child, or the placement of a child with the employee for adoption or foster care, and to provide care for such child. 4. Qualifying exigency leave for families of members of the National Guard and reserves when the covered military member is on active duty or called to active duty in support of a contingency operation.
5. Military caregiver leave (also known as covered service member leave) to care for an ill or injured service member.

Military Leave may be extended up to 26 weeks in a single 12-month period for an employee to care for a spouse, son, daughter, parent or next of kin covered service member with a serious illness, or injury incurred in the line of duty on active duty. Next of kin is defined as the closest blood relative of the injured or recovering service member.

B. Paid vs. Unpaid Leave. FMLA provides eligible employees with up to 12 workweeks of unpaid leave. If an employee has accrued paid leave or is otherwise entitled to paid leave, the employee must use any qualifying paid leave first. "Qualifying paid leave" is leave that would otherwise be available to the employee for the purpose for which the FMLA leave is taken, and includes sick leave, vacation, and any other paid leave offered by the county for which the relevant employee is eligible. Any paid leave used for an FMLA qualifying reason will be charged against an employee's entitlement to FMLA leave. This includes leave for disability or workers' compensation injury/illness, provided that the leave meets FMLA requirements. The remainder of the 12 workweeks of leave, if any, will be unpaid FMLA leave. The substitution of paid leave for unpaid leave does not extend the 12 workweek leave period.

EXAMPLE: An employee with 40 hours of accrued sick time and 80 hours of accrued vacation time wishes to take off for a total of 4 weeks due to surgery.

The employee's sick leave is exhausted:	1 week (40 hours) Then
the employee's vacation leave is exhausted:	2 weeks (80 hours) The
balance of time is taken as unpaid leave:	<u>1 week (40 hours)</u> The
employee's total time away from work:	4 weeks (160 hours)

The employee has a remaining balance of 8 weeks of Family and Medical Leave available for the next 12 months for any FMLA qualifying purpose.

C. Determining the "12-Month Period." The method for determining the "12-month period" during which an employee may take his or her 12 weeks of family and medical leave is a **"rolling" 12-month period measured backward from the date an employee used any FMLA leave.**

1. Calculating Leave Entitlement. Each time an employee takes family or medical leave under the FMLA, the remaining leave entitlement will consist of any balance of the 12 weeks which had not been used during the immediately preceding 12 months.

EXAMPLE: If an employee has taken eight weeks of leave during the past 12 months, an additional four weeks of leave could be taken. If an employee uses four weeks beginning February 1, 1999, four weeks beginning June 1, 1999, and four weeks beginning December 1, 1999, the employee would not be entitled to any additional leave until February 1, 2000. However, on February 1, 2000, the employee would be entitled to four weeks of leave, on June 1, 2000, the employee would be entitled to an additional four weeks of leave, etc.

2. Change of Method. **The method of determining the "12-month period" set forth in this policy shall take effect on October 1, 1999, the effective date of this policy, as the policy was adopted more than 60 days prior to that date.** If the Commissioners Court, by order, changes the method for determining the "12-month period," the Human Resources Department shall provide at least 60 days' notice to all employees prior to the effective date of the change. Any change will be implemented to insure that each employee retains the full benefit of 12 weeks of leave under whichever method affords him or her the greatest benefit. The county will not adopt or implement any new method in an attempt to avoid the FMLA's leave requirements.
3. Military Leave – 26 weeks – An employee can take up to 26 weeks for the FMLA circumstance as stated above in Policy III A Leave Entitlement, for the military caregiver, during a single 12 month period. For this military

caregiver leave, the County will measure the 12 month period as a rolling 12 month period measured forward. FMLA leave already taken for other FMLA circumstances will be deducted from the 26 weeks available. If a husband and wife both work for Orange County and wish to take leave to care for a covered injured or ill service member, the husband and wife may only take a combined total of 26 weeks of leave.

D. Intermittent Leave or Reduced Leave Schedule. Intermittent leave is leave taken in separate blocks of time. A reduced work schedule is a leave schedule that reduces an employee's usual number of hours per workweek or hours per workday.

1. Leave to care for a newborn or newly placed child **may not be taken intermittently or on a reduced work schedule unless the employee's department head/elected official agrees** with respect to an individual leave request.
2. Leave because of an employee's own serious health condition, or to care for an employee's spouse, child, or parent with a serious health condition, may be taken all at once or, where medically necessary, intermittently or on a reduced work schedule.
3. If an employee takes leave intermittently or on a reduced work schedule basis, the employee must, when requested, attempt to schedule the leave so as not to unduly disrupt county operations. When an employee takes intermittent or reduced work schedule leave for foreseeable planned medical treatment, the county may temporarily transfer the employee to an alternative position with equivalent pay and benefits for which the employee is qualified and which better accommodates recurring periods of leave.

E. Benefits and Seniority.

1. No loss of seniority shall occur while the employee is on any leave of absence covered by the FMLA. **The taking of leave shall not result in the loss of any employment benefit accrued by the affected employee prior to the date on which the leave commenced. Seniority and employment benefits do not accrue during any period of FMLA leave.**
2. An employee entitled to FMLA leave shall be entitled, on return from any such leave, to be restored:
 - a. to the position of employment held by the employee when the leave commenced, or

- b. to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.
3. **The taking of family and medical leave does not entitle any employee restored to employment to any right, benefit, or position of employment, other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave.**
4. During the period of leave, the county shall maintain an employee's coverage under any group health plan for the duration of such leave at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of such leave.
 - a. Employees must continue to pay their portion, if any, of the cost of their group health and welfare insurance premiums throughout the leave period.
 - b. The county may recover the premium paid by the county for maintaining coverage for an employee under a group health plan during any period of unpaid leave, if the employee fails to return from leave after the period of leave to which the employee is entitled has expired, for a reason other than the continuation, recurrence, or onset of serious health condition, or other circumstances beyond the employee's control.
 - c. In cases where the employee fails to return to work after the end of the leave period to which the employee is entitled because of the continuation, recurrence, or onset of a serious health condition, or other circumstances beyond the employee's control, the county may require the employee to provide medical certification of the employee's or the family member's serious health condition.
- F. Spouses Employed by the County. For two employees employed by the county who are spouses, the aggregate number of workweeks of leave to which both are entitled is limited to twelve (12) workweeks during any 12-month period, if such leave is taken for the birth or placement of a child for adoption or foster care, or to care for such child after birth or placement, or to care for a parent who has a serious health condition. Each spouse may be entitled to additional FMLA leave for other qualifying reasons, but no more than a total of 12 workweeks per spouse per year.
- G. **Employment-at-Will.** This policy does not create a contract between the county and any person, for employment or entitlement to benefits, and it does

not alter the employment-at-will relationship. No commitments regarding employment or continuation of any benefit programs are made herein.

- H. **Prohibited Act.** The county strictly prohibits any interference with an employee's exercise of leave rights provided by the FMLA. No employee may be discharged or otherwise discriminated against for opposing any practice prohibited by the FMLA. In addition, an employee may not be discharged or otherwise discriminated against for instituting a claim for an alleged violation of the FMLA or for giving information or testimony with respect to such a claim.

IV. DEFINITIONS

- A. Child, Son, or Daughter. Anyone who is the employee's biological, adopted, or foster child, stepchild, or legal ward, and who is under 18 years of age or who is 18 years of age or older and incapable of self-care because of a mental or physical disability. This definition may also include a child for whom the employee has day-to-day responsibility, i.e., for whom the employee stands in loco parentis.
- B. Employment Benefits. All benefits provided or made available to employees by the county, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions.

- F. Spouse. A husband or wife, as the case may be.

V. PROCEDURES

- A. Application and Commencement.
1. **Notice of Intent to Take Leave/Leave Form.**

- a. Notice of intent to take leave under the FMLA should be made in writing, if possible, although verbal notice is sufficient. Notice may be given by the employee, or if he or she is unable to do so personally, by his or her spouse, adult family member, or other responsible party. Such notice should be made to the employee's department head/elected official or to the appropriate supervisory employee within the employee's department's chain of command, who shall promptly forward the notice to the department head/elected official. If notice is submitted to the department head/elected official or supervisory employee, the department head/elected official shall forward notice to the Human Resources Department for processing.
 - b. The Human Resources Department shall administer the leave and be responsible for obtaining the relevant certifications, as described below, and any other necessary information. In the event there is a doubt concerning the validity of any certification, the Human Resources Department shall consult the relevant department head/elected official, or the Commissioners Court, as appropriate, to determine the necessity for a second and/or third opinion as described below.
2. **Leave Foreseeable.** When leave is foreseeable for childbirth, placement of a child, or planned medical treatment for the employee's or family member's serious health condition, the employee must provide the county with at least thirty (30) days advance notice, or such shorter notice as is practicable (*i.e.*, within one (1) or two (2) business days of learning of the need for the leave). If an employee's need for leave is foreseeable, and the employee fails to give thirty (30) days notice, the employer may deny leave until thirty (30) days have elapsed from the date the employee provides notice of the need for leave.
 3. **Leave Unforeseeable.** When the timing of the leave is not foreseeable, the employee must provide the county with notice of the need for leave as soon as practicable.
 4. **Certification.** Leave for the serious health condition of the employee or a family member must be supported by a certification issued by the health care provider of the employee or of the son, daughter, spouse, or parent of the employee, as appropriate. The employee may obtain a certification form from the Human Resources Department for this purpose, made a part of this manual as Appendix N, or the health care provider may provide, in letter form, the information specified below. The county may require the appropriate medical certification before leave is granted.

- a. When the leave is to care for a sick child, parent, or spouse, the requesting employee must submit a Certification of Health Care Provider for Family Member's Serious Health Condition form also available in the Human Resources Office. The employee must respond to such request within 15 days of the request or provide reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.
- b. In addition, in the case of intermittent leave or, leave on a reduced leave schedule, for the serious health condition of the employee's family member, certification must include a statement that the employee's intermittent leave or leave on a reduced leave schedule is necessary for the care of the son, daughter, parent, or spouse who has a serious health condition, or will assist in their recovery, and the expected duration and schedule of the intermittent leave or reduced leave schedule.
- c. When the leave is for the employee's own serious health condition, the employee must submit the DOL Certification of Health Care Provider for Employee's Serious Health Condition.
- d. In addition, in the case of intermittent leave or leave on a reduced leave schedule, for the employee's own serious health condition, certification must include a statement of medical necessity for the intermittent leave or leave on a reduced leave schedule, and the expected duration of the intermittent leave or reduced leave schedule.
- e. In addition to the requirements specified above, when leave is for planned medical treatment, on an intermittent leave or reduced leave schedule basis, the employee must provide the dates on which such treatment is expected to be given and the duration of such treatment.
- f. When leave is for Qualifying Exigency for Military Family Leave the employee must submit DOL Certificate of Qualifying Exigency for Military Family Leave. Employee must respond within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.
- g. When leave is for Serious Injury or Illness of Covered Service member for Military Family Leave.
- h. The county may require that an employee who has obtained certification obtain subsequent re-certifications on a reasonable basis, i.e., every thirty (30) days.

5. **Documentation of Family Relationship.** In addition to certification, when leave is taken to care for a family member, the county may require the employee to provide documentation or statement of family relationship (*e.g.*, birth certificate or court document). In compliance with HIPPA Medical Privacy Rules, the County will obtain the employee's family member's permission for clarification of individual identifiable health information.
6. **Planned Medical Treatment.** When the leave is for planned medical treatment, the employee must attempt where possible to schedule the treatment so as not to disrupt county operations.
7. **Second Opinions.** When leave is taken to care for a family member with a serious health condition or for the employee's own serious health condition, the county may require that the employee obtain, at county expense, the opinion of a second health provider designated or approved by the county concerning any information required to be certified by the employee's health care provider.
8. **Third Opinions.** In the event of a conflict between the first and second opinions, the county may require, at the expense of the county, that the employee obtain the opinion of a third health care provider designated or approved jointly by the county and the employee. In such an event, the opinion of the third health care provider shall be final and binding on both the county and the employee.
9. **County Notification.** The Human Resources Department shall notify the employee that leave has been designated as FMLA leave. The Human Resources Department shall also provide information to the employee, in writing, regarding any requirements for the employee to furnish medical certifications and a fitness for duty certification upon return to work, as set forth in this policy and in the FMLA, as well as the consequences of failing to provide such certification.
10. **Provisional Designation.** The county may provisionally designate the employee's leave as FMLA leave if the county has not received medical certification or has not otherwise been able to confirm that the employee's leave qualifies as FMLA leave.
11. **Designation After Leave.** If the employee has not notified the county of the reason for the leave, and the employee desires that leave be counted as FMLA leave, the employee must notify the Human Resources Department within two (2) business days of the employee's return to work that the leave was for an FMLA reason.

B. Time on Leave.

1. Any employee on FMLA leave must report to his or her department head/elected official or the Human Resources Department, as designated by the department head/elected official, on a weekly basis or other reasonable, non-discriminatory periodic basis, as determined by the department head/elected official, concerning the employee's status and intent to return to work.
2. Employees on family or medical leave may not work elsewhere while on leave, except as part of an approved rehabilitation program, and employees are to comply with any and all applicable personnel policies, such as confidentiality and conflict of interest, while on leave.
3. Failure to comply with applicable policies may lead to disciplinary action, up to and including termination of employment.

C. Reinstatement.

1. Upon return from a family and medical leave of absence, the employee will be restored to the position of employment held by the employee when the leave commenced or to an equivalent position for which the employee is qualified, with equivalent benefits, pay, and other terms and conditions of employment, and involving the same or substantially similar duties and responsibilities, entailing substantially equivalent skill, effort, responsibility, and authority. **An employee has no greater rights upon reinstatement than if the employee had been continuously employed during the FMLA leave period. Changes in assignments, duties, hours, schedules, and the like may occur due to the necessities of county operations.**
2. Where leave is granted for an employee's own serious health condition, that employee must submit to his or her supervisor, prior to returning to work, a medical fitness for duty certification from the employee's health care provider, with respect to the condition for which the leave was taken, stating that the employee is able to resume work. No second or third opinions shall be requested for a fitness for duty certification.
3. The county shall reasonably accommodate any employee with a disability released to return to work in accordance with the ADA, and shall otherwise comply with that statute and the county's ADA policy in any employee's return to work from FMLA leave.

4. **Limitations on Reinstatement.**

- a. **An employee is entitled to reinstatement only if he or she would have continued to be employed had FMLA leave not been taken. An employee is not entitled to restoration if the employee would have been laid off or terminated, due to reduction-in-force or other reason, including disciplinary reasons unrelated to any FMLA leave, during the time the employee was on leave had the employee remained at work.**
- b. An employee's supervisor (either the Commissioners Court or a department head/elected official) may deny reinstatement to a salaried, eligible employee who is among the highest paid 10 percent of the county employees employed within 75 miles of a county worksite (a "key employee"), if such denial is necessary to prevent substantial and grievous economic injury to county operations as a whole or to the relevant department. In any such case, the following procedures shall apply:
 - I. The Human Resources Department, after consultation with the Commissioners Court or the department head/elected official, as appropriate, and the County Attorney's Office, shall give written notice to the employee of his or her status as a "key employee" in response to the employee's notice of intent to take FMLA leave.
 - II. The Commissioners Court or the relevant department head/elected official shall notify the Human Resources Department of its decision to deny job restoration, as soon as the decision is made. The Human Resources Department shall in turn immediately notify the employee, in writing, that the county will deny job restoration and explain the reasons for this decision. Prior to forwarding any such notice to the employee, the Human Resources Department shall submit the written notice to the County Attorney's Office for review.
 - III. In any case where notice of intent to deny reinstatement is given after leave has commenced, the employee shall be offered a reasonable opportunity to return to work from FMLA leave.

IV. If the employee requests restoration at the end of the leave period, the employer must give the employee a final written determination as to whether reinstatement will be denied.

D. Failure to Return to Work Following FMLA Leave.

1. An employee's failure to return from leave, or failure to contact his or her immediate supervisor/department head/elected official or the Human Resources Department on the schedule date of return, will be considered a voluntary resignation.
2. As set forth in Paragraph III.E.4.b. of this policy, the county may recover health insurance premiums that the county paid on behalf of the employee during any unpaid FMLA leave except that the county share of such premiums may not be recovered if the employee fails to return to work because of the employee's or a family member's serious health condition or because of other circumstances beyond the employee's control.

E. Posting of Relevant Provisions. The county has posted, in accordance with the FMLA, in conspicuous places where notices to employees, applicants for employment, and members of the public are customarily posted, in the courthouse, the administration building, county courthouse annexes, and the Sheriff's Department, a notice setting forth the pertinent provisions of the FMLA. **Employees should refer to such notices, as well as the Human Resources Department, for additional information concerning the FMLA or this policy.**

MEAL PERIODS AND SHORT REST PERIODS

I. PURPOSE

To provide employees with a lunch period and breaks during working hours.

II. SCOPE

This policy applies to all employees.

III. POLICY

- A. The scheduling of employee meal periods shall be determined by the department head/elected official or his/her designee, in a manner to facilitate efficient department operations and service to the public.
- B. Short rest periods or "coffee breaks" promote the efficiency of the employee, and may be allowed at the discretion of the department head/elected official.

IV. PROCEDURE

- A. The normal length of the meal period shall be one hour.
- B. For computation of hours worked, employee shall be considered to be off-duty during bona fide meal periods, as defined by the Fair Labor Standards Act. "Bona fide meal period" means that the employee is completely relieved from duty for the purpose of eating regular meals. Meal periods are compensable where circumstances require an employee to remain in an on-duty status during the meal period.
- C. Short rest periods should normally be for a period of not less than five (5) nor more than twenty (20) minutes, at the discretion of the department head/elected official.
- D. Working during a scheduled break is not compensable, and is not to be used in calculating the employee's overtime eligibility.

TRAVEL

I. PURPOSE

To establish guidelines for travel related to county business.

II. SCOPE

All employees traveling on county business must adhere to this policy.

III. RESPONSIBILITIES OF COUNTY AUDITOR AND OFFICIALS

- A. Administration of this policy is the responsibility of the County Auditor, who shall develop and maintain any and all necessary forms, and present modifications to the Commissioners Court, as deemed necessary by the Auditor.
- B. Each department head/elected official is responsible for advising their employees to review this policy to understand its intent and requirements, prior to any such employee engaging in business travel.
- C. If extraordinary circumstance prevents compliance with the travel policy, travel arrangements must be approved by the department head/elected official and the Auditor.

IV. POLICY

Approval for Travel: All business travel plans require prior approval by the respective department head/elected official. When traveling for County business, the most economical and appropriate form meeting the traveler's needs should be used.

- A. Travel in excess of 800 miles for County business needs approval by Commissioner's Court.
- B. Expenses in Excess of Monthly Auto Allowance: Auto mileage reimbursements for personnel receiving monthly car allowances shall be limited to expenses for travel to destinations of fifty (50) miles or more from the courthouse.
- C. Travel Advances:
 - 1. An Employee may receive a travel expense advance, in the form of a check, for anticipated travel, by submitting a Traveling Expense Form, County Auditor Form 194, sufficiently in advance, as determined by the auditor, of travel plans
 - 2. If for some reason an employee's travel plans are cancelled after he/she obtains a travel advance, the employee must either return the advance check to the county or reimburse the county for the amount advanced within 72 hours of the

time the travel was cancelled, unless the trip is to be rescheduled for a departure date of within two (2) weeks of the date of the cancelled travel.

D. Credit Cards:

1. An employee may use credit cards, excluding p-cards, to pay county travel expenses.
2. An employee may be reimbursed for the use of his or her own personal credit card, supported by all relevant receipts.
3. An employee may use the card issued to the County Auditor, subject to availability and to any requirements of the issuing company. Any request for the use of the card must be made at least 48 hours in advance of the employee's departure.

E. Air Travel Policy:

1. Travel by air is acceptable without the approval of Commissioner's Court whenever travel by car is longer than 300 miles but less than 800 miles one way with a single person traveling or air travel is cheaper than travel by car (including cost of other transportation necessary besides the flight).
2. It is acceptable to travel a day early in order to receive a discounted air fare; however, the savings in air fare MUST exceed any hotel, meal and incidental expenses incurred due to early travel
3. Note: Consideration should be given to the number of personnel traveling to the same destination thus making travel by driving more economical as a whole.
4. Any request for such travel must be supported by appropriate documentation which sets out the necessity for such expenditure.
5. All domestic air travel (including Canada and Mexico) shall be in coach or economy class.
6. Travel arrangements should be made as far in advance as possible to take advantage of the most economical rate. Airline discounts are now generally available only when tickets are purchased at least 21 days in advance. Every effort should be made to take advantage of excursion fares.

7. Travel should be scheduled to allow for the most economical fares but should not force an employee to travel after 11:59 pm.
 8. If there are charges associated with changing reservations, the county will pay for such charges, provided the county required the change or the change was beyond the control of the employee. Charges incurred for any other reason will be the responsibility of the employee. This includes changes to get on an earlier or later flight.
 9. Travel to and from airport terminals is to be by the least costly method available consistent with business requirements, e.g., airport bus or shuttle, taxi, air commuter, or personal automobile. Parking and storage fees should be considered in determining the least costly method and those fees should also be the least costly available. On trips of more than one day's duration, long-term parking must be used and such receipts must be attached to the Traveling Expense Claim.
 10. Charges imposed by a carrier on personal luggage that exceeds weight or other established limitations will be borne by the employee, unless a particular exception to this policy, such as for overweight charges for business materials that an employee is specifically authorized to carry in or as part of his/her personal luggage, is approved by Commissioners' Court.
- F. Travel by Vehicle:
1. When two or more County travelers are traveling to the same site by vehicle, they should use only as many vehicles as are required to accommodate the number of travelers and business needs of the County. County travelers that must refrain from having contact with one another in numbers that create a quorum (commissioners) or for other legal requirements are exempt from this rule if adherence would create an undue burden in following the law.
 2. Rental Car:
 - a. The use of a rental car is permitted when an employee travels to a destination by air and in other situations where it is in the interest of the county to do so and there is no other reasonable means of transportation, including walking. Rental charges must be supported by a receipt.
 - b. Personal medical insurance should NOT be purchased from the car rental agency since employees are already covered under workers

compensation insurance. Any such personal medical insurance purchased directly by the employee is not reimbursable and the employee must reimburse the county for any such insurance purchased on a county card.

- c. For fewer than three employees traveling together, the county will pay for or reimburse an employee for the cost of a compact rental car. Upgrades to mid-size are permissible if three or more employees travel together.
- d. Expenses for rental cars retained over weekend shall be borne by the employee, except when retained for travel on county business.
- e. The employee must comply with any rental car agreement in returning a rental car with the required amount of gasoline at the cheapest available means.

3. Use of Personal Vehicle:

- a. Employees traveling by personal automobile on county business are required to carry, at the employee's expense, public liability, and property damage insurance at the minimum required by law.
- b. **ONLY IF** a county vehicle is unavailable will mileage expenses for private vehicles be reimbursed at the current federal rate published on the travel request form, with the following provisions:
 - 1. Unavailability of a county vehicle must be verified by the office maintaining the checkout of the county vehicle(s).
 - 2. In all cases where standard distances in miles are available from the official state mileage tables or state maps, auto mileage expenses will be limited to such standard round-trip miles. Odometer readings of beginning and ending mileage should be included on all travel claims, subject to audit in accordance with such tables and maps.
 - 3. Mileage in addition to that described under a) above, is allowable for additional necessary travel in the course of a trip provided it is documented by a signed report showing departure point and specifically explaining the county business requiring such addition travel.

4. If a County traveler chooses to use a separate private vehicle because of personal preferences, he/she will be eligible for fuel and other expenses of an emergency nature with appropriate receipts.
5. If a County traveler chooses to use a private instead of an alternative mode of transportation chosen by the department head/elected official because of personal preference, his/her mileage reimbursement shall not exceed the cost of using the alternative mode of transportation unless the department head/elected official determines that the additional reimbursement is appropriate and justified and the county auditor signs off on the expenditure.
6. Use of County Vehicle:
 - a. Use of a county vehicle is required when a county vehicle is available, for all travel to destinations of fifty (50) miles or more from the Courthouse.
 - b. Reimbursable expenses for the use of a county vehicle include gasoline, oil, or other expenses of an emergency nature, which might arise in connection with the vehicle, subject to the following provisions:
 1. Receipts for all such allowable expenses must be submitted with an employee's claim for reimbursement. Receipts for any charges made on any county credit card(s) must also be submitted.
 2. Odometer readings of beginning and ending mileages on the county vehicle must also be submitted.

G. Miscellaneous Auto Expenses:

Other reimbursable expenses for travel by both county and personal vehicle include road tolls and parking fees, where unpaid parking facilities are not available. Employees are responsible for the full cost of any parking tickets, moving and non-moving violations, or any such traffic offenses, fees, or expenses.

H. Rooms and Meals:

1. Meal expenses are reimbursable, subject to the following provisions:
 - a. Meal expenses shall be reimbursable only for travel to destinations of fifty (50) miles or more from the Courthouse
 - b. Reimbursable meal expenses are limited to a total of \$45.00 per day, including meal tip. Documentation is not required to be submitted in support of meal expense; however, no food or drink expenses, other than those included with meals, are allowable, and no alcoholic beverages are allowable. Receipts for any meals charged on a county credit card must also be submitted for audit, and such charges shall be subtracted from the amount of reimbursement paid to an employee for meals.
 - c. Meals provided by conferences and airlines must be utilized and per diem will be reduced accordingly.
 - d. Breakdown for partial travel days is \$10-breakfast, \$13-lunch, and \$22-dinner.
2. Hotel/motel room costs are limited to \$175.00 per day excluding taxes for single or double occupancy.
 - a. Double occupancy of hotel/motel rooms is preferred in cases where any two or more county employees or officials of the same sex are traveling together.
 - b. Itemized hotel bills must be submitted for reimbursement of such expenses, and receipts for any such charges on county credit cards must also be submitted for audit. All hotel and related expense must also be itemized on the traveling expense report form, to show meals, telephone charges, WIFI, parking, etc. In-room movies and use of mini-bars are considered personal expenses and therefore are not reimbursable.

- c. If the above specified room rates are not available, an employee's department head/elected official may request an exception from Commissioner's Court to exceed the specified rate. Pre-approval by Commissioner's Court, at the request of the relevant employee's department head/elected official, is required for any hotel or lodging expense exceeding \$175.00 per day excluding taxes.
- d. Any cancellations must be made within the time specified by the hotel. The county will not pay for no-shows.

I. Miscellaneous Disallowed Expenses:

- 1. Miscellaneous/Unexplained Items - unexplained items labeled "Miscellaneous" on a bill or invoice are not allowable expense items. Some examples of items not considered allowable are: Newspapers, magazines, movies, shoe shines, personal expenses incurred for household services due to employee's absence on a business trip, etc.
- 2. Non-county Employee Expenses: no expenses for non-county employees (family or friends) traveling with an employee on county business-related travel shall be reimbursed. All meal receipts and hotel/motel bills must be redacted to demonstrate only those expenses related to county travel for employees. For example, hotel/motel bills should be reduced to the single rate, if only one employee occupied a room.
- 3. Entertainments Expenses: Entertainment expenses are not reimbursable.

V. PROCEDURE

- A. Traveling Expense Form, County Auditor Form 105, must be used to report all travel and entertainment expenses.

III. POLICY

- A. All full-time employees are encouraged, but not required, to join the Sabine Federal Credit Union (Revised: September 24, 2012). EMPLOYEE INSURANCE BENEFITS

I. PURPOSE

To provide county employees with comprehensive insurance coverage for themselves and their spouses and dependents.

II. SCOPE

This policy applies to all eligible county employees.

III. POLICY

The county provides a comprehensive group health program for regular, full-time employees. Literature detailing the benefits offered by the program will be distributed to each new employee. In addition, extra copies of all such material are available to employees in the Human Resources Department. In addition to the foregoing, the county also provides insurance programs as mandated by state and federal regulations for all employees.

The following are brief summaries of these programs. Employees are encouraged to contact the Human Resources Department for more information.

- A. Group Insurance. The county offers major medical, dental, life, and accidental death and dismemberment insurance to regular, full-time employees. The premiums for coverage to the employee are currently paid by the county. The county also currently pays a portion of the premiums for dependant coverage. An employee is not eligible to receive group insurance benefits during the first 60 days of employment. See also Policy No. 160: Orientation Period. Spouses of employees are not eligible for coverage, if coverage is offered to the spouse through their employer. The County will not provide secondary coverage for spouses. (Revised: September 8, 2015)
- B. Social Security. All employees are covered by Federal Social Security Act. A required percentage of an employee's salary is deducted to pay the employee's portion of this protection. This plan was designed for an employee's future security and that of his or her dependents by providing retirement, disability, death, survivor, and Medicare benefits.
- C. State Unemployment Insurance. This program is funded entirely by employers in this state. The program provides weekly benefits to employees who become unemployed through no fault of their own or circumstances described in the law.

- D. COBRA Benefits. After an employee's separation from employment with the county, benefits are available to provide continuing health and dental coverage to an employee under the federal COBRA statutes. See the Human Resources Department for additional information.

- E. Additional Insurance Benefits. The county, through various vendors, may offer additional health insurance benefits to employees, at the expense of the employees. See the Human Resources Department for additional information.

WORKERS' COMPENSATION

I. PURPOSE

To detail statutory workers compensation benefits offered by the county to all eligible employees.

II. SCOPE

This policy applies to all eligible county employees.

III. POLICY

- A. Compliance with State Law. The county shall comply with the Texas Workers' Compensation Act and all other applicable state and federal standards. The employment status of an employee shall not be affected by the filing or pursuit of a claim. In addition, the fact that a prospective employee previously filed a claim shall not be considered in a decision to hire that prospective employee. However, nothing stated herein shall prevent an otherwise lawful termination or discipline of an employee. See also Policy No. 125: Employee Claims for Workers' Compensation Benefits: No Discrimination of Retaliation.
- B. Administration of Program. The county currently has workers' compensation coverage through the Texas Association of Counties. The Human Resources Department shall process workers' compensation claims in accordance with all applicable standards and provisions of the Texas Workers' Compensation Act. An employee injured in the course of employment shall receive benefits in accordance with the act. Benefits are available to cover most of the economic loss resulting from an on-the-job injury, including loss of earnings and out of pocket expenses.
1. Employees, their elected official/department head or supervisor are required to report a workplace accident or injury to the Risk Management Coordinator and the Human Resources Department within 24 hours of the time of the accident or injury or the next business date. See Policy No. 710: Accidents/Injuries Reporting. In addition, department heads/elected officials may establish their own guidelines for reporting of accidents within the relevant department.
 2. The requirement for utilization of sick leave benefits differs for non-law enforcement employees and law enforcement employees. See Policy No. 313 for the policy governing utilization of sick leave benefits.

3. Employees returning to work may be required to submit to a medical examination depending upon the employee's duties and the nature of the injuries sustained.
- D. No Admission. The processing of a claim or the awarding of workers' compensation benefits to an employee shall not be construed as an admission of guilt or negligence on the part of the county.
- E. Baseless compensation Claims. An employee, who files a baseless or merit less compensation claim, as determined by a court of competent jurisdiction, shall be subject to discipline up to, and including, termination of employment.

RETURN TO WORK

I. PURPOSE

This policy covers employees who are on leave due to an occupational injury or illness. Because employees are our most valuable resource, Orange County attempts to help employees return to work as soon as possible after their physician verifies their fitness to do so.

II. SCOPE

This policy applies to all eligible county employees.

III. POLICY

- A. Coordination with Attending Physician. - An employee on leave due to a work-related disability can return to work only when Orange County receives the attending physician's written medical release authorizing such return. Orange County Human Resource's Office is responsible for providing the physician with a copy of the employee's job description, copies of job descriptions for potential light-duty assignments, and written information explaining Orange County's return to work program.
- B. Job Descriptions. - Each Elected Official and Department Head is responsible for working with the supervisors to ensure that job descriptions accurately and completely describe the essential functions of each position. Each elected official works with the Human Resources Office and medical consultants to analyze any new light duty position and develop a job description describing the essential functions of that position.
- C. Return to Work Options. - Arrangements to facilitate an employee's early return to work are made in consultation with the employee's attending physician and/or other qualified medical professional retained by Orange County or its insurance carrier. The following options are explored.
 - 1. Return to Prior Position - An employee is offered the opportunity to return to his or her prior position if the attending physician certifies that the employee can perform the essential functions of the job with or without reasonable accommodations. The Human Resources Office is responsible for working with the employee's Department Head and attending physician (and third-party consultants, as necessary) to provide any reasonable accommodations.

2. Light Duty. - An Employee who is not yet able to return to their former duties is offered (subject to the restrictions set in section D of the policy) a temporary light-duty assignment that has been approved by the employee's attending physician. The Orange County Human Resources Office is responsible for working with the employee's supervisor, the elected officials, and the employee's attending physician to develop and implement the light-duty assignment. The assignment can consist of the employee's regular job with reduced working hours and/or activities of an alternate light duty position.
- D. Restriction on Light Duty Assignments - The following restrictions may apply to light duty assignments:
1. No Guarantee of Work. As provided in section C of the policy. Orange County must endeavor to return employees to gainful employment as soon as possible by exploring possible light-duty assignments. However, Orange County does not guarantee the availability of light duty work.
 2. Pay Rates and Workers Compensation Benefits. Employees on light duty are not guaranteed the rate of pay they received for the position they held at the time they sustained their work-related injury or illness. (Exception: Certain law enforcement personnel, deputies, and jailers are guaranteed 100% salary continuation as long as they are incapacitated under workers' comp. standards). The pay rate for a light- duty assignment is based on the knowledge, skills and abilities required for the job as well as general market conditions (Texas regulations prevail in situations where the pay rates differ). Employees who return to work in light duty position before they have reached maximum medical improvements are eligible for temporary partial disability benefits under Texas's workers' compensation program if they earn less than they earned in the position held at the time they sustained the work-related accident or illness.
 3. 12-Week Limit. Light duty assignments are temporary arrangements intended to complement and facilitate the healing process. Light-duty assignments cannot exceed 12 weeks without approval from Orange County elected Officials.

- E. Employee Refusal of Work/Training. In the event that an employee refuses to return to regular or light duties in the response to a written, bona fide offer of employment by Orange County sent via certified mail, the employee is separated from Orange County and his/her position will be filled permanently. (Note: An exception to the rule applies in the case of employees who have not yet exhausted their FMLA leave entitlement. See Section H).

A written offer of employment must clearly state:

1. The position offered and the duties of the position;
2. Orange County's agreement to any limitations or conditions set out in the attending physician's certification of the employee fitness to return to work
3. The job's essential functions; and
4. The job's wages, working hours and location.

- F. Permanent Disabilities: When reaching maximum medical improvement, an employee can have a permanent disability that impairs the employee's ability with or without reasonable accommodations, to return to his or her regular position. Orange County, in consultation with the employee's attending physician and Texas's Workers' Compensation Department, must evaluate the following options:

1. Securing vocational rehabilitation services from Texas's Employment Department or private consultants, as appropriate. Services can include assessment and testing, counseling, and training.
2. Finding a position at Orange County commensurate with the employee's knowledge, skills, and abilities.

Employees with permanent disabilities are paid partial or total permanent disability benefits as required under Texas's Workers' Compensation Program.

- G. Medical Information - All employee medical information is held in strict confidence in accordance with the American's with Disabilities Act. Medical inquiries are limited to those permitted under the Texas's Workers' Compensation statute and applicable federal law.

- H. Coordination With FMLA. - Nothing in this policy should be constructed as denying employees their rights under the Family and Medical Leave Act (FMLA) or any other federal or state law.

It is Orange County's policy to designate an employee's leave due to a work-related injury or illness as FMLA leave. To the extent permitted by the FMLA, Orange County counts the period of an employee's light duty assignment toward the employee's FMLA entitlement.

Employees entitled to FMLA leave can voluntarily accept light-duty assignments while they are recuperating, but they cannot be required to do so. Employees who lose their workers compensation benefits as a result of declining a light-duty assignment are required to substitute any available paid leave, such as accrued vacation, personal or medical/sick leave, for unpaid FMLA leave.

Until employees have exhausted their 12-week FMLA entitlement, they have the right to be reinstated to their original job or equivalent job provided that they are able to perform the job's essential functions.

RETIREMENT BENEFITS

I. PURPOSE

To summarize the system of retirement benefits offered by the county to all eligible employees.

II. SCOPE

This policy applies to eligible employees of the county.

III. POLICY

The following is a summary of all retirement benefits offered by the county to its eligible employees. Employees should consult the Human Resources Department for additional information regarding retirement benefits.

- A. **Texas County and District Retirement System.** Orange County is a member of the Texas County & District Retirement System (TCDRS) www.tcdrs.org. Regular employees, including regular part-time employees, are required to participate and are eligible for this benefit immediately upon employment. Under the TCERS plan, each employee makes deposits into his or her personal TCERS account by a payroll deduction of seven percent (7%) of their gross salary each paycheck. Employee accounts earn 7% interest each year, which is compounded annually based on the account balance at the beginning of year. The 7% interest earnings are guaranteed by Orange County. If the account does not earn at least 7% in interest in the market, then Orange County will make up the difference. An employee is vested after eight (8) years of service. Upon eligibility, the employees account is matched by the County at a benefit rate set by Commissioners' Court each year. You are eligible to retire when you are vested and meet one of the following requirements:
- i. At age 60;
 - ii. When service time plus age equals 75; or
 - iii. At any age with 20 years of service time.

- B. **Social Security**. All employees of the county are covered by Social Security. The county contributes to the Social Security system on behalf of each employee. See also Policy No. 350: Insurance Benefits.
- C. **Deferred Compensation**. The county sponsors a deferred compensation plan. Details regarding this plan are available through the Human Resources Department.
- D. **Retirement Health Insurance**. A retiree health benefit is a budgeted item that is approved by Commissioners' Court each budget year and is not guaranteed to provide life-long medical paid by the County. The eligibility requirements and benefits available are as follows:
 - i. **Eligibility Requirements**. To be eligible for retiree health insurance benefits, the employee must:
 - a. be a full-time employee at the time of retirement, and
 - (i) if hired before October 1, 2017, have at least eight (8) years of continuous full-time service with Orange County; or
 - (ii) if hired on or after October 1, 2017, have at least twelve (12) years of continuous full-time service with Orange County; and
 - b. meet retirement eligibility requirements with TCDRS as an active employee of Orange County; and
 - c. begin a monthly annuity from TCDRS at the time the employee leaves employment with the county.
 - ii. **Benefits Available**. If all conditions of eligibility set forth above have been met, the benefits available to the employee are dependent on the employee's hire date and, where applicable, retirement date, as set forth below:
 - a. **Group A: Employees hired before October 1, 2017, excluding employees in Group B, below.**
 - (i) Employees shall be eligible for 100% county subsidized health insurance.
 - (ii) Retirees are required to carry Medicare coverage parts A and B at age 65. Once retiree becomes Medicare eligible, they are required to switch to the Silver Choice Plan, and the County will pay 100% of the Silver Choice Plan premiums.
 - b. **Group B: Employees that have retired between October 1, 2016 and February 26, 2019.**
 - (i) Employees in this group shall be eligible for county subsidized health insurance, with the portion of the subsidy dependent upon the employee's cumulative years of service with the County:

- (a) Employees with at least 8 but less than 12 years of service shall be eligible to receive 25% of full health premium paid by County;
- (b) Employees with at least 12 but less than 16 years of service shall be eligible to receive 50% of full health premium paid by County;
- (c) Employees with at least 16 but less than 20 years of service shall be eligible to receive 75% of full health premium paid by County;
- (d) Employees with at least 20 years of service shall be eligible to receive 100% county subsidized health insurance.

- (ii) Retirees are required to carry Medicare coverage parts A and B at age 65. Once retiree becomes Medicare eligible, they are required to switch to the Silver Choice Plan, and the County will pay a portion of the Silver Choice Plan premiums at the rates corresponding with their years of service, as set forth above.

c. Group C: Employees hired on or after October 1, 2017.

- (i) Employees who retire before the age of 55 are not eligible for any retirement health insurance benefits, regardless of their years of service.
- (ii) Employees who retire between the ages of 55-64 shall be eligible for 100% county subsidized health insurance until they reach age 65. Once the retiree reaches the age of 65, they will receive no further county subsidized health insurance.
- (iii) Employees who retire after the age of 65 are not eligible for any retirement health insurance benefits, regardless of years of service.

E. No Retirement Health Insurance benefits will be paid to or on behalf of an employee that has been terminated or discharged as the result of disciplinary action taken against the employee, (i.e., the employee is fired for disciplinary reasons). Termination for disciplinary reasons does not include a reduction-in-force, elimination of the employee's position, voluntary resignation, failure of a newly elected official to rehire or re-deputize the employee upon taking office, or termination required by the anti-nepotism prohibitions or the county policy governing employment of relatives within a department, unless the employee engages in illegal action or action warranting discipline under that policy. *See also* Policy No 132.

Employees who have previously retired from Orange County and have subsequently been reemployed by Orange County are still considered retired under the policy in effect at the time of their original retirement, unless the employee voluntarily elects to be governed by the policy in effect at the time of any subsequent retirement

**400. STANDARDS OF CONDUCT AND EMPLOYEE
CORRECTIVE ACTION**

STANDARDS OF CONDUCT

I. PURPOSE

To assure safe, efficient and harmonious county operations, and to inform employees of their responsibility to not engage in behavior/activities injurious to themselves, fellow employees, their department, or the public.

II. SCOPE

This policy applies to all employees of Orange County.

III. POLICY

- A. Employees are expected to conform to reasonable standards of conduct and behavior while on duty or while on county property or attending county functions.
- B. In addition to other behaviors/activities prohibited elsewhere in this manual, the following behaviors/activities are also prohibited:
 - 1. Violating any of the criminal laws of the State of Texas or the United States on county premises, including theft of county or fellow employee's property;
 - 2. Engaging in disorderly conduct, including fighting, wrestling, roughhousing, throwing things, horseplay, practical jokes, or other forms of disorderly conduct, or any other activity which may endanger the health and well-being of any employee or which may disrupt county operations;
 - 3. Insubordination or refusal to comply with instructions or failure to perform reasonable duties which are assigned;
 - 4. Rude or discourteous behavior to members of the public or fellow employees;
 - 5. Sleeping or napping on the job, or utilizing county time to complete personal business.
- C. The above list is representative of the types of activities which constitute unacceptable behavior and which may result in disciplinary action. The list is not comprehensive. There are many more unacceptable behaviors and behaviors prohibited by department heads/elected official which may result in disciplinary action.

- D. Breaches of the standards of conduct may subject the employee involved to discipline, up to and including discharge. The disciplinary penalty imposed may depend upon individual circumstances such as the seriousness of the offense, any previous infractions of the employee, etc. Department heads/elected officials have full discretion to impose disciplinary action on the employees within their respective departments.
- E. This policy is not intended to alter, in any way, the employment-at-will relationship between employees and the county.
- F. Department heads/elected officials may prescribe additional rules of conduct for the employees of their individual departments, and should make every effort to communicate such rules to the employees within their respective departments.
- G. Any employee who has been the subject of disciplinary action which resulted in loss of employment or an employment benefit may file a grievance under the procedures set forth in Policy No. 560 of this manual.

TIMELINESS AND ATTENDANCE CONTROL

I. PURPOSE

To assure a balance in work loads among employees in the same position, to assist in the timely completion of projects and the efficient provision of county services to the public, and to inform employees of their responsibilities in this regard.

II. SCOPE

The policies stated herein apply to all non-exempt employees of Orange County.

III. POLICY

- A. Goals. Because the county and each of its departments depend heavily upon its employees, it is important that employees attend work as scheduled. Dependability, attendance, punctuality, and a commitment to do the job right are essential at all times. Employees are to be punctual in reporting for work, keeping appointments, and meeting schedules for completion of work.
- B. Employee's Responsibility and Disciplinary Action. Absenteeism and habitual lateness, as well as habitually leaving work early without authorization, lessen an employee's chances for advancement and may result in disciplinary action, up to and including termination of employment. Every employee has the responsibility to maintain a good attendance record.

IV. DEFINITIONS

- A. Absence. An absence is defined as any absence from work during scheduled working hours (including during overtime hours scheduled to be worked), excluding absence for work-incurred injuries, legitimate illness, vacation, family and medical leave, and other leave authorized by this manual.
- B. Lateness or Leaving Early. Lateness means arriving at work after the designated time. Leaving work early means leaving work prior to the specified time for the end of the workday.

V. PROCEDURES

- A. Attendance Standards. Department heads/elected officials should seek to maintain an attendance level among employees which promotes the efficient administration of county business.

- B. Notification.
 - 1. Advance Notice. Employees are required to give advance notice, when possible, of lateness or absence. When the need for being absent from work is known in advance, the employee is required to notify his or her supervisor or department head/elected official or the Human Resources Department immediately. If the need for absence is not known in advance, notification by phone must be given by the employee to his or her supervisor or department head/elected official, in accordance with Policy No. 313. Employees should schedule appointments for personal reasons and medical appointments outside working hours, if possible.

 - 2. Timing of Notice and Maintenance of Contact. An employee is to give prompt notice of any lateness or absence as specified in Policy No. 313, and to maintain daily contact in accordance with that policy.

- C. Absence without Notice. An absent employee who fails to contact his/her immediate supervisor, department head/elected official, or the Human Resources Department, in accordance with this policy, and Policy No. 313, may be considered as having voluntarily resigned, and/or may be subjected to disciplinary action, up to and including termination. The employee may be eligible for reinstatement only if exceptional circumstances explain why the employee could not have called in. Whether such exceptional circumstances exist is determined by the employee's department head/elected official.

- D. Disciplinary Action. Frequent tardiness or unexcused absence is not permissible, and is grounds for disciplinary action up to and including termination.

- E. Variances by Department. A department head/elected official may require a different reporting schedule than that described above, that he or she determines to be more efficient to the operation of the particular department. An employee should consult his or her department head/elected official regarding the specific requirements of the particular department.

SOLICITATION AND DISTRIBUTION

I. PURPOSE

To ensure a productive work environment where employees and business operations may function without disruption.

II. SCOPE

This policy applies to employees and non-employees during work time and while on county premises.

III. POLICY

The county strives to establish a work environment that is productive and free from undue disruptions to the workday. Therefore, soliciting by one employee of another, or collecting from one employee by another, distributing literature, or circulating petitions during work time or in work areas, as well as soliciting or distributing literature by non-county employees, is restricted to only those times and areas of the workplace that are compatible with the efficient and orderly operation of county business, as determined by the department head/elected official for each department.

IV. DEFINITONS

- A. Work time. All time on county premises other than before and after work, at meal periods and break times.
- B. Work areas. All areas on county premises other than employee break rooms, where available, and rest rooms.

SUBSTANCE ABUSE

I. PURPOSE

To establish the county's policy prohibiting use, possession, manufacture, sale, purchase, or transfer of alcoholic beverages, illegal drugs or other intoxicants, and being under the influence of alcoholic beverages, illegal drugs or other intoxicants at any time on county premises or while attending county business.

II. SCOPE

This policy applies to all county employees and applicants for employment.

III. POLICY

- A. The county strives to reasonably ensure safety in the workplace to protect its employees and members of the public. **Consequently, the following actions are strictly prohibited and may result in immediate disciplinary action, up to and including termination of employment:** reporting to work under the influence of intoxicating liquor or illegal drugs; or the use, possession, manufacture, purchase or transfer by an employee on company premises or property (including storage in a desk, locker, car, etc.), or during work time, of an intoxicating liquor, controlled or illegal substance, a drug not medically authorized, or any other substances which impair job performance or pose a hazard to the safety and welfare of the employee, the public, or other employees; or, the sale of any such item. See Policy No. 142: Drug and Alcohol Testing, for a more in depth description of prohibited actions.
- B. Upon reasonable suspicion, as defined in Policy No. 142, a department head/elected official may require an employee to be tested for substance abuse when it appears that the employee's work performance or on-the-job behavior is being affected in any way by drugs or alcohol, or when an employee is involved in an accident involving county property or on county premises or when an employee sustains an on-the-job injury. An employee may be also be tested prior to or upon employment with the county, as determined by the relevant department head/elected official. For more information concerning policies and procedures, regarding substance abuse testing policies and procedures, see Policy No. 142.
- C. The county reserves the right to inspect and/or search all county property for intoxicating liquor, controlled or illegal substances, or any other substances which impair job performance. Refusal to cooperate in any such investigation may subject the employee to disciplinary action, up to and including suspension or termination of employment. See Policy No. 450: Corrective Action - Disciplinary Procedures.

I. PURPOSE

To establish guidelines for appropriate dress and appearance during county business hours and county functions.

II. SCOPE

III. POLICY

Every employee of Orange County is a representative of the county to the public, as well as to fellow employees. Work attire should complement an environment that reflects an efficient, orderly, and professionally operated organization. Employees are expected to maintain a businesslike, neat, and clean appearance, and to be properly attired for the environment in which they work. In addition, employees are required to conduct themselves in a professional and polite manner. Appropriate appearance and behavior includes:

- A. Apparel. Generally, employees should wear appropriate, clean, pressed business attire for office positions and positions requiring contact with the public. Employees in other non-office or non-public contact positions should dress in appropriate attire for their positions.
 1. The following are some examples of inappropriate dress for any employee:
 - a. Faded and/or tattered jeans.
 - b. Overalls (except in appropriate departments), sweatshirts/pants, or jogging suits.
 - c. Shorts or tank tops.
 - d. Any clothing with spaghetti straps, any clothing that reveals bare backs, midriffs or shoulders, or any revealing or provocative clothing.
 2. Employees required to wear uniforms as part of their employment with the county, including Sheriff's Department officers, shall comply with the requirements of their departments for the maintenance and use of such uniforms.

- B. Hair. Hair should be clean, combed and neatly trimmed or arranged. This pertains to sideburns, moustaches and beards as well.
- C. Personal Hygiene. Good personal hygiene habits must be maintained.
- D. Professional Demeanor. The county requires order and discipline to serve the public and to promote efficiency, productivity, and cooperation among its employees. The orderly and efficient operation of county services requires that employees maintain proper standards of conduct at all times. Every employee shall conduct him or herself in a professional, courteous, and helpful manner with the public and other employees, and shall make every attempt to effectively and efficiently deliver services to the public. See also Policy Nos. 120-125 and 410.

IV. PROCEDURE

- A. Each department head/elected official is responsible for evaluating the behavior of the employees under his or her supervision, and for instituting guidelines for professional conduct. Employees who fail to maintain proper standards of conduct toward their work, their co-workers, or members of the public who seek county services, may be subject to disciplinary action, up to and including termination of employment.
- B. Each department head/elected official is also responsible for evaluating the dress and appearance of employees under his or her supervision. If an employee is not dressed appropriately, the employee may be sent home to change clothes immediately, and may be given an oral or written warning to be retained in the relevant employee's personnel file, or other appropriate disciplinary action. Pay for the day that the employee is sent home shall begin when the employee returns to work properly dressed. See also Policy No. 450: Corrective Action - Disciplinary Procedures.

TOBACCO-FREE WORKPLACE

I. PURPOSE

Orange County strives to provide a healthy work environment. In order to protect its employees and citizens, Orange County is a tobacco free workplace and acknowledges that there are studies by the Surgeon General of the United States, the National Academy of Sciences, and other health organizations which link passive exposure to tobacco smoke, referred to as secondhand smoke, to a variety of negative health conditions. Orange County also recognizes that tobacco use is one of the most preventable causes of life-threatening disease; therefore it is Orange County's responsibility to establish a tobacco-free work environment for our employees.

II. POLICY

Employees, Elected Officials, vendors and the public are prohibited from smoking and tobacco use inside all County buildings, County owned vehicles and equipment. Smoking will not be permitted anywhere inside County facilities or within 25 feet of any entrance of a county owned building.

Smoking or the use of any Tobacco Product by any member of the public shall also be strictly prohibited on Orange County Premises. Signs will be posted on all Orange County Premises that explain the policy. This policy will also be posted on Orange County's website.

An employee who violates this policy may be subject to disciplinary action.

BURNING OF CANDLES IN THE WORKPLACE

I. PURPOSE

For reason of fire hazards and in order to provide a healthier and safer workplace for all County Employees and citizens.

II. SCOPE

This policy applies to all Department Heads/Elected Officials and employees.

III. POLICY

- A. The burning of candles and incense or other scents that involve a flame is prohibited in all county buildings and county offices.
- B. Department Head/Elected Officials, upon receiving notification of candles being burned should investigate and report incident to the Risk Management Dept. or Human Resources Department.

SECURITY AND CONFIDENTIALITY

I. PURPOSE

To set forth security measures necessary to maintain the proper conduct of county business and to protect employees, members of the public, and the integrity of public records, to the greatest extent possible.

II. SCOPE

This policy applies to all county employees, as well as visitors to the courthouse, the county administration building, and other county buildings.

III. POLICY AND PROCEDURE

A. Public Disclosure.

1. Much of county business is subject to disclosure to members of the public. Specifically, most of the documents maintained on record with the county are subject to disclosure under the Texas Public Information Act (formerly the Texas Open Records Act), Chapter 552, Government Code. The Public Information Act sets forth what documents and information governmental bodies, including the county, are required to disclose to the public and the procedures by which such disclosures are to be made.
2. All department heads and elected officials should be familiar with the requirements of the Public Information Act. A copy of any request for information pertaining to personnel files should be forwarded to the Human Resources Department. Any questions which arise concerning the propriety or necessity of disclosing information under the act should be addressed to the County Attorney's Office. An employee with questions concerning whether any document(s) should be disclosed, should consult his or her supervisor/department head/elected official, who should consult the County Attorney's Office, if necessary.
3. Some information is exempted from the requirement of disclosure, and may be highly confidential. It is vital that such information be held in strict confidence, and not discussed by employees with access to such information with individuals outside their departments, on or off the job, except for the purposes of conducting county business. Employees should not discuss, outside the workplace, personnel information pertaining to other employees or any other confidential information. If a department has any question concerning the identification of confidential information and/or documents, the County Attorney's Office should be consulted.

B. Prohibited Use of Information:

Use of confidential information gained by reason of an employee's position with the county to advance any personal interest, financial or otherwise, or to harm the interests of the county is a violation of county policy, and may result in disciplinary action, up to and including, termination of employment. See also Policy No. 422: Conflict of Interest.

C. Security of County Offices:

Maintaining security of the county courthouse and other county offices and records is important to the proper conduct of county business. Because of the confidential nature of some documents, as well as the need to maintain accurate and complete public records, the following security measures are necessary to maintaining the integrity of county records:

- C. While it is impossible to list all of the potential off-duty conduct that may impact the county's interest, general guidelines for employees follow. CORRECTIVE ACTION - DISCIPLINARY PROCEDURES

I. PURPOSE

To establish guidelines for disciplining employees and to help correct inappropriate or insufficient work conduct.

II. SCOPE

This policy applies to all employees of Orange County.

III. POLICY

All employees are to conduct themselves reasonably at all times, and to strive to complete their duties in a competent and professional manner. Employees are expected to follow the policies contained in this manual, as well as the conduct and performance standards established and expected by their respective department heads/elected officials. Failure to do so may subject the employee to disciplinary action, up to and including termination of employment.

IV. PROCEDURE

- A. The county encourages a system of progressive discipline geared to correct rather than to penalize employees. This system includes, but is not limited to, the following progressive disciplinary measures:
1. Verbal counseling or oral warning: a verbal conference with the employee by the relevant supervisor/department head/elected official, to discuss the behavior or performance problem to be corrected, as well as ways for the employee to improve his or her performance. This step is informal and serves as initial notice to the employee of a performance problem or a violation of county or departmental policy, and the necessity for correcting such action.
 2. Written warning: formal written notice of a performance problem or inability to follow established policy. This step serves as notice that continued violations cannot be tolerated.
 3. Probation: placing an employee on notice that if his or her behavior does not improve within a specific time period set by the department head/elected official, his or her employment will be terminated.

4. Suspension or demotion: removing an employee from his or her duties with or without pay for a time set by the department head/elected official, but no more than 30 days, or placing an employee in a position of lesser responsibility, where available. A suspension may be paid or unpaid, in the discretion of the relevant department head/elected official. A suspension or demotion may be the last opportunity for an employee to improve his or her performance prior to termination.
 5. Termination: an employee's failure to respond to the above disciplinary measures may result in termination of employment.
- B. There are some infractions which are so serious as to be considered to be beyond correction and to constitute a basis for immediate termination of employment, without attempting the progressive disciplinary steps listed above. Examples include, but are not limited to: theft, fraud, insubordination, being under the influence of illegal drugs or alcohol, fighting, and willful property abuse or destruction.
- C. Although department heads/elected officials are encouraged to follow the above progressive disciplinary procedures, every employee is employed at the will of the department head/elected official or other governing entity, such as the Commissioners Court or the Board of Judges, and may be terminated at any time with or without reason or notice. Department heads/elected officials may, in their discretion terminate an employee or otherwise discipline an employee without following the above-described procedures, and may institute other disciplinary procedures to govern their respective departments.
- D. The relevant department head/elected official should notify the Human Resources Department in writing of all disciplinary actions taken against an employee, excluding verbal counseling/oral warnings. Department heads/elected officials may utilize their own inter-office disciplinary forms, or record disciplinary actions by letter or other written instrument.

The suggestions should be in writing, when possible, and should be sufficiently detailed so that the idea, method, or procedure can be adequately evaluated. The Human Resources Department shall forward all such ideas received by that department to the appropriate department or official. Employees should also be receptive to work-related suggestions and comments from the public and relate those to their respective department heads/elected officials.

The system should be used properly, following all available instructions, and for county business only.
- C. Employees shall hold personal calls, both incoming and outgoing, to emergencies or essential personal business that cannot be completed at other times, and keep all such calls as brief as possible. Personal calling cards or collect calls should be utilized for any personal long distance calls. Employees are financially responsible for all personal toll and long distance calls charged to the county. Use of long distance service, cell phones, and fax machines for personal business, in addition to warranting disciplinary action, may constitute criminal theft.

III. POLICY AND PROCEDURE

In general, any contacts with the news media must be referred to the appropriate county official for comment. Further, all papers, articles, speeches or presentations to non-county persons regarding county business should be submitted to the employee's supervising department head/elected official prior to dissemination for approval.

Each department head/elected official is encouraged to establish guidelines within his or her own office for the dissemination of information to the media.

GRIEVANCE AND COMPLAINT PROCEDURES

I. PURPOSE

To provide a system in which an employee can seek redress of a grievance where the employee believes he or she has been treated unfairly. The county provides separate specific grievance procedures for dealing with complaints of (1) discrimination under the Americans with Disabilities Act (see Policy No. 122A) and, (2) sexual harassment (see Policy No. 123A).

II. SCOPE

This policy applies to all county employees. However, an individual employed by an elected or appointed official, and covered by a collective bargaining agreement or other agreement providing for complaint procedures, may be required to utilize those procedures either in lieu of or prior to the procedures set out in this policy.

III. POLICY

County employees are allowed to grieve, in good faith, any complaint regarding the terms and conditions of their employment, including termination of employment, by following the procedures listed below. Employees should be aware that the grievance procedures vary depending on whether an employee is employed within a department ultimately governed by Commissioners Court or a department governed by an elected official or department head not under the control of Commissioners Court.

IV. GRIEVANCE PROCEDURES

If the department head/elected official fails to respond within the five (5) day period, or if the response of the department head/elected official fails to resolve the dispute, the employee may proceed to Step B below.

B. Appeal of Grievance to the Grievance Committee.

1. If the written grievance procedure in Step A above fails to resolve the dispute, or, if there is no response from the department head/elected official, upon expiration of the time period for the elected official/department head to respond to the written grievance, the employee may submit the grievance to the Grievance Committee to review the complaint. To receive review of the grievance, the employee must submit the grievance to the committee within ten (10) days after receipt of the response by the elected official/department head, or after the expiration of the time period for the elected official/department head to respond, if there is no response.
2. The Grievance Committee shall timely review the grievance. The committee may determine the procedures for review of the grievance, and may hold a hearing to review the grievance, if deemed necessary by the committee. If a hearing is conducted, the employee may be present and/or represented at the hearing, and the relevant elected official/department head may also attend the hearing, with or without representation. The Grievance Committee may set time limits for the presentation of the grievance, and may consider the input of any person or the introduction of any document helpful to the committee's investigation of the grievance.
3. Any hearing of the committee shall be posted in accordance with the Texas Open Meetings Act, Section 151.001, et seq., Texas Government Code, and may be open or closed to the public at the discretion of the committee, in accordance with that statute, although the employee whose grievance is being heard or the employee who is the subject of the grievance may request that the hearing be opened to the public. See Paragraph D.2 below.
4. The Grievance Committee shall, within twenty (20) days of the hearing, issue a written report stating its findings and recommendations, if any, for resolving the grievance. **THE ROLE OF THE GRIEVANCE COMMITTEE IS ADVISORY ONLY. THE COMMITTEE HAS NO AUTHORITY TO REINSTATE AN EMPLOYEE OR TO OTHERWISE AFFECT AN EMPLOYEE'S TERMS AND CONDITIONS OF EMPLOYMENT.**

3. However, the employee may submit the grievance to the Commissioners Court by following the procedures set forth in Step D below, if the grievance concerns a loss of pay or benefits, such as loss of vacation and sick leave benefits upon termination of employment resulting from disciplinary action. The Commissioners Court may, upon review of the grievance, instruct the payment of such benefits by the county to the employee. **THE COMMISSIONERS COURT HAS NO AUTHORITY TO ORDER THE REINSTATEMENT OF AN EMPLOYEE TERMINATED BY AN ELECTED OFFICIAL OR A DEPARTMENT HEAD WHO IS NOT UNDER THE COURT'S CONTROL.**

D. Review by Commissioners Court for Relevant Departments.

1. For all departments under the control of Commissioners Court, an employee may, within ten (10) days after the response of the department head to the Grievance Committee's recommendation, or, if no response, of the expiration of the time for such response, request that the Commissioners Court review the grievance, by notifying the County Judge in writing of such request. In support of such request, the employee is required to submit a copy of the original grievance and the response by the department head, if any, as well as a copy of the recommendation and report of the Grievance Committee. The court may, in its discretion, review the recommendation. If the court does not review the grievance, the action of the department head shall be final.

If the court does review the grievance, it shall do so within thirty (30) days of the date of receipt of the request for review, by hearing, under the provisions of the Texas Open Meetings Act, Section 551.001, et seq., Texas Government Code. The Commissioners Court may hold the hearing either open or closed to the public, unless the employee requests that the meeting be opened to the public pursuant to Section 551.074 of the Government Code. **The employee has no right to determine that the hearing be held in closed session.**
3. Within ten (10) days after review, the Commissioners Court shall notify the employee, in writing, of its decision regarding the grievance. The decision of the court shall be final.

POLICY/GRIEVANCE COMMITTEE

I. PURPOSE

II. SCOPE

This policy applies to elections of members to the Policy/Grievance Committee, to all members appointed to the committee, and to all employees, department heads, and elected officials of Orange County, where applicable.

III. POLICY

- C. Employees interested in serving on the committee shall submit their names to the current committee or to the non-law enforcement union representative (if the employee is a member of a non law enforcement union and wishes to be appointed by the union representative) or to the County's Human Resources Director (if there is no current committee) by November 30th of each year, who in return shall then submit the nominees to Commissioners Court. The Commissioners Court shall choose members from all names submitted, as presented to the court by the current committee, by December 31st of each year for the following calendar year, by drawing lots or by another game of chance specified by the court, and the court shall assign each employee chosen to either a one term or two term position on the committee, as set forth in Paragraph IV.B. above. The union representative shall notify the Commissioners Court of his or her appointment by November 30th of each year, and the court shall recognize that appointment in court by December 31st of each year.

If no alternate is available to serve, the Commissioners Court shall appoint a member to serve for the remainder of the resigning employee's term, by choosing such member, in the manner specified in Paragraph IV.C. of this policy, from the list of employees desiring membership on the committee submitted by November 30th of the preceding calendar year.

600. TRAINING AND DEVELOPMENT

EMPLOYEE PERFORMANCE APPRAISALS

I. PURPOSE

To provide a process by which the job performance of each employee is for purposes of job development, performance improvement, and counseling.

II. SCOPE

This policy applies to all regular county employees.

III. POLICY

The employee performance appraisal process will be managed to accomplish the following objectives:

- A. To enhance individual employee performance and ensure effective operations.
- B. To summarize both formal and informal performance discussions held with employees throughout the review period.
- C. To document performance areas in which employees do well and those areas which require improvement, and to give notice to employees of needed improvements. To establish performance goals and plans to correct performance shortcomings.

IV. PROCEDURE

- A. Setting and Communicating Performance Standards. Each department head/elected official is responsible to set and communicate clear performance standards for his or her employees at the beginning of, and throughout each employee's initial and annual review periods. In addition, each supervisor is also responsible for observing and discussing with his or her employees positive and negative aspects of each employee's performance in relation to those standards throughout the annual review period. Employees should address any questions concerning performance standards and what is expected of employees under such standards to their department heads/elected officials.
- B. Completion of Performance Appraisal.
 - 1. Duties of Department Head/Elected Official.
 - a. New Hires.

- I. 90-Day Review. Employees' may receive a written performance review at the expiration of his or her 90-day orientation period, which shall be forwarded to the Human Resources Department for maintenance in the employee's permanent personnel file. However, the employee shall receive no wage increase at that time (except in cases where such an increase is specifically prescribed by a collective bargaining or other agreement to which the county is bound). The purpose of the review is to evaluate the employee's performance to date, to notify the employee of any problems with his or her performance, and give the employee a chance to correct any such deficiencies. Standard performance appraisal forms available through the Human Resources Department may be utilized for the purpose of completing the review. See Appendix P.
 - II. Existing Employees. All department heads/elected officials shall conduct an annual review of performance of each and every employee in their respective departments. The review may be completed during each calendar year at the discretion of the Department Head or Elected Official. The review may consist of an interview with the employee as well as a written review of the employee's performance over the preceding year.
2. Performance Review Document. A department head/elected official may complete the performance reviews of his or her employee by utilizing the standard county form included in this manual as Appendix P, a form adopted by the department head/elected official for the purpose of completing performance appraisals reviews, or a form supplemented by a letter or an additional form adopted by the department head/elected official. Any form adopted by a department head/elected official must include the same identical criteria for every employee within a given job classification, i.e., secretary, clerk II, etc.
 - a. Performance Appraisal Discussion. Each department head/elected official should hold a discussion with the employee regarding the annual performance review, and any need for change or improvement on the employee's part. It is suggested that the discussion be held at a prearranged time in a private location free from interruptions.

- b. Employee Signature. The employee will be asked to comment on the appraisal and acknowledge receipt of it by signing the form. He or she will then be given a copy of the signed appraisal. If the employee declines to sign the form, he or she should be encouraged to discuss any concerns and perhaps write a rebuttal. If the employee still declines to sign the appraisal, the department head/elected official shall write "employee declined to sign" at the bottom of the form, add his or her initials and the date, and give the employee a copy of the appraisal.
 - c. Determination of Performance Acceptability. In completing the written evaluation, the department head/elected official shall make a determination that the employee's performance is unsatisfactory, satisfactory, or excellent, and indicate this conclusion on the written review document.
 - d. Filing of Performance Review. The original written review document shall be forwarded to the Human Resources Department upon completion for placement in the employees permanent personnel file. The employee shall receive a copy of the written review document by the department head/elected official.
3. Unsatisfactory Review. Where the department head/elected official determines the employee's performance to be unsatisfactory, the department head/elected official shall review the reasons for the unsatisfactory determination with the employee and make suggestions as to how satisfactory performance may be achieved. A written evaluation should be completed and submitted to the Human Resources Department for retention in the employee's personnel file.
4. Duties of Human Resources Department. The Human Resources Department shall establish and maintain a system to assist department heads/elected officials in completing performance appraisals in a timely fashion, and shall provide copies of performance appraisal forms to department heads/elected officials upon request.

PROMOTIONS, DEMOTIONS, AND LATERAL, INTERDEPARTMENTAL TRANSFERS

I. PURPOSE

To support the basic organization-building process of promoting qualified employees to positions of greater responsibility and recognition, demoting or terminating unqualified employees, and allowing employees to transfer to different positions within the county for which they are qualified.

II. SCOPE

This policy applies to all county employees.

III. POLICY

A. Promotions.

1. A "promotion" is a change in the duty assignment of an employee that results in advancement to a higher level position, requiring higher qualifications and involving greater responsibility. A promoted employee shall receive a pay increase in an amount within the pay group, as defined in Policy No. 240: Pay Matrix Compensation Program, for the new position, and commensurate with the employee's qualifications for that position. If no pay group exists for the new position at the time of promotion, the Commissioners Court will establish a pay group for the position, and the promoted employee shall receive a pay increase of at least the amount of difference from the pay group of the employee's position occupied prior to promotion to the next higher grade.
2. Promotions are to be approved by the relevant department head/elected official within the staffing patterns and budget limits authorized and approved for the department by the Commissioners Court. Any promotion requiring a substantive change in the staffing pattern or an increase in the budget limits of a department must be approved by the Commissioners Court.

3. Upon promotion, an employee shall serve an orientation period of 90 days in the new position, to allow the department head/elected official to assess the employee's ability to complete the tasks of that position. A promoted employee should be evaluated at the end of the 90-day orientation period, in accordance with Policy No. 610: Employee Performance Appraisals. An employee may be returned to a lower position or terminated at any time during the orientation period or thereafter, if the employee's performance is determined to be inadequate for the requirements of that position by the employee's department head/elected official. If returned to a lower position, the position that the employee is returned to shall involve similar duties as the position occupied before promotion, and the employee's salary in that position shall be set at a grade and step within the pay group established by the Commissioners Court for that position. See Policy No. 240: Pay Matrix Compensation Program.
4. When a vacancy in a position occurs, the relevant department head/elected official may explore opportunities to promote from within his or her department where possible, consistent with the ultimate goal of filling a position with the most capable individual available. Department heads required by the Commissioners Court to post vacancies shall post any such vacancy in accordance with Policy No. 130: Recruiting and Selection. A department head/elected official not required to post vacancies may choose to post a vacant position in accordance with Policy No. 130.
5. Receipt of a promotion does not, in any way, modify the employment-at-will relationship between the county and any employee, and does not constitute a commitment for continued employment with the county for any specific time. There is also no guarantee that an employee will be able to return to his or her former position if he or she performs unsuccessfully in the new position.

B. Demotions: Voluntary and Involuntary.

1. A "demotion" is a change in the duty assignment of an employee to a lower-paid or less responsible position. A "less responsible" position is a position involving fewer responsibilities or duties and/or requiring a decreased level of skills or qualifications.

2. Demotions may result from the following:
 - a. Voluntary assumption of a less responsible position;
 - b. Reclassification of the employee's position resulting in a lower pay group for that position;
 - c. Elimination of the employee's position; or
 - d. A disciplinary measure imposed for unsatisfactory performance.
3. Demotions shall always be accompanied by a decrease in pay.
4. When an employee voluntarily assumes a less responsible position and that position is classified within a lower pay group than that of the employee's position prior to transfer, the employee shall not retain his or her pre-transfer salary, but shall be given a decrease in salary commensurate with the pay group of the employee's new position, considering the employee's qualifications for that position.
5. An employee who voluntarily assumes a less responsible position constituting a demotion shall not retain any right to reclaim his or her previous position.

C. Lateral Transfers.

1. A "lateral transfer" is the transfer of an employee between positions in the same pay group within Orange County. A lateral transfer may be made within the same department or between departments.
2. A lateral transfer must be approved by the department head/elected official to whose department the employee will be transferred. Any promotion requiring a substantive change in the staffing pattern or an increase in the budget limits of a department must be approved by the Commissioners Court.
3. All lateral transfers are subject to a 90-day orientation period to allow the department head/elected official to assess the employee's ability to complete the tasks of the new position, and a transferred employee may be returned to his or her previous position at any time during the 90-day period or thereafter. A transferred employee should be evaluated at the end of the orientation period, in accordance with Policy No. 610: Employee Performance Appraisals.

4. An employee who transfers from one position to another shall not receive a pay reduction provided that employee's current salary is within the Function Group approved by the Commissioners Court for the transferred position. An employee who transfers to a position which is of the same grade as that employee's previous position shall maintain the same step as the previous position. See Policy No. 240: Pay Matrix Compensation Program.
 5. Transferring employees are advised that, upon transfer, an employee shall not retain any right to reclaim his or her previous position.
- D. Employment Date/Benefits. A regular employee who is promoted, demoted, or laterally transferred shall retain the same effective employment date with the county, and shall retain all applicable leave benefits, including vacation and sick leave, and longevity pay. See Policy Nos. 150, 260, 311, and 313.

700. SAFETY AND HEALTH

ACCIDENTS/INJURIES REPORTING

I. PURPOSE

To protect the safety and health of all county employees and to comply with applicable federal and state laws.

II. SCOPE

The policy applies to **ALL** county employees.

III. POLICY

Job-related accidents, injuries, and illnesses, regardless of severity, shall be reported immediately if possible, but no later than the next business day following the occurrence or the discovery of the injury, to the relevant employee's supervisor or department head/elected official, and to both the Risk Management Coordinator and the Human Resources Department, in order for the county to provide prompt documentation, trained evaluation, and medical attention, if necessary. An employee is required to report an accident or injury that he or she witnesses to his or her department head/elected official, even if the employee is not the employee who is injured or involved in the accident.

IV. . PROCEDURE

- A. All personnel are charged with the responsibility of maintaining a safe work environment, and reporting injuries and accidents that occur in the workplace. Department heads/elected officials should establish safety rules for their respective departments, such as rules to wearing protective equipment, geared to the particular circumstances of each such office. Failure to follow such rules, including failure or refusal to wear protective equipment mandated by the Risk Management Coordinator and the department head/elected official, may subject the employee to disciplinary action, up to and including termination of employment.
- B. An employee shall report any unsafe condition or circumstance to his or her supervisor or department head/elected official, as well as the Risk Management Coordinator, immediately upon observation to prevent accidents.
- C. Job-related injuries or illnesses of an employee should be reported to the appropriate authority, in accordance with the following procedures:

1. If medical attention is immediately necessary, emergency medical services should be telephoned promptly at 911 by the employee, co-worker, or nearest bystander. If medical attention is necessary, but not emergent, the employee shall seek immediate medical care. Prior to returning to work, an employee shall seek medical attention for an accident involving the head or any vital artery or organ, even if injury is not immediately apparent.
2. If medical attention is needed, the employee, co-worker, or an individual acting on the employee's behalf must notify the employee's supervisor or department head/elected official, or the Risk Management Coordinator or the Human Resources Department, promptly following the incident.
3. All time off during regular working hours for emergency or immediate medical attention shall be paid by the county. Any requests for additional time off shall be processed in accordance with Policy Nos. 313-314, 316-318, and 360, as appropriate.
4. If medical attention is not needed, the employee must report immediately to the supervisor or department head/elected official for evaluation and appropriate documentation. The department head/elected official **MUST** notify the Risk Management Coordinator and the Human Resources Department, and seek their assistance, as necessary.
5. All necessary accident reports **MUST** be completed by the employee who is involved in or who discovered the accident and the Risk Management Coordinator, or the employee and his/her department head/elected official, who then files the report with the Risk Management Coordinator. An employee should consult with his/her department head/elected official and the Risk Management Coordinator after every accident involving that employee for information and necessary forms.
6. A department head/elected official may require an employee to provide a medical release from a physician or health care provider prior to returning to work after an accident or injury.
7. All employees shall cooperate fully in any investigation of an employee accident or injury by the county, law enforcement, the Risk Management Coordinator or the county's insurer. Failure to do so may result in disciplinary action, up to and including termination of employment.

LIFE-THREATENING ILLNESSES AND INFECTIOUS/COMMUNICABLE DISEASES

I. PURPOSE

To state the county's position on employees with life-threatening and contagious illnesses such as cancer, AIDS, cardiopulmonary diseases, tuberculosis, etc., and to comply with all applicable laws, including the Americans With Disabilities Act Amendment Act (see Policy No. 122) and Chapter 81 of the Texas Labor Code.

II. SCOPE

This policy applies to all employees of the county. Employees protected by state and federal laws pertaining to life-threatening and infectious/communicable diseases include employees of the county who have or are suspected of having a life-threatening or contagious illness, as well as employees who live with someone who has or is suspected of having a life-threatening or contagious illness.

III. POLICY

- A. The county is committed to providing equal opportunity to all employees, including those who have life-threatening and/or contagious illness. **Employees who have or are suspected of having a life-threatening and/or contagious illness, and employees who live with someone who has or is suspected of having a life-threatening and/or contagious illness, shall not be subject to discriminatory treatment or adverse employment action, because of co-workers' preferences or fears or for any other reason unrelated to the qualifications for the job and business necessity. The county strictly prohibits discrimination against employees who have or are suspected of having a life-threatening or contagious illness, or who live with someone who has or is suspected of having a life-threatening or contagious illness.** The county shall also make all attempts to reasonably accommodate such employees in their jobs, so long as such accommodation does not create a safety threat to other employees or impose an undue hardship on the county.
- B. However, as all other employees, employees with life-threatening or contagious illnesses are at-will employees and are not immune from disciplinary action for failing to meet the minimum performance standards associated with their positions. As is the case with all other policies contained in this manual, nothing in this policy shall be construed to create a contract of employment between the county and any employee, or to modify the employment-at-will relationship.

- C. The county is also committed to providing a safe work environment that meets or exceeds state and federal regulations. As a result, an employee or an applicant for employment to whom an offer of employment has been extended, with a life-threatening and/or contagious illness may be required to provide medical or other such evidence which indicates that their condition is not a threat to themselves or to other persons with whom the employee may be in contact, so long as the evidence required is job-related and consistent with business necessity.
- D. The county's policy on HIV/AIDS and Related Conditions in the Workplace, adopted on September 10, 1990, is made a part of this manual as Appendix Q.

IV. PROCEDURE

- A. Confidentiality and Sensitivity. If a supervisor or a department head/elected official discovers that an employee has a life-threatening or contagious illness, or lives with someone who has a life-threatening or contagious illness, all reasonable efforts should be exercised to ensure that this information remains private and confidential. All such employees with a life-threatening or contagious illness shall be treated with compassion and understanding.
- B. Continued Work and Reasonable Accommodation. The county will allow employees who have a life-threatening or contagious illness to continue to work as long as they continue to meet performance standards, and will attempt to reasonably accommodate these employees whenever practicable, so long as accommodation does not create a safety threat or impose an undue hardship on the county. (See also Policy No. 122: Americans with Disabilities Act Amendment Act).
- C. Medical Examination. To assure the county that the employee is not a danger to himself or herself, or to other employees, the county reserves the right to have the employee examined by a physician chosen by the county. Any such examination shall be job-related and consistent with business necessity, and shall not be administered prior to either employment or the extension of a job offer. All information, including the results related to the examination, shall be confidential.
- D. Testing. The county or any department head/elected official may not require an employee to undergo a medical procedure or test designed to determine or help determine if a person has AIDS or HIV infection, antibodies to HIV, or infection with any other probable causative agent of AIDS, unless the medical procedure or test is necessary as a bona fide occupational qualification, as defined by Section 81.101, Texas Labor Code, and there is not a less discriminatory means of satisfying the occupational qualification, or the test is otherwise authorized by state or federal law.

1. **Any such test is confidential.**
 2. Failure to protect the confidentiality of any such test may subject an employee to disciplinary action, up to and including termination, as well as criminal and civil liability under Sections 81.103 & 81.104, Texas Labor Code.
- E. Food Handlers. An employee who has an infectious or communicable disease that is transmitted to others through the handling of food, and that is included on the list of such diseases developed by the Secretary of Health & Human Services, as mandated by the Americans With Disabilities Act Amendment Act, may be transferred from the food-handling job to another position for which the employee is qualified, if such a position is available, if the danger of transmission cannot be eliminated by reasonable accommodation.
- F. Leave Benefits. If an employee is unable to work due to a life-threatening or contagious illness, the employee may be eligible for a leave of absence under any applicable county policy. See Policy No. 313: Sick Leave; Policy No. 314: Paid Personal Leave; and Policy No. 317: Family and Medical Leave.
- G. Prohibited Actions. In addition to the above-described confidentiality and discrimination prohibitions, employees who otherwise discriminate against or intimidate other employees with AIDS or other life-threatening or contagious illnesses may be disciplined, up to and including termination.

800. EMPLOYEE SEPARATION

EMPLOYEE RESIGNATION AND TERMINATION

I. PURPOSE

To ensure timely and accurate processing of employees who are being removed from the county payroll, consistent with positive employee relations practices.

II. SCOPE

The policy applies to all county employees.

III. POLICY

An employee shall not be discharged for any discriminatory reason. Upon termination of employment, certain information is necessary to process the termination.

IV. PROCEDURE

- A. It is recommended, but not required, that an employee planning to resign his or her position of employment give his or her department head/elected official at least two weeks notice of his or her intent to do so.
- B. Upon the resignation or discharge of an employee, the relevant department head/elected official shall complete a Termination of Employment Form and forward it to the Human Resources Department for processing. Forms may be obtained from the Human Resources Department for this purpose. As of September 14, 2015 an employee must submit a letter of voluntary resignation/retirement to the Human Resources Department. As of September 27, 2016, once a voluntary resignation/retirement letter from the employee is received by the Human Resources Department, the employee may **retract** the voluntary resignation/retirement up to 30 days after the filing date. The employee may also voluntarily extend their effective retirement **date**, or effective resignation **date**, by up to 90 days after the original filing date.
- C. Any employee who is discharged or quits prior to the first anniversary date of employment shall be allowed compensation only on the basis of time worked prior to termination. Eligible employees employed for one year of continuous service or longer may be paid all accrued vacation upon termination, in accordance with Policy No. 311. Non-exempt employees employed before September 8, 2015 for at least 24 consecutive months may be paid accrued sick leave, in accordance with Policy No. 313. Non-exempt employees employed after September 8, 2015 will not be paid accrued sick leave.

Policy No. 810
Date: October 1, 1999
Revised: September 14, 2015
Revised: August 9, 2016
Revised: September 27, 2016
Page 2 of 2

- D. So long as the Termination of Employment Form and all other appropriate documentation is timely filed with the Human Resources Department, termination pay shall be paid on the next regularly scheduled pay day for the pay period in which the employee resigns or is discharged.
- E. The relevant department head/elected official and/or the Human Resources Department may conduct an exit interview of an employee who has been discharged or who has resigned, in order to determine payment of benefits, or to ascertain reasons for leaving the county, and other information relevant to the employee's termination of employment with the county.

REDUCTION-IN-FORCE AND RECALL

I. PURPOSE

To provide guidelines for reduction in the workforce and recall procedures.

II. SCOPE

This policy applies to all county employees.

III. POLICY

If a reduction in the workforce of the county or of a particular county office becomes necessary, the county shall process all lay offs of employees from their positions as a result of the reduction in a timely fashion and in a manner so as to minimize any trauma to the employee. The order of lay offs and recalls shall not be based on any discriminatory motive prohibited by law.

IV. PROCEDURE

- A. The department head/elected official shall have discretion in determining the order in which employees are to be laid off, should a reduction in force become necessary. However, the department head/elected official should consider the qualifications and seniority of the employees in determining the order in which employees are to be laid off.
- B. The department head/elected official shall also have discretion in determining the order in which employees are to be recalled for employment once a position becomes available. Recall of employees should be based on the qualifications of said employee regarding the position to be filled.
- C. Orange County has no obligation to recall for employment any laid off employees.

ORANGE COUNTY
ALCOHOL AND DRUG TESTING POLICY & PROCEDURES
FOR EMPLOYEES PERFORMING SAFETY-SENSITIVE FUNCTIONS

STATE OF PURPOSE

Drug and alcohol abuse is a serious problem in American Society, for both employers and individuals. Everyone pays the price for alcohol and drug abuse, at least in the form of higher medical costs and higher insurance premiums caused by alcohol and drug-related accidents and diseases. Since 1988, between 38.9% and 43.2% of all traffic collision fatalities have been alcohol related.* As many as 50% of those accidents could have been prevented if the drivers involved had not been drinking.*

Drug and alcohol use are also related to problems with work performance and attendance. Compared with the average worker, a typical abuser: is late to work 3 time more often; requests twice as much time off; is absent 2 ½ times more; uses 3 times as many sick benefits; collects five times as much workers' compensation; and incurs 300% higher medical cost and utilizes 300% more benefits. *

Because of these problems, the Department of Transportation has enacted regulations pursuant to the Drug Free Workplace Act of 1988 and the Omnibus Transportation Employee Testing Act of 1991, requiring that all employees in safety sensitive positions undergo drug and alcohol awareness training and be tested for drug and alcohol abuse. As an employer subject to the regulations, Orange County is required to: (1) conduct pre-employment, reasonable suspicion, random, post-accident, and return to duty alcohol and drug testing of each applicant for employment or an employee who performs safety-sensitive functions; (2) impose penalties on covered employees whose test results confirm prohibited alcohol concentration levels or the presence of a controlled substance; (3) comply with certain reporting and record keeping requirements; (4) implement an employee alcohol and controlled substances misuse program; and, (5) provide for drug or alcohol counseling to employees who identify themselves as being addicted to drugs and/or alcohol, supervisor training, and referral of employees to employee assistance programs.

Orange County enacts this policy pursuant to the requirements of 49 CFR Part 382, and 49 CFR Part 40 and pursuant to its commitment to maintaining the safety and health of Orange County employees and residents and to preventing accidents and injuries resulting from the misuse of alcohol and/or use of controlled substances by Orange County employees employed who perform safety-sensitive functions. A safety-sensitive function/position is defined as a position involving job duties when if performed with inattentiveness, errors in judgment, or diminished coordination, dexterity, or composure may result in mistakes that could present a real or imminent threat to the personal health and safety of the employee, co-workers or the public.

The purpose of this policy is to help provide a safe and productive work environment and to promote public safety by educating employees about the dangers of drug and alcohol abuse, and informing such employees of the availability of treatment.

*Manual on Motor Vehicle Traffic Accidents, Texas Department of Public Safety, 1992.

CATEGORIES OF EMPLOYEES AND DUTIES
SUBJECT TO THESE PROVISIONS

The federal regulations apply to all employees who operate a commercial motor vehicle in interstate or intrastate commerce, who are subject to commercial driver's license (CDL) requirements, and who perform "safety-sensitive" functions. A CDL is required for drivers operating a vehicle that meets the requirements of the Texas Department of Public Safety, i.e., (1) those vehicles having a gross combination weight rating of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight rating of more than 10,000 pounds; (2) those vehicles having a gross weight rating of 26,001 or more pounds; (3) those vehicles designed to transport 16 or more passengers including the driver; and (4) those vehicles, of any size, transporting hazardous materials requiring placards. Therefore, drivers of tractor-trailers, school buses, motorcoaches, dump trucks and other related types of vehicles are affected by the federal regulations and the procedures contained herein.

An employee is considered to be performing a safety-sensitive function during any period in which he or she is actually performing, is ready to perform, or is immediately available to perform a safety-sensitive function. For CDL employees, "safety-sensitive" means any of those on-duty functions set forth in 49 CFR § 395.2. On-duty time is defined as "all time from the time an employee begins to work, or is required to be in readiness to work, until the time the employee is relieved from work." This includes (1) all time spent waiting to be dispatched, unless the driver has been relieved from duty; (2) all time inspecting equipment, or servicing or conditioning any commercial motor vehicle (CMV) at any time; (3) all time spent at the driving controls of a CMV; (4) all time other than driving time, spent on or in a CMV; (5) all time spent supervising, or assisting, in the loading or unloading of a vehicle, attending a vehicle being loaded or unloaded, remaining in readiness to operate such a vehicle, or giving or receiving receipts for shipments loaded or unloaded; (6) all time spent performing the driver requirements associated with an accident; (7) all time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

PROHIBITED ALCOHOL AND CONTROLLED
SUBSTANCE-RELATED CONDUCT

For employees subject to these provisions, during the above-described compliance periods any use of controlled substances and any misuse of alcohol which would affect the performance of a safety-sensitive function are prohibited, including:

- (1) Reporting for duty or remaining on duty requiring the performance of a safety-sensitive function while having an alcohol concentration of 0.04 or greater;
- (2) Being on duty or operating a commercial motor vehicle while possessing alcohol, unless the alcohol is manifested and transported as part of a shipment;
- (3) Using alcohol while performing safety-sensitive functions;
- (4) Performing safety sensitive functions within four hours after using alcohol;
- (5) In a situation in which a driver is required to take a post-accident alcohol test, using alcohol within eight hour following the accident, or until the driver undergoes the post accident test, whichever comes first;

- (6) Refusing to submit to alcohol and drug testing, including a post-accident alcohol or controlled substances test, a random alcohol or controlled substance test, a reasonable suspicion alcohol or controlled substances test, or a follow-up alcohol or controlled substances test;
- (7) Reporting for duty or remaining on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substances except when the use is under the direction of a physician who had advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial vehicle;
- (8) Failing to inform the employee's supervisor of any therapeutic drug use; or;
- (9) Reporting for duty, remaining on duty, or performing a safety sensitive function if the driver tests positive for controlled substances.

No employee subject to these provisions shall be allowed to engage in a safety-sensitive function if the county, through its employees or agents, has actual knowledge that the employee is in violation of the employee prohibitions.

CONSEQUENCES FOR COUNTY DRIVERS ENGAGING IN SUBSTANCE USE AND ALCOHOL MISUSE-RELATED CONDUCT

Covered employees who violate the prohibitions of this policy and the federal regulations are subject to the following disciplinary actions and consequences:

- (1) Any covered employee tested under this policy for the first time that is found to have an alcohol concentration of 0.02 to 0.039 shall be relieved of duty for three (3) days without pay. In addition, before any such employee returns to duty in a safety-sensitive function, he/she shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02.
- (2) Any covered employee possessing alcohol while on duty or while operating a commercial motor vehicle shall be relieved of duty for three (3) days without pay, unless the alcohol possessed is manifested and transported as part of a shipment.
- (3) Any covered employee tested under this policy for the second time who is found to have an alcohol concentration of 0.02 to 0.039 and any covered employee tested under this policy and who is found to have an alcohol concentration of 0.04 or greater and/or who is found to have a positive result for controlled substances shall be subject to the following requirements:

- (a) Orange County shall advise any such employee of the resources available to that employee in evaluating and resolving problems associated with the misuse of alcohol and use of controlled substances including the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs.
 - (b) Any such employee shall be evaluated by a substance abuse professional who shall determine what assistance, if any, the employee needs in resolving problems associated with alcohol misuse and/or controlled substances use.
 - (c) Before such employee returns to duty requiring the performance of a safety-sensitive function after engaging in prohibited conduct, the employee shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 if the conduct involved alcohol, or a controlled substances test with a verified negative result if the conduct involved a controlled substance.
 - (d) Any such employee who has engaged in prohibited conduct shall also be subject to return-to-duty drug and/or alcohol testing and follow-up drug and/or alcohol testing after returning to duty, as well as evaluation by a substance abuse professional to determine that the employee has properly followed any rehabilitation program prescribed. The number and frequency of such follow-up testing shall be as directed by the substance abuse professional and consist of at least six tests in the first 12 months following the employee's return to duty. The employee may be directed by Orange County to undergo return-to-duty and follow-up testing for both alcohol and controlled substances, if the substance abuse professional determined that return-to-duty and follow-up testing for both alcohol and controlled substances is necessary for that particular employee. Any such testing shall be performed in accordance with the requirements of 49 CFR Part. 40.
 - (e) Any employee who fails to comply with any of the above requirements shall be subject to termination.
- (4) No covered employee who refuses to submit to a post-accident alcohol or controlled substances test, a random alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substances test, or a follow-up alcohol or controlled substances test shall be permitted to perform or continue to perform any safety-sensitive functions. Any covered employee who refuses to submit to any of the required tests shall be subject to termination. Refusal to submit means that an employee (1) fails to provide adequate breath for testing without a valid medical explanation after he/she has received notice of the requirement for breath testing, (2) fails to provide adequate urine for controlled substances testing without a valid medical explanation after he/she has received notice of the requirement for urine testing, or (3) engages in conduct that clearly obstructs the testing process. Prior to termination or other disciplinary action, Orange County shall advise any such employee of the resources available to them in evaluating and resolving problems associated with the misuse of alcohol and use of

controlled substances including the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs.

- (5) Other penalties. Violation of the requirements of 49 CFR Part 382 by any covered employee or by Orange County shall subject the violator to the penalty provisions of 49 U.S.C. § 521 (b).

TESTS REQUIRED

- (1) Pre-employment. No employee shall be permitted to perform any safety-sensitive functions, unless and until the employee has been administered an alcohol test with a result indicating an alcohol concentration less than 0.04, and has received a controlled substance test result from the medical review officer indicating a verified negative test result.
- (2) Post-accident. As soon as is practicable after an accident, each surviving covered employee shall be tested for alcohol and controlled substances. No covered employee required to take a post-accident alcohol test shall use alcohol for 8 hours following the accident, or until he/she submits to an alcohol test, whichever occurs first. When an alcohol or controlled substance test has not been administered as required, the following actions shall be taken:
 - (a) If the employee has not submitted to an alcohol test within 2 hours following the accident, Orange County shall prepare and maintain on file a record stating the reason a test was not promptly administered.
 - (b) If the employee has not submitted to an alcohol test within 8 hours, attempts by Orange County to administer an alcohol test shall cease, and Orange County shall prepare and maintain the record described above.
 - (c) If the employee has submitted to a controlled substance test within 32 hours, Orange County shall cease attempts to administer the test and shall prepare and maintain the record as described above.

An employee who is subject to post-accident testing must remain available for testing or Orange County shall deem such unavailability to constitute refusal to submit to testing, which shall subject such employee to termination.

This policy does not require the delay of necessary medical treatment of any Orange County employee, including those subject to post-accident testing, provided at the scene of the accident or at any medical facility. Additionally, this policy does not prohibit a employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

- (3) Random testing.
 - (a) The minimum annual percentage rate for random alcohol testing shall be 25 percent of the average number of employees performing safety-sensitive functions.

- (b) The minimum annual percentage rate for random controlled substances testing shall be 50 percent of the average number of employees performing safety-sensitive functions.
- (c) The following rules shall apply regarding selection and notification of drivers for random testing:
 - (i) Selections shall be made by a scientifically valid method of random selection. Each employee shall have an equal chance of being tested each time a selection is made.
 - (ii) Tests shall be unannounced and spread reasonably throughout the year.
 - (iii) Employees may be selected from a single pool for drug and alcohol testing.
 - (iv) Each employee selected for random testing shall proceed immediately to the testing site upon notification of being selected.
- (4) Reasonable suspicion testing.
 - (a) Orange County shall require an employee to submit to an alcohol test when the employer has reasonable suspicion to believe that the employee has violated the prohibitions of this policy concerning alcohol, except the mere possession of alcohol.
 - (b) Orange County shall require an employee to submit to a controlled substances test when the employer has reasonable suspicion to believe that the employee has violated the prohibitions of this policy concerning controlled substances.
 - (c) Orange County's determination that reasonable suspicion exists to require an employee to undergo an alcohol and/or controlled substances test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech and/or body odors of the employee. The observations may include indications of the chronic and withdrawal effects of controlled substances.
 - (d) Observations for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor or official of Orange County trained in accordance with 49 CFR § 382.603. The person making the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the employee.
 - (e) Alcohol testing may be conducted only if the observations are made during, just preceding, or just after the period of the work day that the employee is required to be in compliance with this policy. An employee may be directed to undergo reasonable suspicion testing only (1) while the employee is performing safety-sensitive functions, (2) just before the

employee is to perform safety-sensitive functions, or (3) just after the employee has ceased performing such functions.

- (f) A written record shall be made of the observations leading to a controlled substance reasonable suspicion test, and signed by the supervisor or official who made the observations, within 24 hours of the observed behavior or before the results of the controlled substances test are released, whichever is earlier.
- (5) Return-to-duty testing. Before being allowed to return to duty requiring the performance of a safety-sensitive function after engaging in prohibited conduct regarding alcohol misuse or controlled substances use, an employee shall undergo a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 and/or a return-to-duty controlled substances test with a result indicating a verified negative result for controlled substances use.
- (6) Follow-up testing. Following a determination that an employee is in need of assistance in resolving substance abuse problems, that driver employee be subject to unannounced follow-up alcohol and/or controlled substances abuse testing as directed by a substance abuse professional. The minimum number of follow-up tests that shall be conducted during the first 12 months after returning to work is six. Follow-up testing may continue for up to 60 months.

DRUG AND ALCOHOL TESTING PROCEDURES

Drug and alcohol testing shall be conducted in accordance with the requirement of 49 CFR, Part 40, and Procedures for Transportation Workplace Drug and Alcohol Testing Programs. All testing shall be conducted at a designated collection site. A collection site person who has successfully completed training or who is a licensed medical professional and who is provided with detailed, clear instructions on the collection of specimens shall be responsible for maintaining the integrity of the specimen collection and transfer process. A direct supervisor of an employee shall not serve as the collection site person for a test of an employee unless it is impracticable for any other individual to perform that function. In any case where a collection is monitored by non-medical personnel or is directly observed, the collection site person shall be of the same gender as the donor. Proper chain of custody procedures shall be followed pursuant to 49 CFR Part 40.

The results of drug tests shall be reported to the Medical Review Officer (MRO) employed by or whose services are contracted for by Orange County. The MRO shall be a licensed physician who has knowledge of drug abuse disorders. The MRO shall review and interpret positive results obtained from the laboratory, assess those results, and determine whether alternative medical explanations could explain a positive result. The MRO shall notify each employee who has a confirmed positive test that the employee has 72 hours to request a test of the split specimen, and shall further comply with the provisions of 49 CFR Part 40.

To maintain the accuracy and integrity of test results and to protect the rights of the employee, strict testing and reporting procedures shall be followed in compliance with 49 CFR Part 40. Information regarding specific testing and reporting procedures shall be provided to employees subject to the federal regulations and this policy prior to the institution of drug and alcohol testing.

While you are not required to use this form, you may not ask the employee to provide more information than allowed under the FMLA regulations, 29 C.F.R. §§ 825.306-825.308. Employers must generally maintain records and documents relating to medical certifications, recertifications, or medical histories of employees created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files and in accordance with 29 C.F.R. § 1630.14(c)(1), if the Americans with Disabilities Act applies, and in accordance with 29 C.F.R. § 1635.9, if the Genetic Information Nondiscrimination Act applies.

SECTION III: For Completion by the HEALTH CARE PROVIDER

INSTRUCTIONS to the HEALTH CARE PROVIDER: Your patient has requested leave under the FMLA. Answer, fully and completely, all applicable parts. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA coverage. Limit your responses to the condition for which the employee is seeking leave. **POLICY ON HIV / AIDS AND RELATED CONDITIONS
IN THE WORKPLACE**

INTRODUCTION

Orange County Commissioners' court acknowledges its responsibility to promote an environment that is healthy and safe for Orange County Administrators and employees. One of the most critical communicable disease concerns affecting the nation's population is the epidemic of infection with Human Immunodeficiency Virus (HIV) which causes Acquired Immune Deficiency Syndrome (AIDS).

HIV infection is potentially fatal, but absolutely preventable. Since there is no medical vaccine against HIV infection, education is the only known prevention and when followed, preventive education can safeguard against infection. Although medical intervention is limited and the consequences of contacting and/or transmitting the disease (virus) are devastating, the disease is not transmitted through ordinary casual interpersonal contact. HIV is known to be transmitted by intimate sexual contact and by exposure to contaminated blood, blood products or needles. While male homosexuals and intravenous IV drug abusers are the primary group at risk for HIV infection, anyone having sex with an infected person is at risk.

In response to the need for communicable disease control and prevention, the Orange County Commissioners' Court will hereby adopt a policy to help all employees better understand how to deal with HIV/AIDS and related conditions in the workplace. Orange County Commissioners' Court further adopts by reference all materials developed by the Texas Department of Health pertaining to HIV/AIDS. The following guidelines will help ensure that Orange County is abreast of current legislative decisions and medical information related to AIDS.

NON-DISCRIMINATORY STATEMENT

As a result of fear, anxiety, and anger that many people feel in reaction to AIDS, some employees who are either known to be or suspected of being infected with HIV may be subjected to emotional and/or physical abuse. Section 504 of the Rehabilitation Act of 1973, as amended recognizes HIV/AIDS as a medical disability or handicap and prohibits HIV/AIDS discrimination by recipients of federal funding. Therefore, persons with HIV infection are entitled to the same rights and opportunities as persons with other disabilities. The consideration of the existence of AIDS will not be part of the decision making process in hiring individuals applying for employment.

Any Orange County employee who is diagnosed as having AIDS or conditions associated with HIV virus (AIDS virus) and is able to continue safe and effective work performance shall be entitled to remain in the same job classification and work location unless the employee's physician or the County's health officer makes a finding that this would significantly threaten the health of the public, the employee, or his/her co-workers. If such a finding is made, and according to Section 504 requirements and County policy, the County will grant requests for reasonable accommodations for employees with HIV/AIDS unless granting the request poses an undue hardship on the County.

Employees and applicants who identify themselves to a County official as being HIV positive should be encouraged to inform the County Health Officer in order to receive proper medical advice. The County will not undertake programs of mandatory testing or screening of employees for HIV, nor will there be routine requirements that employees be asked to respond to questions about the existence of AIDS, ARC or positive HIV antibody test.

However, the County will provide information about testing concerning HIV infection and counseling. The County workers' compensation insurance carrier will pay the cost of testing if:

The employee documents to the County's Satisfaction that the employee may have been exposed to HIV while performing duties with the County;
and

The employee was exposed to HIV in a manner that the United Public Health Services has determined is capable of transmitting HIV.

CONFIDENTIALITY OF AIDS RELATED INFORMATION

The Commissioners' Court of Orange County has the responsibility of obtaining information needed to protect the health of all employees of the County while respecting the confidential nature of an individual medical status. The Federal Privacy Act, Texas Commission on Human Rights Act and the Texas Communicable Disease Prevention and Control Act require confidential treatment of all medical information concerning a diagnosis of HIV/AIDS. Information about a person's health is private, therefore, every precaution must be taken to protect this information. The responsibility for dealing with each case lies with the Health Officer who will work with the individual to determine the appropriate course of action. The County is legally and ethically required to refrain from releasing any information pertaining to a person diagnosed as HIV positive.

In general, no specific or detailed information concerning complaints or diagnosis will be provided to department head or other employees without the express written consent of the patient in each case. This position with regard to health records is supported by the Federal Privacy Act of 1974. The County's Health Officer and the County Judge's Office shall serve as official spokespersons on issues regarding serious communicable diseases such as AIDS.

PREVAILING MEDICAL INFORMATION ON THE TRANSMISSION OF AIDS

The County ensures that development of HIV related policies is consistent with current information from public health authorities, such as the Center for Disease Control of the United States, the United States Public Health Services and with state and federal regulation. It is the County's position, based on current scientific information, that there is no risk of HIV/AIDS transmission in the normal work setting. Routine daily encounters with co-workers and clients pose no risk of transmitting the fragile, blood borne virus. The body fluids/tissues containing the virus in infected persons are blood, semen, and deep organs. These infectious secretions must come in contact with a person's mucous membranes or directly into the person's vascular (blood) system to be defined as a significant exposure.

PROVISION RELATED TO HANDLING INMATES

The Sheriff's Department will implement procedures for handling inmates with AIDS as proscribed by the United States Center for Disease Control, the American Medical Association, and state and federal regulation. Every reasonable precaution should be taken by jail employees when supervising inmates known or suspected of being infected with AIDS. All inquiries concerning inmates with AIDS and related conditions should be directed to the County Health Officer.

EDUCATIONAL RESPONSE TO AIDS

The County has a responsibility to ensure that every employee receive adequate AIDS education in order to minimize the spread of the infection, alleviate anxiety or fear and insure that informed decision making concerning HIV infection takes place. The County shall implement an AIDS Education Program that shall include the dissemination of information in regards to the nature of and transmission of HIV infection; its prevention, detection, counseling and referral. The County shall encourage all employees to attend any available educational seminars about AIDS and AIDS virus in order to limit the spread of AIDS and to offer employees current and accurate information about this important public health concern.

Realizing the sensitive nature of subject matter pertaining to HIV infection, the procedure for implementing this educational program shall be prescribed by the Commissioners' Court.

SUPPORT INFORMATION

Recognizing the devastating effect that HIV/AIDS and related condition might have upon an employee, the County will provide employees with information about health insurance and other benefits to employees with AIDS. The County will continue to negotiate health insurance contracts which include open enrollment with no evidence of insurability.

Information concerning Civil Rights complaints procedures are available to employees who believe they have been discriminated against on the basis of HIV/AIDS or a related condition. Form more information about HIV/AIDS, please contact your regional or state office wellness program staff. The Texas Bureau of Health Department can answer most of you questions. The telephone number is (512)458-7254.

This policy shall be reviewed periodically to ensure that it conforms to developing knowledge and regulations regarding HIV infection.

**Orange County Transportation
DRUG AND ALCOHOL TESTING POLICY**

As Revised April 2014

A. PURPOSE

Orange County Transportation is a department under the direction and control of **Orange County, Texas**, a political subdivision of the State of Texas. **Orange County Transportation** shall be hereafter referred to as The Agency, provides public transit and paratransit services for the residents of Orange County, Texas. Part of our mission is to ensure that this service is delivered safely, efficiently, and effectively by establishing a drug and alcohol-free work environment, and to ensure that the workplace remains free from the effects of drugs and alcohol in order to promote the health and safety of employees and the general public. In keeping with this mission, The Agency declares that the unlawful manufacture, distribution, dispense, possession, or use of controlled substances or misuse of alcohol is prohibited for all employees.

Additionally, the purpose of this policy is to establish guidelines to maintain a drug and alcohol-free workplace in compliance with the Drug-Free Workplace Act of 1988, and the Omnibus Transportation Employee Testing Act of 1991. This policy is intended to comply with all applicable Federal regulations governing workplace anti-drug and alcohol programs in the transit industry. Specifically, the Federal Transit Administration (FTA) of the U.S. Department of Transportation has published 49 CFR Part 655, as amended, that mandates urine drug testing and breath alcohol testing for safety-sensitive positions, and prohibits performance of safety-sensitive functions when there is a positive test result. The U. S. Department of Transportation (USDOT) has also published 49 CFR Part 40, as amended, that sets standards for the collection and testing of urine and breath specimens.

Any provisions set forth in this policy that are included under the sole authority of The Agency and are not provided under the authority of the above named Federal regulations are underlined.

B. APPLICABILITY

This Drug and Alcohol Testing Policy applies to all safety-sensitive employees (full or part-time) when performing any transit-related business and is a condition of employment with The Agency. A safety-sensitive function is any duty related to the safe operation of mass transit service including the operation of a revenue service vehicle, including when not in revenue service, maintenance of a revenue service vehicle or equipment used in revenue service, dispatchers or person controlling the movement of revenue service vehicles and operation of a non-revenue vehicle that requires a Commercial Drivers License (CDL). Maintenance functions include the repair, overhaul, and rebuild of engines, vehicles and/or equipment used in revenue service. A list of

safety-sensitive functions is provided in the definitions below. Supervisors are only safety sensitive if they perform one of the above functions.

C. DEFINITIONS

Accident - an occurrence associated with the operation of a revenue service vehicle even when not in revenue service in revenue service or which requires a Commercial Drivers License to operate, if as a result--

- (1) An individual dies;
- (2) An individual suffers a bodily injury and immediately receives medical treatment away from the scene of the accident; or,
- (3) One or more vehicles incur disabling damage as the result of the occurrence and must be transported away from the scene by a tow truck or other vehicle. For purposes of this definition, *disabling damage* means damage which precludes departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs. Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated, but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, mirrors or windshield wipers that makes them inoperative.

Adulterated specimen - A urine specimen containing a substance that is not a normal constituent or containing an endogenous substance at a concentration that is not a normal physiological concentration.

Alcohol - The intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols contained in any beverage, mixture, mouthwash, candy, food, preparation or medication.

Alcohol Concentration – The alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as measured by an evidential breath testing device.

Cancelled test - A drug or alcohol test that has a problem identified that cannot be or has not been corrected, or which this part otherwise requires to be cancelled. A cancelled test is neither a positive nor a negative test.

Confirmatory drug test - A second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the initial test and which uses a different technique and chemical principle from that of the initial test in order to ensure reliability and accuracy. (Gas chromatography/ mass spectrometry (GC/MS) is the only authorized confirmation method for cocaine, marijuana, opiates, amphetamines, and phencyclidine).

Confirmatory validity test - A second test performed on a different aliquot of the original urine specimen to further support a validity test result.

Confirmed drug test - A confirmation test result received by an MRO from a laboratory.

Covered Employee - Any employee who performs a safety-sensitive function. This includes an applicant or transferee who is being considered for hire into a safety-sensitive function.

Designated Employer Representative (DER) - An employee authorized by the employer to take immediate action(s) to remove employees from safety-sensitive duties and to make required decisions in testing. The DER also receives test results and other communications for the employer, consistent with the requirements of 49 CFR Parts 40 and 655.

Department of Transportation (DOT) - Department of the Federal government which includes the US Coast Guard, Federal Transit Administration, Federal Railroad Administration, Federal Highway Administration, Federal Motor Carriers' Safety Administration, Research and Special Programs, and the Office of the Secretary of Transportation.

Dilute Negative - A drug test result which is negative for the five drug/drug metabolites but has a specific gravity value lower than expected for human urine. MRO will require a recollection under direct observation if the creatinine level is greater than 2 mg/dl but less than 5 mg/dl. If a second test following a negative dilute also results in a negative dilute, the policy states that the test will be considered a negative and no additional testing will be required unless directed to do so by the MRO.

Dilute specimen - A urine specimen with creatinine and specific gravity values that are lower than expected for human urine. Individuals with creatinine levels greater than or equal to 2.0 mg/dL but less than 5.0 mg/dL are required to be retested under direct observation.

Disabling damage - means damage which precludes departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs. Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated, but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, mirrors or windshield wipers that makes them inoperative.

Evidentiary Breath Testing Device (EBT) - A Device approved by the NHTSA for the evidential testing of breath at the 0.02 and the 0.04 alcohol concentrations. Approved devices are listed on the NHSTA conforming products list

Initial drug test (also known as a Screening drug test) - An immunoassay test to eliminate “negative” urine specimens from further consideration and to identify the presumptively positive specimens that require confirmation or further testing.

Initial validity test - The first test used to determine if a urine specimen is adulterated, diluted, or substituted.

Invalid result - The result reported by a laboratory for a urine specimen that contains an unidentified adulterant, contains an unidentified interfering substance, has an abnormal physical characteristic, or has an endogenous substance at an abnormal concentration that prevents the laboratory from completing testing or obtaining a valid drug test result.

Laboratory - Any U.S. laboratory certified by HHS under the National Laboratory Certification Program as meeting the minimum standards of Subpart C of the HHS Mandatory Guidelines for Federal Workplace Drug Testing Programs; or, in the case of foreign laboratories, a laboratory approved for participation by DOT under this part.

Limit of Detection (LOD) - The lowest concentration at which an analyte can be reliably shown to be present under defined conditions.

Medical Review Officer (MRO) – A person who is a licensed physician (medical doctor or doctor of osteopathy) who is responsible for receiving and reviewing laboratory results generated by the drug testing program who has knowledge of substance abuse disorders, and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result, together with his/her medical history, and any other relevant bio-medical information.

Negative test result An alcohol concentration of less than 0.02 BAC is a negative test result.

Negative result The result reported by an HHS-certified laboratory to an MRO when a specimen contains no drug or the concentration of the drug is less than the cutoff concentration for the drug or drug class and the specimen is a valid specimen.

Non-negative test result is a test result found to be adulterated, substitute, invalid, or positive for drug/drug metabolites

Positive result The result reported by an HHS-certified laboratory when a specimen contains a drug or drug metabolite equal to or greater than the cutoff concentrations.

Positive test result A positive alcohol test result means a confirmed alcohol concentration of 0.04 BAC or greater.

Performing (a safety-sensitive function) means a covered employee is considered to be performing a safety-sensitive function and includes any period in which he or she is

actually performing, ready to perform, or immediately available to perform such functions.

Reconfirmed The result reported for a split specimen when the second laboratory is able to corroborate the original result reported for the primary specimen.

Rejected for testing - The result reported by an HHS-certified laboratory when no tests are performed for a specimen because of a fatal flaw or a correctable flaw that is not corrected.

Revenue Service Vehicles - all transit vehicles that are used for passenger transportation service or that require a CDL to operate. Include all ancillary vehicles used in support of the transit system.

Safety-sensitive functions - (a) the operation of a transit revenue service vehicle even when the vehicle is not in revenue service (e.g. bus drivers); (b) maintaining a revenue service vehicle or equipment used in revenue service (e.g. mechanic); (c) dispatching or controlling the movement of a revenue service vehicle (e.g. dispatcher); (d) the operation of a non-revenue service vehicle that requires the driver to hold a CDL and (e) carrying a firearm when required for security purposes (e.g. security personal).

Split specimen collection - A collection in which the urine collected is divided into two separate specimen bottles, the primary specimen (Bottle A) and the split specimen (Bottle B).

Substance Abuse Professional (SAP) - a licensed physician (medical doctor or doctor of osteopathy) or licensed or certified psychologist, social worker, employee assistance professional, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission or by the International Certification Reciprocity Consortium/Alcohol and other Drug Abuse) with knowledge of and clinical experience in the diagnosis and treatment of drug and alcohol related disorders.

Substituted specimen - a specimen with creatinine and specific gravity values that are so diminished that they are not consistent with normal human urine. The HHS has determined that specimens with creatinine levels of less than 2.0 mg/dL are substituted.

Test Refusal - The following are considered a refusal to test if the employee:

- Failure to appear at the collection site in a reasonable time as determined by the employer (Does not apply to pre-employment)
- Failure to remain at the testing site until the testing process is complete;
- Failure to provide specimen;
- Failure to allow monitoring or direct observation for drug testing;
- Failure to provide specimen with no medical explanation;

- Failure to take a second test if directed to do so;
- Failure to have medical evaluation if required by an MRO or employer;
- Failure to cooperate with any part of the testing process;
- Failure to follow observer's instructions during observed collection including instructions to raise clothing above waist, lower clothing and underpants, and to turn around to permit detection of any type of prosthetic or device;
- Possess or wears a prosthetic or other device interfering with the collection,
- Admit to adulterated or substituted specimen;
- MRO verification of a test as adulterated or substituted;
- Failure to sign Step 2 of the alcohol testing form;
- Failure to remain available for testing following an accident and
- As an employee, if you refuse to take a drug test, you incur the consequences specified under DOT agency regulations for a violation of those DOT agency regulations.

Verified negative test - a drug test result reviewed by a medical review officer and determined to have no evidence of prohibited drug use above the minimum cutoff levels established by the Department of Health and Human Services (DHHS).

Verified positive test - a drug test result reviewed by a medical review officer and determined to have evidence of prohibited drug use above the minimum cutoff levels specified in 49 CFR Part 40 as revised.

Validity testing - the evaluation of the specimen to determine if it is consistent with normal human urine. The purpose of validity testing is to determine whether certain adulterants or foreign substances were added to the urine, if the urine was diluted, or if the specimen was substituted.

D. EDUCATION AND TRAINING

Every covered employee will receive a copy of this policy and will have ready access to the corresponding federal regulations including 49 CFR Parts 655 and 40. In addition, all covered employees will undergo a minimum of 60 minutes of training on the signs and symptoms of drug use including the effects and consequences of drug use on personal health, safety, and the work environment. The training also includes manifestations and behavioral cues that may indicate prohibited drug use.

All supervisory personnel or company officials who are in a position to determine employee fitness for duty will receive 60 minutes of reasonable suspicion training on the physical, behavioral, and performance indicators of probable drug use and 60 minutes of additional reasonable suspicion training on the physical, behavioral, speech, and performance indicators of probable alcohol misuse.

Information on the signs, symptoms, health effects, and consequences of alcohol misuse is presented in Attachment B of this policy.

E. PROHIBITED SUBSTANCES

Prohibited substances addressed by this policy include the following.

(1) Illegally Used Controlled Substance or Drugs Under the Drug-Free Workplace Act of 1988 any drug or any substance identified in Schedule I through V of Section 202 of the Controlled Substance Act (21 U.S.C. 812), and as further defined by 21 CFR 1300.11 through 1300.15 is prohibited at all times in the workplace unless a legal prescription has been written for the substance. This includes, but is not limited to: marijuana, amphetamines, opiates, phencyclidine (PCP), and cocaine, as well as any drug not approved for medical use by the U.S. Drug Enforcement Administration or the U.S. Food and Drug Administration. Illegal use includes use of any illegal drug, misuse of legally prescribed drugs, and use of illegally obtained prescription drugs. Also, the medical use of marijuana, or the use of hemp related products, as which cause drug or drug metabolites to be present in the body above the minimum thresholds is a violation of this policy

Federal Transit Administration drug testing regulations (49 CFR Part 655) require that all covered employees be tested for marijuana, cocaine, amphetamines (Amphetamine, Methamphetamine, MDMA, MDA, MDEA), opiates (Codeine, Morphine, 6-AM herion), and phencyclidine as described in Section H of this policy. Illegal use of these five drugs is prohibited at all times and thus, covered employees may be tested for these drugs anytime that they are on duty. See Attachment C for minimum thresholds.

(2) Alcohol: The use of beverages containing alcohol (including any mouthwash, medication, food, candy) or any other substances such that alcohol is present in the body while performing safety-sensitive job functions is prohibited. An alcohol test can be performed on a covered employee under 49 CFR Part 655 just before, during, or just after the performance of safety-sensitive job functions.

F. PROHIBITED CONDUCT

(1) All covered employees are prohibited from reporting for duty or remaining on duty any time there is a quantifiable presence of a prohibited drug in the body above the minimum thresholds defined in 49 CFR PART 40, as amended.

(2) Each covered employee is prohibited from consuming alcohol while performing safety-sensitive job functions or while on-call to perform safety-sensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report for duty. The covered employee will subsequently be relieved of his/her on-call responsibilities.

(3) The Transit Department shall not permit any covered employee to perform or continue to perform safety-sensitive functions if it has actual knowledge that the employee is using alcohol.

(4) Each covered employee is prohibited from reporting to work or remaining on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.02 or greater regardless of when the alcohol was consumed.

(5) No covered employee shall consume alcohol for eight (8) hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.

(6) No covered employee shall consume alcohol within four (4) hours prior to the performance of safety-sensitive job functions.

(7) Consistent with the Drug-free Workplace Act of 1988, all agency employees are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of prohibited substances in the work place including Transit Department premises, transit vehicles, while in uniform or while on company business.

G. DRUG STATUE CONVICTION

Consistent with the Drug Free Workplace Act of 1998, all employees are required to notify The Agency's management of any criminal drug statute conviction for a violation occurring in the workplace within five days after such conviction. Failure to comply with this provision shall result in disciplinary action.

H. TESTING REQUIRMENTS

Analytical urine drug testing and breath testing for alcohol will be conducted as required by 49 CFR part 40, as amended. All covered employees shall be subject to testing prior to employment, for reasonable suspicion, following an accident, and random as defined in Section K, L, M, and N of this policy. All covered employees who have tested positive for drugs or alcohol on a random, reasonable suspicion or post-accident will be tested prior to returning to duty after completion of the Substance Abuse Professional's (SAP) recommended treatment program and subsequent release to duty. Employee will be referred to a SAP by an authorized supervisor. Follow-up testing will also be conducted following return-to-duty for a period of one to five years, with at least six tests performed during the first year. The duration and frequency of the follow-up testing above the minimum requirements will be at the discretion of the Substance Abuse Professional. Due to the serious nature of substance abuse, refusal to comply with the requirements of the substance abuse prevention policy or testing positive for prohibited drugs will result in termination. The Agency has a "ZERO TOLERANCE" policy for substance abuse. In the event that an employee is returned to safety-sensitive duties they will be subject to return-to-duty and follow-up testing and must have their collections observed per 49 CFR Part 655.

A drug test can be performed any time a covered employee is on duty. An alcohol test can be performed just before, during, or after the performance of a safety-sensitive job function.

All covered employees will be subject to urine drug testing and breath alcohol testing as a condition of ongoing employment with The Agency. Any safety-sensitive employee who refuses to comply with a request for testing shall be removed from duty and subject to discipline. Any covered employee who is suspected of providing false information in connection with a drug test, or who is suspected of falsifying test results through tampering, contamination, adulteration, or substitution will be required to undergo an observed collection. Verification of the above listed actions will be considered a test refusal and will result in the employee's removal from duty and disciplined.

I. DRUG TESTING PROCEDURES

Testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Service (DHHS). All testing will be conducted consistent with the procedures set forth in 49 CFR Part 40, as amended. The procedures will be performed in a private, confidential manner and every effort will be made to protect the employee, the integrity of the drug testing procedure, and the validity of the test result.

The drugs that will be tested for include marijuana, cocaine, opiates (Codeine, Morphine, 6-AM –heroin), amphetamines (Amphetamine, Methamphetamine, MDMA, MDA, MDEA), and phencyclidine. After the identity of the donor is checked using picture identification, a urine specimen will be collected using the split specimen collection method described in 49 CFR Part 40, as amended. Each specimen will be accompanied by a DOT Chain of Custody and Control Form and identified using a unique identification number that attributes the specimen to the correct individual. The specimen analysis will be conducted at a DHHS certified laboratory. An initial drug screen and validity test will be conducted on the primary urine specimen. For those specimens that are not negative, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts of the drug(s) and/or its metabolites identified by the GC/MS test are above the minimum thresholds established in 49 CFR Part 40, as amended.

Specimen validity testing will be conducted on all urine specimens provided for testing under DOT authority. Specimen validity testing is the evaluation of the specimen to determine if it is consistent with normal human urine. The purpose of validity testing is to determine whether certain adulterants for foreign substances were added to the urine, if the urine was diluted, or if the specimen was substituted as stated in 49 CFR Part 40, as amended.

The test results from the DHHS certified laboratory will be reported to a Medical Review Officer. A Medical Review Officer (MRO) is a licensed physician with detailed knowledge of substance abuse disorders and drug testing. The MRO will review the test results to ensure the scientific validity of the test and to determine whether there is a legitimate medical explanation for a confirmed positive, substitute, or adulterated test result. The MRO will attempt to contact the employee to notify the employee of the non-

negative laboratory result, and provide the employee with an opportunity to explain the confirmed laboratory test result. The MRO will subsequently review the employee's medical history/medical records as appropriate to determine whether there is a legitimate medical explanation for a non-negative laboratory result. If no legitimate medical explanation is found, the test will be verified positive or refusal to test and reported to The Agency and the Drug and Alcohol Program Manager (DAPM). If a legitimate explanation is found, the MRO will report the test result as negative to the DAPM and no further action will be taken. If the test is invalid with out a medical explanation, a retest will be conducted under direct observation.

Any covered employee who questions the results of a required drug test under paragraphs L through P of this policy may request that the split sample be tested; however employees do not have access to a test of their split specimen following an invalid result. The split sample test must be conducted at a second DHHS-certified laboratory with no affiliation with the laboratory that analyzed the primary specimen. The test must be conducted on the split sample that was provided by the employee at the same time as the primary sample. The method of collecting, storing, and testing the split sample will be consistent with the procedures set forth in 49 CFR Part 40, as amended. The employee's request for a split sample test must be made to the Medical Review Officer within 72 hours of notice of the original sample verified test result. Requests after 72 hours will only be accepted at the discretion of the MRO if the delay was due to documentable facts that were beyond the control of the employee. The Agency will ensure that the cost for the split specimen are covered in order for a timely analysis of the sample, however The Agency will seek reimbursement for the split sample test from the employee.

If the analysis of the split specimen fails to confirm the presence of the drug(s) detected in the primary specimen, if the split specimen is not able to be analyzed, or if the results of the split specimen are not scientifically adequate, the MRO will declare the original test to be canceled and will direct The Agency to retest the employee under direct observation.

The split specimen will be stored at the initial laboratory until the analysis of the primary specimen is completed. If the primary specimen is negative, the split will be discarded. If the primary is positive, the split will be retained for testing if so requested by the employee through the Medical Review Officer. If the primary specimen is positive, it will be retained in frozen storage for one year and the split specimen will also be retained for one year.

J. OBSERVED COLLECTIONS

Consistent with 49 CFR Part 40, as amended, observed collections must be performed with no advance notice to the employee. The direct observation must be conducted by a person of the same gender as the employee being tested. The reason for direct observation must be explained to the employee. The observer must directly watch the urine stream go from the employee's body to

the collection container. Failure to follow observer's instructions during observed collection including instructions to raise clothing above waist, lower clothing and underpants, and to turn around to permit detection of any type of prosthetic or device will result in a test refusal. Observed collections will occur if:

- (1) The employee has presented a urine sample that falls outside of the normal temperature range of 90 degree F or 100 degree F. The collector does not take the employee's body temperature, but immediately requires another collection under direct observation;
- (2) The collector observes conductor materials that clearly indicates an attempt to substitute or adulterate the sample (e.g., substitutes urine in plain view, blue dye in specimen presented);
- (3) The laboratory reported to the MRO that the specimen was invalid, and the MRO determined that there was not an adequate medical explanation for the results;
- (4) The MRO had to cancel a test when the primary specimen was verified as positive, adulterated, or substituted because the split specimen was unavailable for testing (i.e., the split specimen leaked, was lost, or inadvertently discarded);
- (5) The employee has previously been determined to have used a controlled substance without medical authorization and the particular test is being conducted under the FTA regulation as a return-to-duty or follow-up test.

K. ALCOHOL TESTING PROCEDURES

Tests for breath alcohol concentration will be conducted utilizing a National Highway Traffic Safety Administration (NHTSA)-approved Evidential Breath Testing device (EBT) operated by a trained Breath Alcohol Technician (BAT). Alcohol screening tests may be performed using a non-evidential testing device which is also approved by NHSTA. If the initial test indicates an alcohol concentration of 0.02 or greater, a second test will be performed to confirm the results of the initial test. The confirmatory test must occur on an EBT. The confirmatory test will be conducted at least fifteen minutes after the completion of the initial test. The confirmatory test will be performed using a NHTSA-approved EBT operated by a trained BAT. The EBT will identify each test by a unique sequential identification number. This number, time, and unit identifier will be provided on each EBT printout. The EBT printout, along with an approved alcohol testing form, will be used to document the test, the subsequent results, and to attribute the test to the correct employee. The test will be performed in a private, confidential manner as required by 49 CFR Part 40, as amended. The procedure will be followed as prescribed to protect the employee and to maintain the integrity of the alcohol testing procedures and validity of the test result.

An employee who has a confirmed alcohol concentration of 0.04 or greater will be considered a positive alcohol test and in violation of this policy. Even though an

employee who has a confirmed alcohol concentration of 0.02 to 0.039 is not considered positive, the employee shall still be removed from duty for at least eight hours or for the duration of the work day whichever is longer. An alcohol concentration of less than 0.02 will be considered a negative test.

The Agency affirms the need to protect individual dignity, privacy, and confidentiality throughout the testing process. If at any time the integrity of the testing procedures or the validity of the test results is compromised, the test will be canceled. Minor inconsistencies or procedural flaws that do not impact the test result will not result in a cancelled test.

L. PRE-EMPLOYMENT TESTING

All applicants for covered transit positions shall undergo urine drug testing prior to performance of a safety-sensitive function.

(1) All offers of employment for covered positions shall be extended conditional upon the applicant passing a drug test. An applicant shall not be hired into a covered position unless the applicant takes a drug test with verified negative results.

(2) A non-covered employee shall not be placed, transferred or promoted into a covered position until the employee takes a drug test with verified negative results.

(3) If an applicant fails a pre-employment drug or alcohol test, the conditional offer of employment shall be rescinded. Evidence of the absence of drug dependency from a Substance Abuse Professional that meets with 49 CFR Part 40 as amended and a negative pre-employment drug test will be required prior to further consideration for employment. The cost for the assessment and any subsequent treatment will be the sole responsibility of the applicant.

(4) When an employee being placed, transferred, or promoted from a non-covered position to a covered position submits a drug test with a verified positive result, the employee shall be subject to disciplinary action.

(5) If a pre-employment/pre-transfer test is canceled, The Agency will require the applicant to take and pass another pre-employment drug test.

(6) In instances where a covered employee is on extended leave for a period of 90 days or more and has not been in the random selection pool regardless of the reason, the employee will be required to take a drug test under 49 CFR Part 655 and have negative test results prior to the conduct of safety-sensitive job functions.

(7) An applicant with a dilute negative test result will be required to retest.

(8) Applicants are required to report previous DOT covered employer drug and alcohol test results—Failure to do so will result in the employment offer being rescinded.

M. REASONABLE SUSPICION TESTING

All of The Agency's covered employees will be subject to a reasonable suspicion drug and/or alcohol test when there are reasons to believe that drug or alcohol use is impacting job performance and safety. Reasonable suspicion shall mean that there is objective evidence, based upon specific, contemporaneous, articulable observations of the employee's appearance, behavior, speech or body odor that are consistent with possible drug use and/or alcohol misuse. Reasonable suspicion referrals must be made by one supervisor who is trained to detect the signs and symptoms of drug and alcohol use, and who reasonably concludes that an employee may be adversely affected or impaired in his/her work performance due to possible prohibited substance abuse or alcohol misuse. A reasonable suspicion alcohol test can only be conducted just before, during, or just after the performance of a safety-sensitive job function. A reasonable suspicion drug test can be performed any time the covered employee is on duty.

An employee who refuses an instruction to submit to a drug/alcohol test shall not be permitted to finish his or her shift and shall immediately be placed on administrative leave pending disciplinary action as specified in Section P of this policy.

A written record of the observations which led to a drug/alcohol test based on reasonable suspicion shall be prepared and signed by the supervisor making the observation prior to the release of the test results. This written record shall be submitted to The Agency's management and shall be attached to the forms reporting the test results.

When there are no specific, contemporaneous, articulable objective facts that indicate current drug or alcohol use, but the employee (who is not already a participant in a treatment program) admits the abuse of alcohol or other substances to a supervisor in his/her chain of command, the employee shall be referred to the SAP for an assessment. The Agency shall place the employee on administrative leave. Testing in this circumstance would be performed under the direct authority of The Agency. Since the employee self-referred to management, testing under this circumstance would not be considered a violation of this policy or a positive test result under Federal authority. However, self-referral does not exempt the covered employee from testing under Federal authority as specified in Sections L through N of this policy.

N. POST-ACCIDENT TESTING

All covered employees will be required to undergo urine and breath testing if they are involved in an accident with a transit revenue service vehicle, regardless of whether or not the vehicle is in revenue service, that results in a fatality. This includes all surviving covered employees that are operating the vehicle at the time of the accident and any other whose performance cannot be completely discounted as a contributing factor to the accident. Post-accident testing will also be conducted if an accident results in

injuries requiring immediate transportation to a medical treatment facility; or one or more vehicles incurs disabling damage, unless the operator's performance can be completely discounted as a contributing factor to the accident.

(1) As soon as practicable following an accident, as defined in this policy, the transit supervisor investigating the accident will notify the transit employee operating the transit vehicle and all other covered employees whose performance could have contributed to the accident of the need for the test. The supervisor will make the determination using the best information available at the time of the decision.

(2) The appropriate transit supervisor shall ensure that an employee, required to be tested under this section, is tested as soon as practicable, but no longer than eight (8) hours of the accident for alcohol, and within 32 hours for drugs. If an alcohol test is not performed within two hours of the accident, the Supervisor will document the reason(s) for the delay. If the alcohol test is not conducted within (8) eight hours, or the drug test within 32 hours, attempts to conduct the test must cease and the reasons for the failure to test documented.

(3) Any covered employee involved in an accident must refrain from alcohol use for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test.

(4) An employee who is subject to post-accident testing who fails to remain readily available for such testing, including notifying a supervisor of his or her location if he or she leaves the scene of the accident prior to submission to such test, may be deemed to have refused to submit to testing.

(5) Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident, or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

(6) In the rare event that The Agency is unable to perform an FTA drug and alcohol test (i.e., employee is unconscious, employee is detained by law enforcement agency), The Agency may use drug and alcohol post-accident test results administered by local law enforcement officials in lieu of the FTA test. The local law enforcement officials must have independent authority for the test and the employer must obtain the results in conformance with local law.

O. RANDOM TESTING

All covered employees will be subjected to random, unannounced testing. Testing will be conducted during all hours and days when safety-sensitive duties are performed. The selection of employees shall be made by a scientifically valid method of randomly generating an employee identifier from the appropriate pool of safety-sensitive employees.

(1) The dates for administering unannounced testing of randomly selected employees shall be spread reasonably throughout the calendar year.

(2) The number of employees randomly selected for drug/alcohol testing during the calendar year shall be not less than the percentage rates established by Federal regulations for those safety-sensitive employees subject to random testing by Federal regulations. The current random testing rate for drugs established by FTA equals fifty percent of the number of covered employees in the pool and the random testing rate for alcohol established by FTA equals ten percent of the number of covered employees in the pool.

(3) Each covered employee shall be in a pool from which the random selection is made. Each covered employee in the pool shall have an equal chance of selection each time the selections are made. Employees will remain in the pool and subject to selection, whether or not the employee has been previously tested. There is no discretion on the part of management in the selection and notification of the individuals who are to be tested.

(4) Covered transit employees that fall under the Federal Transit Administration regulations will be included in one random pool maintained separately from the testing pool of employees that are included solely under The Agency's authority.

(5) Random tests can be conducted at any time during an employee's shift for drug testing. Alcohol random tests can be performed just before, during, or just after the performance of a safety sensitive duty. However, under The Agency's authority, a random alcohol test may be performed any time the covered employee is on duty. Testing can occur during the beginning, middle, or end of an employee's shift.

(6) Employees are required to proceed immediately to the collection site upon notification of their random selection. Reasonable times are determined by the notifying supervisor, failure to meet this time is considered refusal to test.

P. RETURN TO DUTY TESTING

All covered employees who previously tested positive on a drug or alcohol test or refused a test, must test negative for drugs, alcohol (below 0.02 for alcohol) or both and be evaluated and released by the Substance Abuse Professional before returning to work. For an initial positive drug test a Return-to-Duty drug test is required and an alcohol test is allowed. There is a ZERO TOLERANCE policy for return to duty and nothing in this section shall serve to amend, alter or waive any provision of that policy. For an initial positive alcohol, a Return-to-Duty alcohol test is required and a drug test is allowed. All employees that go for a return to duty and follow-up test must have the collections observed. Following the initial assessment, the SAP will recommend a course of rehabilitation unique to the individual. The SAP will recommend the return to duty test only when the employee has successfully completed the treatment requirement and is known to be drug and alcohol free and there are no known concerns

for public safety. Although The Agency operates under ZERO TOLERANCE, we have included this section for documenting purposes.

Q. FOLLOW-UP TESTING

Covered employees will be required to undergo frequent, unannounced drug and alcohol testing following their return to duty. The follow up testing will be performed for a period of one to five years with a minimum of six tests to be performed in the first year. The frequency and duration of the follow up tests (beyond the minimum) will be determined by the SAP reflecting the SAP's assessment of the employee's unique situation and recovery progress. Follow up testing should be frequent enough to deter and/or detect a relapse. Follow up testing is separate and in addition to the random, post-accident, reasonable suspicion and return-to-duty testing.

R. RESULT OF DRUG/ALCOHOL TEST

Any covered employee that has a verified positive drug or alcohol test will be removed from his/her safety-sensitive position, informed of educational and rehabilitation programs available and referred to a Substance Abuse Professional (SAP) for assessment. The Agency has a zero tolerance policy for drugs.

A positive drug and/or alcohol test will also result in disciplinary action as specified herein.

(1) As soon as practicable after receiving notice of a verified positive drug test result, a confirmed alcohol test result, or a test refusal, The Agency's DAPM will contact the employee's supervisor to have the employee cease performing any safety-sensitive function.

(2) The employee shall be referred to a Substance Abuse Professional for an assessment. The SAP will evaluate each employee to determine what assistance, if any, the employee needs in resolving problems associated with prohibited drug use or alcohol misuse.

(3) Refusal to submit to a drug/alcohol test shall be considered a positive test result and a direct act of insubordination and shall result in termination. A list of behaviors that constitute a test refusal are identified in the definitions section of this policy.

An alcohol test result of ≥ 0.02 to ≤ 0.039 BAC shall result in the removal of the employee from duty for at least eight hours or until the confirmed alcohol concentration is less than 0.02.

S. GRIEVANCE AND APPEAL

The consequences specified by 49 CFR Part 655 for positive tests or test refusals is not subject to arbitration.

T. PROPER APPLICATION OF THE POLICY

The Agency is dedicated to assuring fair and equitable application of this substance abuse policy. Therefore, supervisors/managers are required to use and apply all aspects of this policy in an unbiased and impartial manner. Any supervisor/manager who knowingly disregards the requirements of this policy, or who is found to deliberately misuse the policy in regard to subordinates, shall be subject to disciplinary action, up to and including termination.

U. INFORMATION DISCLOSURE

Drug/alcohol testing records shall be maintained by The Agency's DAPM and, except as provided below or by law, the results of any drug/alcohol test shall not be disclosed without express written consent of the tested employee.

(1) The employee, upon written request, is entitled to obtain copies of any records pertaining to their use of prohibited drugs or misuse of alcohol including any drug or alcohol testing records. Covered employees have the right to gain access to any pertinent records such as equipment calibration records, and records of laboratory certifications. Employees may not have access to SAP referrals and follow-up testing plans.

(2) Records of a verified positive drug/alcohol test result shall be released to the Drug and Alcohol Program Manager, Department Supervisor and Personnel Manager on a need to know basis.

(3) Records will be released to a subsequent employer only upon receipt of a written request from the employee.

(4) Records of an employee's drug/alcohol tests shall be released to the adjudicator in a grievance, lawsuit, or other proceeding initiated by or on behalf of the tested individual arising from the results of the drug/alcohol test. The records will be released to the decision maker in the preceding. The information will only be released with binding stipulation from the decision maker will make it available only to parties in the preceding.

(5) Records will be released to the National Transportation Safety Board during an accident investigation.

(6) Records will be released to the DOT or any DOT agency with regulatory authority over the employer or any of its employees.

(7) Records will be released if requested by a Federal, state or local safety agency with regulatory authority over The Agency or the employee.

(8) If a party seeks a court order to release a specimen or part of a specimen contrary to any provision of Part 40 necessary legal steps to contest the issuance of the order will be taken

(9) In cases of a contractor or sub-recipient of a state department of transportation, records will be released when requested by such agencies that must certify compliance with the regulation to the FTA.

Attachment A
Safety Sensitive Employees

Covered employee means a person, including an applicant or transferee, who performs or will perform a safety-sensitive function

Job Classification/Title

Transportation Manager
Transit Driver
Dispatcher/Scheduler
Maintenance/Mechanic

Attachment B Alcohol Fact Sheet

Alcohol is a socially acceptable drug that has been consumed throughout the world for centuries. It is considered a recreational beverage when consumed in moderation for enjoyment and relaxation during social gatherings. However, when consumed primarily for its physical and mood-altering effects, it is a substance of abuse. As a depressant, it slows down physical responses and progressively impairs mental functions.

Signs and Symptoms of Use

- . Dulled mental processes
- . Lack of coordination
- . Odor of alcohol on breath
- . Possible constricted pupils
- . Sleepy or stuporous condition
- . Slowed reaction rate
- . Slurred speech

(Note: Except for the odor, these are general signs and symptoms of any depressant substance.)

Health Effects

The chronic consumption of alcohol (average of three servings per day of beer [12 ounces], whiskey [1 ounce], or wine [6 ounce glass]) over time may result in the following health hazards:

- . Decreased sexual functioning
- . Dependency (up to 10 percent of all people who drink alcohol become physically and/or mentally dependent on alcohol and can be termed "alcoholic")
- . Fatal liver diseases
- . Increased cancers of the mouth, tongue, pharynx, esophagus, rectum, breast, and malignant melanoma
- . Kidney disease
- . Pancreatitis
- . Spontaneous abortion and neonatal mortality
- . Ulcers
- . Birth defects (up to 54 percent of all birth defects are alcohol related).

Social Issues

- . Two-thirds of all homicides are committed by people who drink prior to the crime.
- . Two to three percent of the driving population is legally drunk at any one time. This rate is doubled at night and on weekends.
- . Two-thirds of all Americans will be involved in an alcohol-related vehicle accident

during their lifetimes.

. The rate of separation and divorce in families with alcohol dependency problems is 7 times the average.

. Forty percent of family court cases are alcohol problem related.

. Alcoholics are 15 times more likely to commit suicide than are other segments of the population.

. More than 60 percent of burns, 40 percent of falls, 69 percent of boating accidents, and 76 percent of private aircraft accidents are alcohol related.

Workplace Issues

. It takes one hour for the average person (150 pounds) to process one serving of an alcoholic beverage from the body.

. Impairment in coordination and judgement can be objectively measured with as little as two drinks in the body.

. A person who is legally intoxicated is 6 times more likely to have an accident than a sober person.
